Rejection Resistance Resurrection:

South Asian Christian Diaspora Selva J. Raj, Knut A. Jacobsen, 2016-04-01 The South Asian Christian diaspora is largely invisible in the literature about religion and migration This is the first comprehensive study of South Asian Christians living in Europe and North America presenting the main features of these diasporas their community histories and their religious practices The South Asian Christian diaspora is pluralistic both in terms of religious adherence cultural tradition and geographical areas of origin This book gives justice to such pluralism and presents a multiplicity of cultures and traditions typical of the South Asian Christian diaspora Issues such as the institutionalization of the religious traditions in new countries identity the paradox of belonging both to a minority immigrant group and a majority religion the social functions of rituals attitudes to language generational transfer and marriage and family life are all discussed Faith in Church Newspapers David Isiorho, 2024-12-12 This book offers a practical theology that looks at the way people of global majority heritage are portrayed in the religious press of the Church of England and have been racialized as other than White The frame analysis shows that only a minority of news items in The Church Times and The Church of England Newspaper were concerned with race related issues or contained identifiable Black actors Faith in Church Newspapers looks at how these news items can exclude and marginalize people of global majority heritage by restricting their coverage to specific and limited contexts This book is concerned both with the findings from the analysis of these papers and with the wider implications for Christian mission in the Church of England The case studies are idiographic and qualitative and take us behind the data of news gathering Faith in Church Newspapers is accessible scholarship intended for both an academic and a lay audience This is an original book and one of crucial importance not just to Black theology but also to urban and contextual theology It will aid theological students undertaking pastoral education and also students of journalism history and social change *Chinese Heritage in British Christianity* Alexander Chow, 2025-03-28 This is a critical and unique time for British Chinese Christians On the one hand the national churches of each of Britain's four nations have experienced an unprecedented decline in church attendance On the other hand British Chinese Christianity is today amongst the fastest growing Christian populations in the United Kingdom But there is a much longer history in the background with the first Chinese Christian in Britain dated to the 17th century and a sizeable population existing since the late 19th century eventually creating the first Chinese church established in Liverpool in 1910 This book tells the story of the rise of British Chinese Christianity and how the British Chinese have been shaping and reshaping the future of British Christianity It brings together theological educators church ministers and parachurch leaders in a collaborative project speaking to the historical and contemporary situation of British Chinese Christianity and prospects moving forward The Power of Reconciliation Justin Welby, 2022-06-09 The Power of Reconciliation is Archbishop Welby's most important book to date This revolutionary book was published for the 2022 Lambeth Conference in July when bishops from all around the world assembled in Canterbury But its importance goes far

beyond these confines The author deals with conflict and reconciliation within families businesses warfare between nations races and all forms of political conflict Welby writes about Reconciliation as seeking to disagree well It relates to both religious and secular communities from the household to the international Conflict is widespread With the after effects of COVID changes in science and technology inequality and increasingly polarized political and social strife moves towards reconciliation are more necessary than ever Both before ordination and since Welby has seen conflict first hand He has spent many years working on issues of conflict around the world The book is full of practical advice for all those in authority on how to bring about reconciliation There is even a step by step guide for this drawn from the author s own experience The book is thus down to earth plugged into reality and devoid of pointless optimism or a Pollyannaish view of our contemporary problems Furthermore there is the dignity of difference Today there is so much intolerance of views that are other than our own as we demonize those we do not agree with The book concerns the secular sphere every bit as much as the religious though Welby s message is Christian inspired and the influence of Desmond Tutu strongly felt *Asylum-Seeking, Migration and Church* Susanna Snyder,2016-04-15 *Asylum Seeking Migration and Church* addresses one of the most pressing issues confronting contemporary society How are we to engage with migrants Drawing on studies of church engagement with asylum seekers in the UK and critical immigration and refugee issues in North America Snyder presents an extended theological reflection on both the issue of asylum seeking and the fears of established populations surrounding immigration This book outlines ways in which churches are currently supporting asylum seekers encouraging closer engagement with people seen as other and more thoughtful responses to newcomers Creatively exploring biblical and theological traditions surrounding the stranger Snyder argues that as well as practising a vision of inclusive community churches would do well to engage with established population fears Trends in global migration and the dynamics of fear and hostility surrounding immigration are critically and creatively explored throughout the book Inviting more complex nuanced responses to asylum seekers and immigrants this book offers invaluable insights to those interested in Christian ethics practical theology social work mission and faith and social action as well as those working in the field of migration **Black Theology in Britain** Michael N. Jagessar,Anthony G. Reddie,2016-04-08 Black theology as a discipline emerged in 1960s America growing out of the experiences of Black people of the African Diaspora as they sought to re interpret the central ideas of Christianity in light of struggle and oppression However a form of Black theology has been present in Britain since the time of slavery Black Theology in Britain offers the first comprehensive survey of Black theology tracing its development in Britain from the eighteenth century to today The essays cover a wide range of topics Black Liberation drama as a medium for Black theology the perspective of Black women Black theology in the pulpit and pastoral care and the work of Robert Beckford and Anthony Reddie Black Theology in Britain is a key resource for students of British history cultural studies Black theology and religious studies *The Oxford Handbook of Anglican Studies* Mark D. Chapman,Sathianathan Clarke,Martyn Percy,2015-10-22 The

Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries. Given that there are only around two hundred countries in the world, this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism. The 44 essays in this volume embrace a wide range of academic disciplines: theological, historical, demography and geography, and different aspects of culture and ethics. They are united in their discussion of what is effectively a new inter-disciplinary subject which we have termed Anglican Studies. At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world. This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies. At the same time it doesn't impose a particular theological or historical agenda. The contributions are drawn from across the spectrum of theological views and opinions. It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition. In its comprehensive coverage, this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world.

Church Growth in Britain David Goodhew, 2017-05-15. There has been substantial church growth in Britain between 1980 and 2010. This is the controversial conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK. Such church growth is seen to be on a large scale, is multi-ethnic and can be found across a wide range of social and geographical contexts. It is happening inside mainline denominations but especially in specific regions such as London, in newer churches and amongst ethnic minorities. Church Growth in Britain provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders. This book demonstrates that whilst decline is happening in some parts of the church, this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain. Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity.

Black Theology, Slavery and Contemporary Christianity Anthony G. Reddie, 2016-04-15. Black Theology, Slavery and Contemporary Christianity explores the legacy of slavery in Black theological terms. Challenging the dominant approaches to the history and legacy of slavery in the British Empire, the contributors show that although the 1807 act abolished the slave trade, it did not end racism, notions of White supremacy or the demonization of Blackness. Black people and Africa. This interdisciplinary study draws on biblical studies, history, missiology and Black theological reflection, exploring the strengths and limitations of faith as the framework for abolitionist rhetoric and action. This Black theological approach to the phenomenon of the trans-Atlantic slave trade and the institution of slavery draws on contributions from Africa, the Caribbean, North America and Europe.

World Christianity in Western Europe Israel Oluwole Olofinjana, 2020. Christianity is a world religion with about 2.3 billion Christians. While World Christianity with its attention on the explosive growth of Christianity in Africa, Asia, Latin America, the

Pacific and Oceania is definitely significant it is also important to consider World Christianity as it is developing in Europe This book investigates this phenomenon in Western Europe through the prisms of Diasporic Identity migrant narratives and their mission theology It considers the complex Christian identity of people migrating to Europe their stories and mission praxis Here is a book including contributors who are scholars and practitioners These scholars and practitioners are Europeans as well as migrants from the Majority World Africans Caribbean South Asia and Latin Americans employing interdisciplinary approach their work encompasses the fields of Diaspora Missiology Practical Theology World Christianity Contextual Theology and Pentecostal Studies from the back cover

The Meanings of Discipleship Andrew Hayes, Stephen Cherry, 2021-10-29 Discipleship is a foundational concept of Christian life which has become a popular and ubiquitous description of belonging and growth in early 21st ecclesiastical language Discipleship courses and popular writings abound and the term is used liberally in official church documents and strategies for growth and development particular in a western context But does recent use of the word risk reducing the wide range of meanings of discipleship to something less rich and inclusive than is warranted With contributions from an array of leading thinkers scholars and theologians including Rachel Mann Kirsteen Kim and Anthony Reddie this book argues that there is need for more clarity precision and depth in defining what meaningfully and constructively is construed as discipleship Beginning with an overview of how the concept of discipleship has been understood in history the volume goes on to consider some of the key figures who have shaped our understanding of the concept and finally to reflect on what discipleship might look like in contemporary society

Interrupting the Church's Flow Al Barrett, 2020-10-30 How can we develop and embody an ecclesiology in contexts of urban marginality that is radically receptive to the gifts and challenges of the agency of our non Christian neighbours Drawing on resources from political theologies and in particular conversation with Graham Ward and Romand Coles this book challenges our lazy understanding of receptivity digging deep to uncover a rich theological seam which has the potential to radically alter how theologians think about what we draw from urban places It offers a game changing liberative theology rooted not in the global south but from a position of self critical privilege

