Grymes, Veronika Kusz, 2024-12-05 *The Last Romantic in His Own Words* presents the selected writings and interviews of Hungarian pianist conductor and composer Ernst von Dohnányi These texts shed new light on Dohnányi's singular aesthetics as well as on his career as a charismatic and at times controversial public figure who was one of the most influential musicians of the twentieth century particularly in Hungary The book facilitates a much needed reevaluation of a public figure and private individual caught up in the web of twentieth century politics resulting in a picture that is more complete than ever of one of the most elusive musicians of the twentieth century **The Origins and Ascendancy of the Concert Mass** Stephanie Locke, 2020-12-30

The mass is an extraordinary musical form Whereas other Western art music genres from medieval times have fallen out of favour the mass has not merely survived but flourished A variety of historical forces within religious secular and musical arenas saw the mass expand well beyond its origins as a cycle of medieval chants become concertised and ultimately bifurcate Even as Western societies moved away from their Christian origins to become the religiously plural and politically secular societies of today and the Church itself moved in favour of congregational singing composers continued to compose masses By the early twentieth century two forms of mass existed the liturgical mass composed for church services and the concert mass composed for secular venues Spanning two millennia The Origins and Ascendancy of the Concert Mass outlines the origins and meanings of the liturgical texts defines the concert mass explains how and why the split occurred and provides examples that demonstrate composers gradual appropriation of the genre as a vehicle for personal expression on serious issues By the end of the twentieth century the concert mass had become a repository for an eclectic range of theological and political ideas

Bela Bartók David Cooper, 2015-01-01

The definitive account of the life and music of Hungary's greatest twentieth century composer. This deeply researched biography of Béla Bartók (1881-1945) provides a more comprehensive view of the innovative Hungarian musician than ever before. David Cooper traces Bartók's international career as an ardent ethnomusicologist and composer, teacher and pianist, while also providing a detailed discussion of most of his works. Further, the author explores how Europe's political and cultural tumult affected Bartók's work, travel and reluctant emigration to the safety of America in his final years. Cooper illuminates Bartók's personal life and relationships while also expanding what is known about the influence of other musicians: Richard Strauss, Zoltán Kodály and Yehudi Menuhin, among many others. The author also looks closely at some of the composer's actions and behaviors which may have been manifestations of Asperger syndrome. The book, in short, is a consummate biography of an internationally admired musician.
