**Singers and the Song II** Gene Lees, 1999-11-18 Gene Lees is probably the best jazz essayist in America today and the book that consolidated his reputation was *Singers and the Song* which appeared in 1987. Now this classic volume is being rereleased in an expanded edition. The new edition retains a number of famous pieces from the original volume some in expanded form such as Lees's classic profile of Frank Sinatra. Lees has also retained his marvelous essay on lyric writing his piece on the art of Edith Piaf and his admiring look at the genius of songwriter Johnny Mercer. The expanded edition offers seven new essays that are no less accomplished. Here readers will find a wonderful tribute to the sweetest voice in the world Ella Fitzgerald a moving interview with Jackie and Roy Kral. Lees's account of his involvement with Bossa Nova music and his collaboration with Antonio Carlos Jobim. We also read about Julius La Rosa the lyrics of Yip Harburg Harry Warren's unforgettable compositions and the elegant Arthur Schwartz writer of *Dancing in the Dark* and many other memorable songs. Here then is an engaging volume that weaves together colorful portraits of major performers and insightful glimpses into the art of singing and songwriting.

**Becoming Ella Fitzgerald: The Jazz Singer Who Transformed American Song** Judith Tick, 2023-12-05 An NPR Books We Love Pick of the Year A Kirkus Best Nonfiction Book of the Year A radiant rich no stone unturned biography Paula J Giddings author of *When and Where I Enter* A landmark biography that reclaims Ella Fitzgerald as a major American artist and modernist innovator. Ella Fitzgerald 1917-1996 possessed one of the twentieth century's most astonishing voices. In this first major biography since Fitzgerald's death historian Judith Tick offers a sublime portrait of this ambitious risk taker whose exceptional musical spontaneity made her a transformational artist. *Becoming Ella Fitzgerald* clears up long enduring mysteries. Archival research and in depth family interviews shed new light on the singer's difficult childhood in Yonkers New York the tragic death of her mother and the year she spent in a girls reformatory school where she sang in its renowned choir and dreamed of being a dancer. Rarely seen profiles from the Black press offer precious glimpses of Fitzgerald's tense experiences of racial discrimination and her struggles with constricting models of Black and white femininity at midcentury. Tick's compelling narrative depicts Fitzgerald's complicated career in fresh and original detail upending the traditional view that segregates vocal jazz from the genre's mainstream. As she navigated the shifting tides between jazz and pop she used her originality to pioneer modernist vocal jazz. Interpreting long lost setlists reviews from both white and Black newspapers and newly released footage and recordings the book explores how Ella's transcendence as an improviser produced onstage performances every bit as significant as her historic recorded oeuvre. From the singer's first performance at the Apollo Theatre's famous Amateur Night to the Savoy Ballroom where Fitzgerald broke through with Chick Webb's big band in the 1930s Tick evokes the jazz world in riveting detail. She describes how Ella helped shape the bebop movement in the 1940s as she joined Dizzy Gillespie and her then husband Ray Brown in the world touring Jazz at the Philharmonic one of the first moments of high culture acceptance for the disreputable art form. Breaking ground as a female

bandleader Fitzgerald refuted expectations of musical Blackness deftly balancing artistic ambition and market expectations Her legendary exploration of the Great American Songbook in the 1950s fused a Black vocal aesthetic and jazz improvisation to revolutionize the popular repertoire This hybridity often confounded critics yet throughout the 1970s and 1980s Ella reached audiences around the world electrifying concert halls and sold millions of records A masterful biography *Becoming Ella Fitzgerald* describes a powerful woman who set a standard for American excellence nearly unmatched in the twentieth century *Language, the Singer and the Song* Richard J. Watts, Franz Andres Morrissey, 2019-01-31

The relationship between language and music has much in common rhythm structure sound metaphor Exploring the phenomena of song and performance this book presents a sociolinguistic model for analysing them Based on ethnomusicologist John Blacking's contention that any song performed communally is a folk song regardless of its generic origins it argues that folk song to a far greater extent than other song genres displays communal or inclusive types of performance The defining feature of folk song as a multi modal instantiation of music and language is its participatory nature making it ideal for sociolinguistic analysis In this sense a folk song is the product of specific types of developing social interaction whose major purpose is the construction of a temporally and locally based community Through repeated instantiations this can lead to disparate communities of practice which over time develop sociocultural registers and a communal stance towards aspects of meaningful events in everyday lives that become typical of a discourse community **Singer's Library of Song** Patrick M.

traditional oral narrative of Korea is sung by a highly trained soloist to the accompaniment of complex drumming. The singer both narrates the story and dramatizes all the characters male and female. Performances require as long as six hours and make extraordinary vocal demands. In the first book length treatment in English of this remarkable art form Marshall R Pihl traces the history of p ansori from its roots in shamanism and folktales through its nineteenth century heyday under highly acclaimed masters and discusses its evolution in the twentieth century. After examining the place of p ansori in popular entertainment and its textual tradition he analyzes the nature of texts in the repertoire and explains the vocal and rhythmic techniques required to perform them. Pihl's superb translation of the alternately touching and comic Song of Shim Ch ong the first annotated English translation of a full p ansori performance text illustrates the emotional range narrative variety and technical complexity of p ansori literature. Gibbs, 2018-05-31 When itinerant singers from China's countryside become iconic artists worlds collide. The lives and performances of these representative singers become sites for conversations between the rural and urban local and national folk and elite and traditional and modern. In *Song King Connecting People Places and Past in Contemporary China* Levi S Gibbs examines the life and performances of Folksong King of Western China Wang Xiangrong b 1952 and explores how itinerant performers come to serve as representative symbols straddling different groups connecting diverse audiences and shifting between amorphous place based local regional and national identities. Moving from place to place these border walkers embody connections between a range of localities presenting audiences with traditional modern rural and urban identities among which to continually reposition themselves in an evolving world. Born in a small mountain village near the intersection of the Great Wall and the Yellow River in a border region with a rich history of migration Wang Xiangrong was exposed to a wide range of songs as a child. The songs of Wang's youth prepared him to create a repertoire of region representing pieces and mediate between regions nations and multinational corporations in national and international performances. During the course of a career that included meeting Deng Xiaoping in 1980 and running with the Olympic torch in 2008 Wang's life songs and performances have come to highlight various facets of social identity in contemporary China. Drawing on extensive fieldwork with Wang and other professional folksingers from northern Shaanxi province at weddings Chinese New Year galas business openings and Christmas concerts Song King argues that songs act as public conversations people can join in on. As song kings and queens

fuse personal and collective narratives in performances of iconic songs they provide audiences with compelling models for socializing personal experience negotiating a sense of self and group in an ever changing world