Working Against the Grain Anthony G. Reddie, 2014-12-18 Christianity has been both the cause of oppression among Black communities and a source of liberation Black Christianity has sought solace in the redemptive figure of Christ in its struggle for human dignity and freedom Working Against the Grain addresses the displacement of Black theology in Diasporan African churches by charismatic and conservative neo Pentecostalism The essays present a radical Black theology that empowers disenfranchised Black people whilst challenging White power to see and act differently Working Against the Grain is an essential text for all those interested in the pursuit of racial justice and other forms of anti oppressive practice both inside the church and beyond it

Voices from the Borderland Chris Shannahan, 2016-04-01 Urban theology affirms the importance of context notably the place of the city in theological reflection However it has often been confined to particular contexts or theological camps

and thus failed to engage with the fluidity of contemporary urban societies *Voices from the Borderland* presents an overview of urban theology arguing that the twenty first century demands a dialogical model of theology that enacts progressive change The volume draws on studies of the multicultural and multi faith British urban experience and situates these within the wider international context The works of influential theologians in the field are examined and the dialogue between theology globalisation post colonialism postmodernism and post religious urban culture critically explored The volume is unique in bringing together urban liberation theology urban black theology reformist urban theology globalisation urban theology and post religious urban theology

The Life of Christian Doctrine Mike Higton, 2020-07-09 The lives of Christian churches are shaped by doctrinal theology That is they are shaped by practices in which ideas about God and God s ways with the world are developed discussed and deployed This book explores those practices and asks why they matter for communities seeking to follow Jesus Taking the example of the Church of England this book highlights the embodied affective and located reality of all doctrinal practices and the biases and exclusions that mar them It argues that doctrinal theology can in principle help the church know God better even though doctrinal theologians do not know God better than their fellow believers It claims that it can help the church to hear in Scripture challenges to its life including to its doctrinal theology It suggests that doctrinal disagreement is inevitable but that a better quality of doctrinal disagreement is possible And finally it argues that by encouraging attention to voices that have previously been ignored doctrinal theology can foster the ongoing discovery of God

s surprising work **Towards a Critical White Theology** Al Barrett, Jill Marsh, Anthony G. Reddie, 2025-03-11 Towards a Critical White Theology is a landmark text bringing together contributions from scholars and practitioners Black Postcolonial theologians and critical White theologians from the UK the USA and New Zealand exposing the dynamics of whiteness in the history and the present of the Christian church and setting an agenda for the future especially for White racialised theologians committed to dismantling whiteness With sections addressing whiteness in relation to the Bible church history education and mission congregational life the contemporary USA and public theology this book tracks the emerging of a new theological discipline of Critical White Theology that consciously follows in the wake of the long established discipline of Black liberation theology It acknowledges that so much that has passed for theology over the centuries has been White Theology without naming it as such and reaches out to its Black and Postcolonial theologian siblings in repentant receptive humility and hopeful solidarity for a future liberated from the toxic sin of racism The chapters in this book were originally published in Practical Theology and Black Theology **Being Interrupted** Al Barrett, Ruth Harley, 2020-11-30 Beginning with a Street Nativity Play that didn't end as planned and finishing with an open ended conversation in the midst of the COVID 19 pandemic Being Interrupted locates an institutionally anxious Church of England within the wider contexts of divisions of race and class in the ruins of empire alongside ongoing gender inequalities the marginalization of children and catastrophic ecological breakdown In the midst of this bleak picture Al Barrett and Ruth Harley open a door to a creative disruption of the status quo from the outside in the in breaking of the wild reality of the Kingdom of God Through careful and unsettling readings in Mark's gospel alongside stories from a multicultural outer estate in east Birmingham they paint a vivid picture of an alternative economy for the Church's life and mission which begins with transformative encounters with neighbours and strangers at the edges of our churches our neighbourhoods and our imaginations and offers new possibilities for repentance and resurrection **A Theology of Community Organizing** Chris Shannahan, 2013-11-12 The rising importance of community organizing in the US and more recently in Britain has coincided with the developing significance of social movements and identity politics debates about citizenship social capital civil society and religion in the public sphere At a time when participation in formal political process and membership of faith groups have both declined dramatically community organizing has provided a new opportunity for small community groups marginalized urban communities and people of faith to engage in effective political action through the developments of inter faith and cross cultural coalitions of groups In spite of its renewed popularity little critical attention has been paid to community organizing This book places community organizing within debates about the role of religion in the public sphere and the rise of public theology in recent years The book explores the history methodology and achievements of community organizing engaging in a series of conversations with key community organizers in the US and Britain This volume breaks new ground by beginning to articulate a cross cultural and inter faith Theology for Community Organizing that arises from fresh readings of Liberation
