Simply God Everyday Theology For Everyday People:

Simply God James Cantelon, 1997 Everyday Theology (Cultural Exegesis) Kevin J. Vanhoozer, Charles A. Anderson, Michael J. Sleasman, 2007-03-01 Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus Christ In other words theology is not just for Sundays and it s not just for professional theologians Everyday Theology teaches all Christians how to get the theological lay of the land It enables them to become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it If theology is the ministry of the Word to the world everyday theologians need to know something about that world and Everyday Theology shows them how to understand their culture make an impact on it Engaging and full of fresh young voices this book is the first in the new Cultural Exegesis series **These Beautiful Bones: An Everyday Theology of the Body** Emily Stimpson, 2013-09-01 It was Blessed John Paul II s greatest gift to the Church The theology of the body A window into who we are the theology of the body is a theology for the rooms where we make love But it s also a theology for the rooms where we work where we eat where we laugh and where we pray These Beautiful Bones takes you on a walk through those rooms With both humor and practical wisdom it sheds light on what the theology of the body has to say about life beyond the bedroom about the everyday moments of life helping you discover how to let grace enter into those moments and make of them something extraordinary **Beyond the Academy** David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices **Imaginatio et Ratio: A Journal of Theology and the Arts, Volume 1, Issue 1 2012** Jeff Sellars, 2012-08-01 Imaginatio et Ratio www.imaginatioetratio.org is a peer reviewed journal primarily focusing on the intersection between the arts and theology hoping to allow imagination and reason to be seen as intimately intertwined as different expressions of the same divine truth Imaginatio et Ratio was started in the hopes that it could serve a growing community of artists and thinkers and strives to present accessible but high quality art literary fiction creative non fiction and theology philosophy as well as interviews and book film art and music reviews The journal is published twice a year and is available in print and digital formats Saving God's Face Jackson Wu, 2013-04 Years ago the author had a startling realization Theologians and pastors have long taught on

the glory of God and its central importance in the Bible However because he was living in East Asia it also dawned on the author that this sort of talk about God s glory praising Him and magnifying His name was simply another way of talking about honor and shame When the author looked at most theology and ministry related books he found that honor and shame seemed to be treated differently Anthropologists talked about honor shame but theologians largely focused more on legal metaphors The author could see both themes in Scripture but couldn t find help as to how to bring them together This study was developed in order to address this gap and bring those themes together Sign up for the WCIU Press newsletter to be notified about new books from this author and more <http://eepurl.com/rB15L> Introduction to Preaching Leah D. The Split God Nimi Wariboko,2018-02-20 Offers a critical Pentecostal philosophy of God that challenges orthodox Christianity Although Pentecostalism is generally considered a conservative movement in *The Split God* Nimi Wariboko shows that its operative everyday notion of God is a radical one that poses under cover of loyalty a challenge to orthodox Christianity He argues that the image of God that arises out of the everyday practices of Pentecostalism is a split God a deity harboring a radical split that not only destabilizes and prevents God himself from achieving ontological completeness but also conditions and shapes the practices and identities of Pentecostal believers Drawing from the work of Slavoj i ek Jacques Lacan Jean Luc Nancy and Giorgio Agamben among others Wariboko presents a close reading of everyday Pentecostal practices and in doing so uncovers and presents a sophisticated conversation between radical continental philosophy and everyday forms of spirituality By de particularizing Pentecostal studies and Pentecostalism Wariboko broadens our understanding of the intellectual aspects of the global Pentecostal and Charismatic movements Not since the early work of Thomas J J Altizer has a theologian philosopher opened such a radical new vision of reality with new language as Nimi Wariboko does in *The Split God* Through an analysis of Pentecostalism Wariboko creates a vivid shocking theology that self consciously repeats classical Christian orthodoxy in some of its modes while transforming it so as to make new sense of Pentecostal beliefs and practices He mines the language of contemporary continental critical theory of the psychoanalytical and Marxist sort for resources to express his claim that God is split not whole reality both spiritual and material is split not whole society is split not whole and persons are split not whole What Pentecostalism does he claims is to unite these split parts into vital ways of living in the face of God without making them holistically coherent just alive and vital Robert Cummings Neville author of *Defining Religion* Essays in Philosophy of Religion

