Children's Past Lives Carol

Bowman,2012-02-01 Has your child lived before In this fascinating controversial and groundbreaking book Carol Bowman reveals overwhelming evidence of past life memories in children Not only are such experiences real they are far more common than most people realize Bowman s extraordinary investigation was sparked when her young son Chase described his own past life death on a Civil War battlefield an account so accurate it was authenticated by an expert historian Even more astonishing Chase s chronic eczema and phobia of loud noises completely disappeared after he had the memory Inspired by Chase s dramatic healing Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives spontaneously and naturally In Children s Past Lives she tells how to distinguish between a true past life memory and a fantasy offers practical advice to parents on how to respond to a past life memory and shows how to foster the spiritual and healing benefits of these experiences Perhaps the most moving convincing and best documented evidence yet for life after death Children s Past Lives will stand alongside the classics of Betty J Eadie Raymond Moody and Brian Weiss in its power to comfort uplift and transform our thinking about life after death

Past Lives Sue Carpenter,1995 This text examines the theory of reincarnation which has played a part in the religions myths and folklore of many races and cultures From Tibetan Buddhists to Hollywood film stars from Haitian witch doctors to Tory wives belief in reincarnation exists even if the evidence is far from concrete

Reincarnation Paul Roland,2009-04-01 Do you ever feel a strange affinity to a particular time period or profession or recall flashes of another life that you can t explain Reincarnation the belief that we are all reborn many times lies at the heart of many of the oldest religions philosophies and faiths It is being recognized by more and more people today as the truth behind who we really are If you want evidence of reincarnation you ll find it within these pages Read about the children who identified long dead family members from photographs they had never seen before the sisters who could remember how they died and the man who was a Confederate colonel in the American Civil War and still has the scars to prove it This book also includes A self regression exercise to help you find out who you once were Instructions to identify the physical symptoms of past life trauma Out of body experiences near death experiences and how to heal the past Exclusive interviews with Carol Bowman one of America s foremost past life regression therapists and celebrity regression specialist Lee Everett who reveals some of the past lives of Elton John and Brian May

True Real Life Stories of Reincarnation Richard Bullivant,2015-10-01 Have you lived before Suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord This book documents the growing public acceptance of the possibility that all of us will live again after we finish our present go around on the planet Earth The ancient concept of reincarnation and past lives has not only re emerged into our modern consciousness but seems to have become a more natural and accepted part of our world view Some studies show that twenty five percent of people in

modern western countries now agree that reincarnation is not only possible but a reality The implications of this are enormous Imagine a population that has been released from the fear of death Suddenly we have all the time in the world eternity in fact Life now takes on a new dimension of meaning We realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies we can access that which is beyond the physical Our potential is virtually unlimited Freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living Knowing that we are not mere physical lumps of biological matter but indestructible souls constructed of pure consciousness is a magnificent vision for humanity Knowing that we are souls means that we can live out our lives from that basic understanding It is the ultimate empowerment No doubt many will remain sceptical about the possibility of reincarnation But it seems this is a concept and a phenomenon that is not going away Those amazing headlines in the media just keep coming Every day more people average ordinary everyday people are discovering that they have an undeniable connection to something larger something infinite and something absolutely amazing Table of Contents Bentreshyt A Priestess of Isis The Reawakening of Marty Martyn Past Lives on Other Planets The Interesting Case of Sherrie Lea Laird and Marilyn Life on Mars Group Reincarnation The Druze The Genius Connection The Science of Reincarnation *100 Reincarnation Cases in Pingyang: Extraordinary True Stories of Kam People Who Recall Past Lives*, 2018-09-05 Offers a comprehensive account of Mr Li s work with 100 Reincarnators from the area of Pingyang as well as dozens of its surrounding rural villages All case studies are carefully documented to preserve the authenticity of their narratives with accompanying video interviews available for reference While there had been many accounts of reincarnation in the world in which the subjects were able to recall memories from a past life the cases detailed in this book are unique in that their subjects share a rare ability to recall memories from the intermediary stage between death and rebirth This unusual trait reveals groundbreaking and thought provoking details about the activities of spirits beyond the land of the living and offers an invaluable addition to the field of reincarnation research Cover page 4 [Life Stories Life Readings](#) Numa Jay Pillion, 2004-09-01 Numa Jay Pillion set out to achieve the dream he had nurtured for a lifetime Years later left with only the clothes on his back he began to question his true purpose He discovered it in a Life Reading a communication from spirit planes delivered through a medium In the process he also discovered that the sexual orientation he had struggled with was a byproduct of reincarnation and that we are first and foremost members of one spiritual world with the ability to contact beings in other realms Part memoir part window on seldom glimpsed planes of existence Life Stories Life Readings takes us on a spiritual journey we won t soon forget [My Journey Down the Reincarnation Highway](#) Frank Mares, 2012-11 In this personal account one man details how he discovered the fact of reincarnation and explores what he did in his prior lives More people than you would believe have prior life memories In his new spiritual memoir My Journey down the Reincarnation Highway The True Story of a Man who found nine of His Past Lives author and businessman Frank Mares tells

