[Reincarnation and Immortality](#) Swami Paramananda, 2013-10 This is a new release of the original 1923 edition **Reincarnation of Immortality?** Ursula Newell Gestefeld, 1899 **Reincarnation and Immortality** Swami Paramānanda, 1974 *Reincarnation, Key to Immortality* Marcia Moore, Mark Douglas, 1978
Immortality and Reincarnation Alexandra David-Neel, 1997-03-01 Famed traveler and mystic Alexandra David Neel, the first Western woman to see the forbidden city of Lhasa, Tibet, examines Eastern concepts of the afterlife in this classic study. The question of what occurs to the individual personality after death is fundamental to the human experience. In *Immortality and Reincarnation*, Alexandra David Neel, the first Western woman to see the forbidden city of Lhasa, Tibet, examines Taoist, Tibetan, and Hindu concepts concerning life after death. Contrary to Western belief, which sees the human being as composed of a mortal body and an immortal soul, many Easterners believe in the immortality of both the body and the soul. Alexandra David Neel gained firsthand knowledge of these beliefs and the practices they engendered in the course of her travels at the beginning of this century. In *Immortality and Reincarnation*, she ties them together for a unique look at reincarnation and eternal life in a region untouched by the modern world. **Physics of the Soul** Goswami, Amit, 2013-12-01 Uses quantum physics and descriptions from *The Tibetan Book of the Dead* to address such mystical

concepts as immortality reincarnation and the afterlife discussing consciousness as a scientific reality **Death and Immortality in Ancient Philosophy** Alex Long, 2019-06-13 Provides an accessible account of the variety and subtlety of Greek and Roman philosophy of death from Homer to Marcus Aurelius **Culture and Development in Africa and the Diaspora** Ahmad Shehu Abdussalam, Ibigbolade Simon Aderibigbe, Sola Timothy Babatunde, Olutola Opeyemi Akindipe, 2020-12-30 This book examines the intersection between cultural identities and development in African and the Diaspora from multidisciplinary perspectives Starting with the premise that culture is one of the most significant factors in development the book examines diverse topics such as the migrations of musical forms social media bilingualism and religion Foregrounding the work of Africa based scholars the book presents strategies for identifying solutions to the challenges facing African culture and development This book will be of interest to students and scholars of African Studies and African Culture and Society **Death and Immortality** R.W. Encyclopedia of Reincarnation and Karma Norman C. McClelland, 2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices Reincarnation and the Law of Karma William Walker Atkinson, 1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the

parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents The Future of God in the Global Village Thomas R. McFaul,2011-10-11

In the long trek of human history the adage that there will never be peace among the nations until there is peace among the religions has never been truer The growing trend toward spiritually inspired violence throughout the emerging global village of the twenty first century has taken a terrible toll on the lives of thousands of innocent victims The primary purpose of this book is to address this issue head on by examining the role that the earth s diverse faith communities can play in stopping the needless hatreds and hostilities that all too often arise from the search for spiritual fulfillment At this stage of human evolution nothing is more urgent **Reincarnation & Immortality** Swarne Parmananda,1961 **Marriage and Life After Death** Anthony

Onyekwe,2015-01-29 In Africa the emphasis on family marriage and offspring suggest that there is a kind of an unwritten ancestral law that imposes on every male the duty of begetting a son The reason is because the core of African soteriology is centered on offspring The predicament of the childless couples therefore stems from the desire for immortality and salvation that culminates in the admission of the dead into the ancestral world This quest for salvation and immortality constitute social emotional psychological and spiritual problems for Christian as well as non Christian childless couples **Born Again** Hans Holzer,1973