Missional Leadership Nelus Niemandt, 2019-12-12 The purpose and aim of this book is to develop an appropriate leadership model for missional churches This implies a positioning of this book within the broader theology of mission and a consensus on the theology of the Missio Dei originating at the 1952 conference of the International Missionary Council in Willingen Germany In this approach to the theology of mission mission is understood as the work of the Trinitarian God and the church is privileged to participate in God s mission It is against this background that the growing consensus on missional ecclesiology challenges leadership models developed for a different time and a different kind of church with less or no emphasis on the missional character of the church The aim is to reflect theologically on the role of leadership in the missional church What kind of ideas about power authority and leadership are appropriate for a missional church New missional challenges demand new ideas about missional leadership Church organisation and leadership reflects a theological position there is a strong relation between ecclesiology and church organisation The nature of the church provides the framework to understand the character of the church What the church is determines what the church does The church organises what it does and agrees on rules that regulate ministries and organisation Issues such as the way the church organises and governs what it does and thus church leadership need to be answered against this background and understanding Church polity and organisation as well as leadership must reflect the identity calling life and order of the church This book therefore addresses life in the Trinity participation in the Missio Dei and contours of the missional church as the point of entry to develop leadership insights It contributes towards the development of an appropriate model of leadership for missional churches because although recent developments in the theology of mission comprehensively addressed the area of missional ecclesiology there is a gap in the development of a leadership model based on the concept of authority in the missional church

Feminist Edges of the Qur'an Aysha A. Hidayatullah, 2014-04-01 Aysha Hidayatullah

presents the first comprehensive analysis of contemporary feminist interpretations of the Qur'an. Synthesizing prominent feminist readings of the Qur'an in the United States since the late twentieth century, she provides an essential introduction to this nascent field of Qur'anic scholarship and engages in a deep investigation as well as a radical critique of its methods and approaches. With a particular focus on feminist passages in the Qur'anic text, she argues that many feminist interpretations rely on claims about feminist justice that are not fully supported by the text and she proposes a major revision to their exegetical foundations. A provocative work of Muslim feminist theology, *Feminist Edges of the Qur'an* is a vital intervention in urgent conversations about women and the Qur'an.

The Just and Loving Gaze of God with Us, Second Edition Henry Walter Spaulding, 2024-08-01

In recent years Paul has become the subject of renewed interest among political philosophers. These philosophers deploy Paul as a means to deconstruct late modern political issues such as liberalism, biopolitics, and sovereignty. However, these philosophers ultimately truncate Paul's message to fit nontheistic materialist ends. Such an approach polarizes interpreters, often leading either to a full endorsement or full rejection. In this work, Spaulding adds a needed voice in this conversation. By neither fully endorsing nor fully rejecting the new approach to Paul, Spaulding argues that Paul's message is both materialist and faithful to the Christian tradition. Spaulding critically utilizes both the new approach and recent studies in apocalyptic interpretations of Paul in order to articulate a Pauline political theology for our time. Pauline apocalyptic emphasizes the already disruptive nature of the incarnation, crucifixion, and resurrection of Jesus of Nazareth that wrests humanity from under the sovereignty of the fallen powers and places them under the Lordship of Christ. Apocalyptic is nourished by the promise of the eschatological hope of the not yet finished work of Christ. The church that follows the Lordship of Christ is called forth into being in the tension of the present Lordship of Christ and the not yet transformation of the cosmos. Such a tension begets practices that form the political commitment of what philosopher Iris Murdoch calls the just and loving gaze, namely the central conviction that in order to live good political lives, one must be taught to see.

Celebrating God's Cosmic Perichoresis Bryan Jeongguk Lee, 2011-08-05

In the face of today's unprecedented ecological crisis, Christianity is often seen not only as sharing in the guilt of causing this crisis but also as unwilling and incapable of providing any help in re-envisioning the required new way of life on earth. This view is justified when we consider how modern Christian theology has tended to denigrate the natural world and how the prevalent world deserting Christian eschatology forms a spirituality that is fundamentally insensitive and indifferent to nature. In light of this, a meaningful Christian contribution to today's world of enormous ecological suffering must lie in envisioning a fundamentally new ecological vision of humanity's relationship to nature as well as providing an ethical energy to transform our current path of self-destruction. In this book, Bryan J. Lee finds in Jürgen Moltmann's eschatological panentheism a viable pathway toward a Christian ecological re-envisioning of the relationship between God and humanity and between humanity and nature. Furthermore, Lee demonstrates in a persuasive way how Christian worship can and should be the epicenter of ecological

transformation of the society emphatically interpreting Christian worship as an ecological eschatological anticipation of God's cosmic perichoresis
