Religion And Life Christianity:

Spirituality and Christian Belief Keith Ward, 2024-03-29 Christianity is not the only true faith The Bible is not inerrant Jesus is not God walking on the earth Hell is not eternal What's left Everything important The ultimate reality is cosmic mind which generates the physical universe Its goal is to liberate all beings from evil and suffering and to unite all beings to itself God sets the goal Jesus shows and attains the goal and the Spirit guides the way to the goal This is a spiritual path to God to which the Bible testifies from a specific cultural background the Abrahamic way Religious Pluralism in Christian and Islamic Philosophy Adnan Aslan, 2013-01-11 The philosophy of religion and theology are related to the culture in which they have developed These disciplines provide a source of values and vision to the cultures of which they are part while at the same time they are delimited and defined by their cultures This book compares the ideas of two contemporary philosophers John Hick and Seyyed Hossein Nasr on the issues of religion religions the concept of the ultimate reality and the notion of sacred knowledge On a broader level it compares two world views the one formed by Western Christian culture which is religious in intention but secular in essence the other Islamic formed through the assimilation of traditional wisdom which is turned against the norms of secular culture and is thus religious both in intention and essence *Library of Congress Subject Headings* Library of Congress, 2004 Library of Congress Subject Headings Library of Congress.
