Regulating Prospective Payment:

Regulating Prospective Payment Mindy Widman, Donald Light, 1988 **Rising Hospital Costs Can be Restrained by Regulating Payments and Improving Management** United States. General Accounting Office, 1980 *Handbook on Human Service Administration* Jack Rabin, 1988-05-27 Introducing theories and concepts essential for human services administration this book covers organization theory and management budgeting and financial management personnel administration and labor relations laws and regulations innovation and change and data administration and information systems The author explores bioethics and managing Babies Doe legal right to refuse treatment nursing home payments and more He applies important general concepts to specific concerns such as organizational structure and service delivery arrangements internal financial planning innovations in drug services delivery and implementing medical information systems Health Care Regulation in America Robert I. Field, 2007 Regulation shapes all aspects of America's fragmented health care industry While the health and lives of patients as well as almost one sixth of the national economy depend on its effectiveness health care regulation in America is bewilderingly complex Health Care Regulation in America is a guide to this regulatory maze **Stimulating smarter regulation 2002 report to Congress on the costs and benefits of regulations and unfunded mandates on state, local, and tribal entities.** , **Mastering Healthcare Regulation: A Comprehensive Case Study Approach** Jessica Holmes, Robin J. Lunge, Betty Rambur, 2024-04-30 Trying to make sense of the regulatory landscape in healthcare can be difficult The many federal and state entities and their rules may work together yet they sometimes contradict one another Mastering Healthcare Regulation will help readers understand and ultimately navigate the numerous layers of regulatory oversight within the healthcare system This book clarifies laws and regulations with straightforward explanations and case studies that place readers in the shoes of regulatory decision makers The first section presents an overview of healthcare regulation including market dynamics and the interactions between the various regulatory organizations Each section that follows focuses on a broad subject that regulations seek to address cost containment consumer protection payment and delivery system reform and patient access health and safety Background is provided on each issue and real world scenarios are used to illustrate regulatory approaches and their economic legal and clinical ramifications The book will teach readers how to decipher the regulatory landscape's complexities and how to influence regulations rather than simply being impacted by them Health Care Financing Review , 1985 Regulatory Program of the United States Government United States. Office of Management and Budget, 1988 **Regulation of Health: Case Studies of Sweden and Switzerland** Peter Zweifel, Carl Hampus Lyttkens, Lars Söderström, 2012-12-06 Health care arguably is the single most regulated industry in industrial countries and possibly in newly industrialized and developing countries as well But what exactly is being regulated what are the instruments used and what are the effects and side effects of such regulation Regulation of Health Case Studies of Sweden and Switzerland seeks to resolve problems in

answering these key questions regarding the health care sector in two countries Sweden and Switzerland The volume contains a series of studies that compare the regulation of health and health care in these two apparently very similar countries in considerable detail The contributing teams acquired a great deal of knowledge about health regulation in both countries they also derived comparative predictions when regulation differs using actual observations to check whether these predictions are borne out These comparisons are based on the conditions prevailing in the mid nineties

Price Setting and Price Regulation in Health Care Lessons for Advancing Universal Health Coverage Barber Sarah L,Lorenzoni Luca,Ong Paul,2019-06-26 The objectives of this study are to describe experiences in price setting and how pricing has been used to attain better coverage quality financial protection and health outcomes It builds on newly commissioned case studies and lessons learned in calculating prices negotiating with providers and monitoring changes Recognising that no single model is applicable to all settings the study aimed to generate best practices and identify areas for future research particularly in low and middle income settings The report and the case studies were jointly developed by the OECD and the WHO Centre for Health Development in Kobe Japan
