never believed they could reinvent their old ways of being **Reinventing yourself** Mario Alonso Puig, 2020-11-30 At the oracle in Delphos at the entrance to Apollo's temple in ancient Greece there was a stone which had some strange signs written on it. It was an invitation to begin one of the most fascinating adventures that a human being can undertake. In other words, the adventure of self-discovery. This book is a map which will accompany us on this trip inside ourselves. Little by little, the secret of how people create the eyes through which we observe and perceive the world will be revealed. It is with the same eyes that so often make us focus on our guilt about the past rather than on future opportunities. Reinventing yourself does not mean becoming someone different from how we really are, but rather bring our REAL SELF to the surface. It is in this new area of possibilities where creativity flows along with the wisdom and energy to completely transform our experience, bringing with it more calm, desire and confidence into our lives. The key lies within ourselves in the exercising of our personal freedom, taking choices that slowly but surely lead us to transform our outlook. Marcel Proust said that the real act of discovery does not consist in going out to look for a new land, but in learning to see the old land with new eyes. It is with our new eyes that we will be able to see what before we were blind to. It is also these new eyes which will lead us to discover how to reach what before had seemed unattainable.
