Rapid Weight Loss Hypnosis for Women Alexander Phenix,2020-12-07 You Are About To Discover How To Leverage The Power Of Guided Meditation Hypnosis And Affirmations To Increase Your Self Esteem And Motivation To Lose Weight Easily If you are looking for a comprehensive guide that will help you rapidly lose weight without the pain of spending hours at the gym or trying different diets that fail every time then keep on reading Are you tired of trying to lose weight for far too long because whenever you try you find it too hard to follow the weight loss regime Have you tried all manner of things that seem effective for weight loss in theory but when you actually try them they don t even get close to enabling you to achieve your desired weight And are you feeling discouraged demotivated stressed and are almost giving up on your quest to lose weight especially using the strategies you ve been using for all those years and are you considering trying something different that has been proven to work If so then you ve come to the right place You see losing weight gaining back your damaged self esteem because of the weight and feeling motivated to keep crashing your goals in life doesn t have to be

difficult even if you've tried all manner of things with little or no success. In fact, it is easier than you think. Clinical studies have shown that hypnosis has up to 95% effectiveness in facilitating weight loss even for people with health problems like diabetes. Findings of review research published on WebMD show that meditation does help with dealing with the root causes of weight gain: stress, binge eating, emotional eating, overeating, portion control, and much more. This is to show that incorporating hypnosis, meditation, and affirmations could result in rapid, sustainable weight loss without trying too hard. I know you are wondering: How exactly does meditation, hypnosis, affirmations, and other practices help with weight loss? What do they have to do with motivation and self-esteem? How do you make the most use of these techniques to bring about the much-needed result? Where do you even start? If you have these and other related questions, this book is for you, so keep reading as it covers the ins and outs of hypnosis, guided meditation, and affirmations in bringing about weight loss. More precisely, you will learn: How your mind works and how it affects your body's well-being, especially your weight. What exactly hypnosis is and how it benefits you. How hypnosis trains your mind for a positive output. How your thought patterns affect your weight. What self-hypnosis is and how it differs from stage hypnosis. The connection between hypnosis and weight loss. How to get started with hypnosis for weight loss. The power of guided meditation and affirmations in enhancing weight loss. And much more. Take a moment and imagine entering a phase of your life where you don't have to struggle to lose weight and maintain your ideal weight. Imagine not having to stress over how you will control portions, not binge eating, not eating more when you are stressed or happy, not using food as a coping mechanism, and much more. How would it feel knowing that you will not overindulge, no matter how tasty food is, and knowing that you have full control over your eating habits? It seems idyllic, right? NLP stands for Neuro Linguistic Programming, a name that encompasses the three most influential components involved in producing human experience: neurology, language, and programming. The neurological system regulates how our bodies function; language determines how we interface and communicate with other people; and our programming determines the kinds of models of the world we create. Neuro Linguistic Programming describes the fundamental dynamics between mind, neuro, and language, linguistic, and how their interplay affects our body and behavior. Programming. NLP is a pragmatic school of thought, an epistemology that addresses the many levels involved in being human. NLP is a multi-dimensional process that involves the development of behavioral competence and flexibility but also involves strategic thinking and an understanding of the mental and cognitive processes behind behavior. NLP provides tools and skills for the development of *Think Yourself Thin* Darcy D Buehler, 2007-01-01. Since diets don't work and so many people have unhealthy relationships with food, the key to weight loss is not what you put in your mouth; it's what goes on in your mind. Brain imaging technology has shown that thought patterns driven by willpower can actually change the structure of the brain. Using this scientific basis for her program, Dr. Darcy Buehler has helped hundreds of people lose weight and keep it off. In

Think Yourself Thin Dr Buehler shows readers how to Get the right ideas into your mind so that your will to lose weight works unwanted urges out of the brain s circuitry Determine the approaches that are effective at slimming you down individually while helping you grow as a person on the inside The book includes a 72 minute self hypnosis audio CD with eight tracks that complement the program in the book Hypnotic Gastric Band Alexander Phenix ,2020-12-07 You Are About To Discover Exactly How You Can Lose Weight And Keep It Off Without Spending Hours At The Gym Counting Calories And Carbs Like A Lunatic Or Even Starving Yourself If a part of you has always felt that your weight problems require more than dieting and working out to deal with keep reading Have you struggled with weight loss for far too long and have tried everything you can think of including working out dieting fasting and taking all manner of concoctions but nothing seems to work for more than a few days weeks or months And do you suspect that the problems you have with weight are all linked to the relationship you have with food but cannot really pinpoint where the problem is but want to finally overcome it once and for all If so then you ve come to the right place You see it is possible to leverage the power of hypnosis to develop a completely new relationship with food stop overeating manage your cravings start eating healthy and much more without being coerced into anything or feeling like you are missing out So even if portion control does not feel like part of your DNA and the cravings seem to drive you nuts you can turn things around and take back control A study by students from Hull University UK found that virtual gastric band hypnosis has 95% success rate in helping patients to lose weight and keep it off Another long term study done by Monash University showed that gastric band hypnosis could greatly help diabetics who are moderately overweight enhance the chances of remission for diabetics and much more This is to show that gastric band hypnosis could be the one approach you need to turn things around as far as your weight is concerned by helping you develop a new relationship with food break food addictions stop overeating manage your food portions and much more Probably you must be wondering How is it possible to be hypnotized into losing weight Isn t hypnosis just a fictional thing from the movies How exactly does the hypnotic gastric band method work How am I sure that this method will work for me How exactly do I get started with the hypnotic gastric band If you have these and other related questions then this book is for you as it covers the ins and outs of losing weight with the hypnotic gastric band and breaking bad eating habits More precisely you will learn How hypnosis works for weight loss The line between hypnosis and hypnotherapy How to get started with hypnosis sessions for weight loss How your thoughts influence your weight indirectly How to use hypnosis to control your appetite How to get started with hypnotherapy using gastric band hypnosis The most effective way to incorporate daily affirmations to enhance weight loss Brilliant hacks to enhance your success with hypnosis for weight loss And much more Just take a moment and imagine a life where you don t eat until you are stuffed yet you don t feel hungry because your brain believes your stomach is of a smaller size How would you feel knowing cravings have no power over you and that you can eat healthy foods for the rest of your life without feeling as if you are missing any of the unhealthy foods If your image is