how he acquired psychic ability in his middle age With this new gift he recovered facts about nine of his prior lives most of which involved violent bloody deaths The most recent life was that of a young German Wehrmacht sergeant who was ambushed and killed by Russians during the night of May 1 1944 in a dark Estonian farmhouse Not being satisfied with just discovering his past lives Mares goes on a spiritual mission to find out why he kept dying violently The answers do not come easily but by using a team of three world class psychics he eventually tracks down the shocking reason for all his brutal deaths The psychic team finds that within the soul of this normal small businessman resides a brutal stone cold killer from the 1600 s who surprisingly was the revered founder of a gentile noble family As part of his soul s continuing quest for redemption Mares hopes to salvage the dark time in his soul s past into something that could help others today His experiences show that death is only a transition phase and that it should not be feared His book also reveals that reincarnation is actually a well designed organized system that allows souls to learn personalized life lessons over a surprising number of lives If you read this book you will never look at life and death in the same way again **Old Souls**

Thomas Shroder,2011-05-17 A riveting firsthand account of one man s mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation All across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know From the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question For thirty seven years Dr Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of these past life memory cases Now his essentially unknown work is being brought to the mainstream by Tom Shroder the first journalist to have the privilege of accompanying Dr Stevenson in his fieldwork Shroder follows Stevenson into the lives of children and families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story **Past Lives** Peter Fenwick,Elizabeth

Fenwick,2001-07-01 For centuries the existence of reincarnation has been a firmly held belief of millions that crosses races religions and cultures In Past Lives Dr Peter Fenwick and Elizabeth Fenwick examine this extraordinary phenomenon by attempting to determine whether people are experiencing actual memories or thoughts and ideas based on imagination Featuring more than 100 firsthand accounts from those who believe they can recall their previous existences this insightful exploration of reincarnation may change the way you think and challenge your views of life itself A World War II veteran relives the moment of his death in the cockpit of a bi plane during the first World War A hypnotized woman starts speaking with an Irish brogue about her life in Ireland although she s never visited there While vacationing in Egypt a woman correctly describes a temple she was once worshipped in without ever having been inside Reincarnation Paul Roland,2008 **50**

Popular Beliefs That People Think Are True Guy P. Harrison, 2012-01-03 What would it take to create a world in which fantasy is not confused for fact and public policy is based on objective reality asks Neil deGrasse Tyson science popularizer and author of *Astrophysics for People in a Hurry* I don't know for sure But a good place to start would be for everyone on earth to read this book Maybe you know someone who swears by the reliability of psychics or who is in regular contact with angels Or perhaps you're trying to find a nice way of dissuading someone from wasting money on a homeopathy cure Or you met someone at a party who insisted the Holocaust never happened or that no one ever walked on the moon How do you find a gently persuasive way of steering people away from unfounded beliefs bogus cures conspiracy theories and the like This down to earth entertaining exploration of commonly held extraordinary claims will help you set the record straight The author a veteran journalist has not only surveyed a vast body of literature but has also interviewed leading scientists explored the most haunted house in America frolicked in the inviting waters of the Bermuda Triangle and even talked to a contrite Roswell alien He is not out simply to debunk unfounded beliefs Wherever possible he presents alternative scientific explanations which in most cases are even more fascinating than the wildest speculation For example stories about UFOs and alien abductions lack good evidence but science gives us plenty of reasons to keep exploring outer space for evidence that life exists elsewhere in the vast universe The proof for Bigfoot or the Loch Ness Monster may be nonexistent but scientists are regularly discovering new species some of which are truly stranger than fiction Stressing the excitement of scientific discovery and the legitimate mysteries and wonder inherent in reality this book invites readers to share the joys of rational thinking and the skeptical approach to evaluating our extraordinary world **Mommy When I Was Big** Trish

Avery, 2020-10-29 Is your child trying to tell you something Have they brought intrigue and fear when they say Mommy when I was big or when they know of things before they happen Does fear set in when they speak of people who have passed and whom they have never even met Are you frustrated because your child has been diagnosed with ADHD or other conditions because your child bounces off the walls appears to have breakdowns and is unable to focus With inspiring stories from children research and personal experiences Trish takes you full circle offering another perspective and awakening you to highly sensitive empathic children and their journey from their past lives to the present connecting the dots on the way and opening your eyes to a new understanding so you can nurture and guide your child in a world of major change and judgment This book awakens you to the knowledge and understanding of your child's authentic self **Reincarnation and Past Lives**
