Our Sacred Honor:

Our Sacred Honor William J. Bennett, 2010-07-13 Millions of American families have turned to *The Book of Virtues* and *The Moral Compass* by William J. Bennett for moral guidance in troubled times. *Our Sacred Honor* offers inspiration and instruction as well. This time of a particularly American sort. We live in a time when the practice of representative government in the United States of America is under siege from both the left and the right. Scandals abound. We are first shocked then wearied to learn that our national leaders have feet of clay. We live in a time in short which demands that we return to our origins to discover the common principles that make us essentially American. *Our Sacred Honor* reveals those common principles. They are articulated by the flawed but deeply admirable men and women who first wrote what it is to be American. The pledge made by the Founders to one another that hot July day in 1776, the pledge of our lives, our fortunes, and our sacred honor has been redeemed many times in the centuries since, but the nation they founded has never failed to profit from their example. It is time to profit from their advice. In *Our Sacred Honor*, William J. Bennett has collected the best that has been thought and said by and about the men and women who founded America. And what a group they are: George Washington, Thomas Jefferson, James Madison, Benjamin Franklin, Alexander Hamilton, John and Abigail Adams, and so many more that otherwise first-rate intellects such as John Dickinson, Benjamin Rush, and George Mason are relegated to the status of footnotes in the popular imagination. Not since Periclean Athens has such a small nation been led by so many larger than life figures. The only characteristic they shared more widely than revolutionary ardor was their talent and inclination for advice. The stories, songs, letters, and speeches collected in *Our Sacred Honor* are an inspiring celebration of American exceptionalism produced by a collection of exceptional Americans. It is the best book of advice in more than two hundred years.

Our Sacred Honor Dr. William J. Bennett, 2001-01-01 This cherished collection of the words of America's founding fathers features selections from essays and correspondence written by such notable figures as George Washington, Thomas Jefferson, Benjamin Franklin, and John Adams. Here are the words of our founders on piety, patriotism, honesty, justice, and other moral underpinnings of the good and honorable life.

Our Sacred Honor William John Bennett, 1997 It is time to profit from their advice.

Prelude to Glory, Vol. 1 Ron Carter, 2018-06-29 *Our Sacred Honor* Robert T. Cossaboom, 2000-03 Reveals the common principles that make us essentially American. They are articulated by the admirable men and women who first wrote what it is to be American. Bennett has collected the best that has been thought said by about the men and women who founded America: George Washington, Thomas Jefferson, James Madison, Benjamin Franklin, Alexander Hamilton, John Abigail Adams, so many more. Not since Periclean Athens has such a small nation been led by so many larger than life figures. They give advice on virtually every aspect of good government, good relations between individuals, nations, what it means to live a good life.

Our Lives, Our Fortunes and Our Sacred Honor Richard R. Beeman, 2013-05-07 In 1768 Philadelphia physician Benjamin Rush stood before the empty throne of King George III, overcome with emotion as he gazed

at the symbol of America's connection with England Eight years later he became one of the fifty six men to sign the Declaration of Independence severing America forever from its mother country Rush was not alone in his radical decision many of those casting their votes in favor of independence did so with a combination of fear reluctance and even sadness In *Our Lives Our Fortunes and Our Sacred Honor* acclaimed historian Richard R Beeman examines the grueling twenty two month period between the meeting of the Continental Congress on September 5 1774 and the audacious decision for independence in July of 1776 As late as 1774 American independence was hardly inevitable indeed most Americans found it neither desirable nor likely When delegates from the thirteen colonies gathered in September they were in the words of John Adams a gathering of strangers Yet over the next two years military political and diplomatic events catalyzed a change of unprecedented magnitude the colonists rejection of their British identities in favor of American ones In arresting detail Beeman brings to life a cast of characters including the relentless and passionate John Adams Adams much misunderstood foil John Dickinson the fiery political activist Samuel Adams and the relative political neophyte Thomas Jefferson and with profound insight reveals their path from subjects of England to citizens of a new nation A vibrant narrative *Our Lives Our Fortunes and Our Sacred Honor* tells the remarkable story of how the delegates to the Continental Congress through courage and compromise came to dedicate themselves to the forging of American independence

Our Lives, Our Fortunes, Our Sacred Honor Tom Haran, 2010-05-17 Mike O Gara is 15 years old when he is sentenced to be transported to America aboard a ship carrying other prisoners and bond slaves When the ship is badly damaged and left sinking by a horrendous storm 9 men and Mike head for the Azores in a skiff with little water and food A few days later a fish is caught and shared while the bloody oily guts are rubbed on 5 of the sun burnt men who later bathe in the water near the skiff Sharks are attracted and the bathers are eaten After 19 days in the skiff the 5 survivors are picked up by a British a merchant ship headed for America At Fredricksburgh Virginia Mike stands on the auction block and is sold as an indentured servant committed to 4 years labor at Newhart Plantation as a stable man When the Master of the plantation sees that his daughter is attracted to Mike he enlists him in the Virginia militia under the command of Lieutenant Colonel George Washington who has been ordered to drive the French out of the fort they have established at the Forks of the Ohio Pittsburgh This ignites what becomes The French and Indian War Although Mike is badly wounded he recovers completely goes through many dangerous adventures and becomes Captain of General Washington's bodyguard in the Revolutionary War when the Continental Army forces the British Army to board ships in Boston Harbor and leave America
