Personality And Power Studies In Political Achievement:

Personality and Power Graham Tayar, British Broadcasting Corporation, 1971 *The Psychology of Politicians* Ashley Weinberg, 2011-12-15 The Psychology of Politicians explores a topic which fuels public and media debate yet is under researched and has potentially far reaching consequences for the success of our political systems Focusing on research with democratically elected representatives from the UK Poland and Italy and on the political behaviour of a former US President and voters perceptions in the emerging democracy of Ukraine this book is packed with psychological insights Using quantitative and qualitative methodologies the contributors chart the progress of the individual politician from selection as a candidate to becoming established in Parliament examining their qualities as communicators thinkers and leaders The impact of work and non work pressures on their mental well being and capacity to handle a crisis are probed and the roles of personality traits in politicians values and in public perceptions of our elected representatives are highlighted

of contemporary leadership activity and the different ways that we come to terms with the theme of political leadership in an increasingly complex world **International Review of Industrial and Organizational Psychology 2008** Gerard P.

Hodgkinson,J. Kevin Ford,2008-04-15 Now in its 23rd year the International Review of Industrial and Organizational Psychology has attracted contributions from leading researchers and produced many citation classics Each volume is a state of the art overview of topics spanning the full spectrum of I O psychology and 2008 is no exception Areas covered include leadership development the psychology of careers employee recruitment health promotion in the workplace and politics at work Each chapter is supported by a valuable bibliography For advanced students academics researchers and professionals this remains the most current and authoritative guide to new developments and established knowledge in the field

National Union Catalog ,1972 Includes entries for maps and atlases **Political Leadership** Matthew Laing,2020-11-27 Drawing upon a diverse range of traditions and contexts this authoritative new textbook presents a systematic introduction to political leadership Making extensive use of examples of real leaders from a variety of cultural backgrounds the book links theoretical ideas and concepts to real world political leadership and in doing so helps students to make sense of why different leaders lead as they do and why people choose to follow them This is ideal reading for students taking courses on political leadership and related topics **Library of Congress Catalogs** Library of Congress,1976
