Convergence, Cohesion and Integration in the European Union R. Leonardi, 1995-01-09 Convergence Cohesion and Integration in the European Union tackles the fundamental theoretical and empirical issues underlying the process of European integration Two basic arguments underlie the book The first is that economic convergence in postwar Europe has reduced the disparities between regions and that this has been an important accelerator of the drive for integration The second is that in contrast to the situation before 1985 when nation states dominated the move to integration grass roots pressure has been the dominant force since the Single European Act and the preparation for the single market *Modern*

Italy Denis Mack Smith, 1997 A new edition of the classic historical text on Italy **The Political Economy of Trust** Henry Farrell, 2009-08-24 Trust and cooperation are at the heart of the two most important approaches to comparative politics rational choice and political culture Yet we know little about trust s relationship to political institutions This book sets out a rationalist theory of how institutions and in particular informal institutions can affect trust without reducing it to fully determine expectations It then shows how this theory can be applied to comparative political economy and in particular to explaining inter firm cooperation in industrial districts geographical areas of intense small firm collaboration The book compares trust and cooperation in two prominent districts in the literature one in Emilia Romagna Italy and the other in Baden W rttemberg Germany It also sets out and applies a theory of how national informal institutions may change as a result of changes in global markets and shows how similar mechanisms may explain persistent distrust too among Sicilian Mafiosi

The Institutions of Local Development Fabio Sforzi, Ash Amin, 2018-05-08 This title was first published in 2003 Development is a complex and heterogeneous phenomenon driven by the expansion of one or more sectors and their influence on the others It is the outcome of local interdependencies among firms households and institutions which give rise to specific territorial patterns of local systems Policies of development cannot therefore restrict themselves to undifferentiated intervention from the centre to the periphery but must be able to stimulate and sustain endogenous bottom

up growth by means of specific programmes Thus individuals and organizations public or private interact take decisions and devise strategies in a context that is simultaneously co operative and competitive The first in a series this volume brings together a team of leading international social scientists from the IGU study group on local development Illustrated by a wide range of global case studies it analyses what knowledge is required for industrial production and how best to organize this knowledge embedded as it is in physical human and social capital It focuses on the formation of social capital and the various forms into which this may evolve in particular the sets of institutions which regulate relationships within and among firms

Democracy in Southern Europe Isabelle Calleja Ragonesi,2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions

Government and Politics of Italy Robert Leonardi,2017-09-12 The political history of Italy has been an undeniably turbulent one The country s political system has been repeatedly threatened by the historical existence of extremist parties on the left and right an economy which struggles to adapt the cleavage between a developed north and an underdeveloped south the challenge posed by terrorist groups and organized crime high public debt and governments that last on average only ten months Paradoxically however Italy continues to muddle through from one political crisis to another with one of the world s highest standards of living and quality of life What is the secret of Italian politics

The Regions and the New Europe Martin Rhodes,1995 The contributors argue that some regions such as Emilia Romagna Baden Wurttemberg and Rhone Alpes have been highly successful in launching regional development strategies Others such as the English and certain southern European regions lack the economic resources and institutional structures to follow these examples The book analyses the reasons for success and failure and considers the strategic development options open to the less developed European regions

Politics in Europe M. Donald Hancock,Christopher J. Carman,Marjorie Castle,David P. Conradt,Raffaella Y. Nanetti,Robert Leonardi,William Safran,Stephen White,Michelle Hale Williams,Mary N. Hampton,2018-05-29 Politics in Europe Seventh Edition introduces students to the power of the European Union as well as seven political systems the UK France Germany Italy Sweden Russia Poland within a common analytical framework that

enables students to conduct both single case and cross national analysis Each case addresses the most relevant questions of comparative political analysis who governs on behalf of what values with the collaboration of what groups in the face of what kind of opposition and with what socioeconomic and political consequences Packed with captivating photos and robust country descriptions from regional specialists the Seventh Edition enables students to think critically about these questions and make meaningful cross national comparisons

Tight Knit Elizabeth L. Krause, 2018-08-17 The coveted Made in Italy label calls to mind visions of nimble fingered Italian tailors lovingly sewing elegant high end clothing The phrase evokes a sense of authenticity heritage and rustic charm Yet as Elizabeth L Krause uncovers in *Tight Knit* Chinese migrants are the ones sewing Made in Italy labels into low cost items for a thriving fast fashion industry all the while adding new patterns to the social fabric of Italy's iconic industry Krause offers a revelatory look into how families involved in the fashion industry are coping with globalization based on longterm research in Prato the historic hub of textile production in the heart of metropolitan Tuscany She brings to the fore the tensions over value money beauty family care and belonging that are reaching a boiling point as the country struggles to deal with the same migration pressures that are triggering backlash all over Europe and North America *Tight Knit* tells a fascinating story about the heterogeneity of contemporary capitalism that will interest social scientists immigration experts and anyone curious about how globalization is changing the most basic of human conditions making a living and making a life

The Technological Evolution of Industrial Districts Fiorenza Belussi, Giorgio Gottardi, Enzo Rullani, 2012-12-06 Fiorenza Belussi Giorgio Gottardi and Enzo Rullani This volume collects some papers presented at the Vicenza conference The Future of Districts held in June 1999 organised by the Department of Technology and Management of Industrial Systems of the Faculty of Engineering of Padua University with the collaboration of several engineers industrial economists and experts in the issue of technology management This was the starting point of a long lasting and painful collective discussion the results of which are documented here during many meetings of this itinerant group including the workshop in Padua organised by Professor Luciano Pilotti and held in May 2001 Systems governance knowledge within firm networks at the Department of Economics of the University of Padua and the recent international research seminar held in May 2002 in Rome at the Tagliacarne Institute within the EU sponsored project Industrial districts re location processes identifying policies of EU enlargement West East ID The reason we decided to organise this book was not only to underline the importance of the industrial district ID model as a tool of propulsive local growth in a country like Italy On the contrary the idea that moved us was the theoretical dissatisfaction with the way in which the phenomenon of local development and industrial clustering of specific industries was treated in the international approach of the various disciplines

The Coherence of EU Regional Policy John Bachtler, Ivan Turok, 2013-12-16 This book brings together a rich selection of up to date practical experience of EU regional policy from across Europe It provides different perspectives on the design and operation of regional development strategies under the Structural Funds from

people closely involved in studying managing or advising on the process at EU national and regional levels It therefore offers a more comprehensive and detailed understanding of the structural policies than has been available hitherto This will prove particularly useful to researchers practitioners and students interested in European regional policies and processes

The Connected City Zachary P. Neal, 2012-08-06 The Connected City explores how thinking about networks helps make sense of modern cities what they are how they work and where they are headed Cities and urban life can be examined as networks and these urban networks can be examined at many different levels The book focuses on three levels of urban networks micro meso and macro These levels build upon one another and require distinctive analytical approaches that make it possible to consider different types of questions At one extreme micro urban networks focus on the networks that exist within cities like the social relationships among neighbors that generate a sense of community and belonging At the opposite extreme macro urban networks focus on networks between cities like the web of nonstop airline flights that make face to face business meetings possible This book contains three major sections organized by the level of analysis and scale of network Throughout these sections when a new methodological concept is introduced a separate method note provides a brief and accessible introduction to the practical issues of using networks in research What makes this book unique is that it synthesizes the insights and tools of the multiple scales of urban networks and integrates the theory and method of network analysis
