Religion And Morality A Collection Of Essays:

Religion and Morality Gene H. Outka, 1973 **Essays in Religion and Morality** William James, 1982 Essays in Religion and Morality brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James. Reflections on the two subjects permeate first James's presentation of his father's Literary Remains second his writings on human immortality and the relation between reason and faith third his two memorial pieces one on Robert Gould Shaw and the other on Emerson fourth his consideration of the energies and powers of human life and last his writings on the possibilities of peace especially as found in his famous essay The Moral Equivalent of War. These speeches and essays were written over a period of twenty four years. The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James's philosophical work since they include some of the best known and most influential of his writings. All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems and failings of humankind and in their steady faith in human powers.

Three Essays on Religion John Stuart Mill, 2008-12-01 In these three essays Nature The Utility of Religion and Theism published between 1850 and 1870 English social and political philosopher John Stuart Mill 1806 1873 gives his most sustained analysis of religious belief. Though not prepared to abandon the idea of an overall design in nature Mill nonetheless argues that its violence and capriciousness militate against moral ends in nature's workings. Moreover any designer of such a world as we experience it cannot be all powerful and all good for nature is too clumsily made and capriciously governed. However since humankind by and large cannot it seems be deprived of religion Mill espouses what he calls a religion of humanity whose concepts of justice morality and altruism are based on classical models and on the New Testament Sermon on the Mount rather than on the vindictive God of the Old Testament and the world hating doctrines of St Paul.

Faith, Morality, and Civil Society Dale

McConkey, Peter Augustine Lawler, 2003-01-01 In this rich collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society **Introduction**

to the Study of Religion Kathleen S. Nash, Mary N. MacDonald, Fred Glennon, 2013 This introductory text helps students think through the basic questions that arise in the study of religion What is the nature of religious experience How does religion shape the actions of individuals and communities How does religion promote or inhibit human development and well being This 2nd edition has been updated throughout including new examples new themes such as religious fundamentalism and violence and a new emphasis on environmental issues **Christian Ethics and Commonsense Morality** Kevin

Jung, 2014-11-27 Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge **Pragmatism and Religion** Stuart E. Rosenbaum, 2003 This distinctive

collection of classical and contemporary readings comes at a time when pragmatism is undergoing a renaissance across a spectrum of disciplines Pragmatism and Religion addresses an important but overlooked issue whether or not the deep passions and commitments of American pragmatism's central figures are independent of Western religious traditions The first of the book's three sections samples pragmatism's religious roots Classical Sources includes works by John Winthrop Jonathan Edwards Henry David Thoreau and Ralph Waldo Emerson as well as Charles Sanders Peirce's Evolutionary Love

William James's Philosophy chapter 18 of *The Varieties of Religious Experience* and selections by John Dewey W E B Du Bois John McDermott and Richard Rorty Part 2 *Contemporary Essays on the American Tradition of Religious Thought* features Richard Bernstein's *Pragmatism's Common Faith* Stuart Rosenbaum's *Morality and Religion* and Robert Westbrook's *Uncommon Faith* among others Part 3 *Theism Secularism and Religion Seeking a Common Faith* includes Raymond D Boisvert's *What Is Religion* Sandra B Rosenthal's *Spirituality and the Spirit of American Pragmatism* Carl Vaught's *Dewey's Conception of the Religious Dimension of Experience* and Steven C Rockefeller's *Faith and Ethics in an Interdependent World* among others Stuart Rosenbaum's contemporary contributors are among the best in the fields of pragmatism and pragmatism in religion A unique resource *Pragmatism and Religion* will serve students of religion history and philosophy as well as those in interdisciplinary core courses **Journal of Philosophical Studies** ,1928 Includes section New books
