Released To Reign:

Released to Reign Charles Trombley, 1979-12 *The Number Ones* Tom Breihan, 2022-11-15 Beloved music critic Tom Breihan's fascinating narrative of the history of popular music through the lens of game-changing 1 singles from the Billboard Hot 100. When Tom Breihan launched his Stereogum column in early 2018, *The Number Ones*, a space in which he has been writing about every 1 hit in the history of the Billboard Hot 100 in chronological order, he figured he'd post capsule-size reviews for each song. But there was so much more to uncover. The column has taken on a life of its own, sparking online debate and occasional death threats. The Billboard Hot 100 began in 1958, and after four years of posting the column, Breihan is still in the early aughts. But readers no longer have to wait for his brilliant synthesis of what the history of 1s has meant to music and our culture. In *The Number Ones*, Breihan writes about twenty pivotal 1s throughout chart history, revealing a remarkably fluid and connected story of music that is as entertaining as it is enlightening. *The Number Ones* features the greatest pop artists of all time, from the Brill Building songwriters to the Beatles and the Beach Boys, from Motown to Michael Jackson, Prince, and Mariah Carey, and from the digital revolution to the K-pop system. Breihan also ponders great artists who have never hit the top spot, like Bob Dylan, Bruce Springsteen, and James Brown. Breihan illuminates what makes indelible ear candy across the decades, including dance crazes, recording innovations, television phenomena, disco, AOR, MTV, rap, compact discs, mp3s, social media memes, and much more, leaving readers to wonder what could possibly happen next. **Chronology**

Franke Parker, 1858 *Hierarchical Structure of the Qing Dynasty* Junjian Jing, 2025-08-28 This book analyzes the inferiors in the Qing Dynasty society, offering a comprehensive examination of their place within the feudal hierarchy. In autocratic eras, the distinction between nobility and inferiors was a cornerstone of social order, and the existence of these marginalized communities became a defining feature of the feudal hierarchy system. Drawing on interdisciplinary research spanning history, sociology, political science, economics, and jurisprudence, the work systematically explores the estates of inferiors and their internal ranks. It provides a rigorous study of the structural dynamics, historical evolution, and societal functions of the Qing dynasty's hierarchical system, establishing a foundational framework for understanding China's feudal social order.

Trajectories of Justice Robert Karl Gnuse, 2016-08-25 The Bible proclaims a message of liberation. Though the Bible arose in an age when slavery and patriarchy permeated society, the biblical authors sought to elevate the rights of slaves, the poor, and women. Their attempts to elevate the oppressed set in motion a trajectory of evolution which we should still be advancing today. Critics of the Bible declare that it accepts slavery and the subordination of women, but they fail to understand the biblical texts in their historical context. For their age, the biblical authors were advanced in their understanding of human rights and the democratic values we hold today, actually resulting from their early attempts to affirm the dignity and rights of slaves and women. It is equally important that we critique those spokespersons of the church who quote the Bible literally but have lost sight of its historical context, so that they might still subordinate women today. Such

spokespersons also declare that the Bible condemns homosexuality But a closer reading of the text discerns that those few passages that address same sex relations actually condemn rape ritual prostitution and master slave relations To use the Bible to condemn people is to misuse the Bible The Who on Record John Atkins,2015-06-14 More than just a biography or discography this work is a thoroughly detailed guide to every known recording of the legendary British rock band The Who their entire range from their early hits of the 1960s through the ambitious concept works to their later successes Many previously uncovered facts are incorporated into the text and the author has been able to glean exclusive information from The Who s archives Unrealized Who projects are discussed and analyzed for the first time in print Finally the work contains a discography of CDs and an exhaustive appendix of every known Who song *The Complete Concordance to Shakespeare: Being a Verbal Index to All the Passages in the Dramatic Works of the Poet* Mary Cowden- Clarke,1845 *The Believer's Guide to Bible Chronology* Charles Ozanne,2011-01-21 In this work the whole panorama of Bible Chronology has been subjected to close examination from the creation of Adam to the end of Acts The aim has been to open up that system of dating which commends itself as most probably correct from the biblical perspective Having done that he has looked for ways to harmonise the resultant scheme with the contradictory dates derived from the Assyrian Eponym Canon and would like to think that he has succeeded in some measure in explaining how the discrepancies arose **The Complete Concordance to Shakespeare** Mary Cowden Clarke,1881 **The Victorian Statutes** ,1866 A Commentary on the Holy Scriptures Johann Peter Lange,1872 *Monasticon Dioecesis Exoniensis, Being a Collection of Records and Instruments Illustrating the Ancient ...
