Singular Women Writing The Artist:

Singular Women Kristen Frederickson, 2003-03-04 Contemporary art historians all of them women probe the dilemmas and complexities of writing about the woman artist past and present These 13 essays address the work and history of specific artists beginning with the Renaissance and ending with the present day Women Artists in Interwar France Paula J. Birnbaum, 2017-07-05 *Women Artists in Interwar France Framing Femininities* illuminates the importance of the Soci des Femmes Artists Modernes more commonly known as FAM and returns this group to its proper place in the history of modern art In particular this volume explores how FAM and its most famous members Suzanne Valadon Marie Laurencin and Tamara de Lempicka brought a new approach to the most prominent themes of female embodiment the self portrait motherhood and the female nude These women reimaged art s conventions and changed the direction of both art history and the politics of their contemporary art world FAM has been excluded from histories of modern art despite its prominence during the interwar years Paula Birnbaum s study redresses this omission contextualizing the group s legacy in light of the conservative politics of 1930s France The group s artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism Although many FAM works are missing one reason for the lack of attention paid to their efforts Birnbaum s extensive research through archives press clippings and first hand interviews with artists families reclaims FAM as an important chapter in the history of art from the interwar years *American Women Modernists* Robert Henri, Marian Wardle, Sarah Burns, Brigham Young University. Museum of Art, 2005 The seven essays included in this volume move beyond the famed Ashcan School to recover the lesser known work of Robert Henri s women students The contributors who include well known scholars of art history American studies and cultural studies demonstrate how these women participated in the modernizing of women s roles during this era *Charting the Afrofuturist Imaginary in African American Art* Elizabeth Carmel Hamilton, 2022-08-12 This book examines Afrofuturism in African American art focusing specifically on images of black women and how those images expand the discourse of representation in visual culture of the United States This volume defines a visual language of Afrofuturism that includes materiality temporality and black liberation Elizabeth Hamilton discusses the visual progenitors of Afrofuturism In the artworks of Pierre Bennu Sanford Biggers Alison Saar Mequitta Ahuja Robert Pruitt Renee Cox Dawolu Jabari Anderson Alma Thomas and Harriet Powers the fantastic narratives of Afrofuturism are uncovered through in depth case studies These case studies engage with Afrofuturism as a black feminist visual theory that helps to unburden the images of black women from the stereotypical visual scripts that are so common in contemporary visual culture of the United States The book will be of interest to scholars working in art history visual studies American literature gender studies popular culture and African American studies

The Art of Mary Linwood Heidi A. Strobel, 2023-11-30 The Art of Mary Linwood is the first book on Leicester textile artist Mary Linwood 1755 1845 and catalogue of her work When British textile artist and gallery owner Mary Linwood died in

1845 just shy of 90 years old her estate was worth the equivalent of 5 199 822 in today's currency As someone who made but did not sell embroidered replicas of famous artworks after artists such as Gainsborough Reynolds Stubbs and Morland how did she accumulate so much money A pioneering woman in the male dominated art world of late Georgian Britain Linwood established her own London gallery in 1798 that featured copies of well known paintings by these popular artists Featuring props and specially designed rooms for her replicas she ensured that her visitors had an entertaining educational and kinetic tour similar to what Madame Tussaud would do one generation later The gallery's focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion This book brings to the fore Linwood's gallery guides and previously unpublished letters to her contemporaries such as Birmingham inventor Matthew Boulton and Queen Charlotte It also includes the first and only catalogue of Linwood's extant and destroyed works By examining Linwood's replicas and their accompanying objects through the lens of material culture the book provides a much needed contribution to the scholarship on women and cultural agency in the early 19th century Black Female Intellectuals in Nineteenth Century America Rebecca J. Fraser, 2022-12-30 Drawing on letters personal testimony works of art novels and historic Black newspapers this book is an interdisciplinary exploration of Black women's contributions to the intellectual life of nineteenth century America Black Female Intellectuals in Nineteenth Century America reconceptualizes the idea of what the term intellectual means through its discussions of both familiar and often forgotten Black women including Edmonia Lewis Harriet Powers Sojourner Truth and Harriet Tubman amongst others This re-envisioning brings those who have previously been excluded from the scholarship of Black intellectualism more generally and Black female intellectuals specifically into the center of the debate Importantly it also situates the histories of Black women participating in the intellectual cultures of the United States much earlier than most previous scholarship This book will be of interest to both undergraduate and postgraduate specialists and students in the fields of African American history women's and gender history and American studies as well as general readers interested in historical and biographical works *Marisa Mori and the Futurists* Jennifer Griffiths, 2023-01-12 This book introduces a compelling new personality to the modernist canon Marisa Mori 1900-1985 who became the only female contributor to *The Futurist Cookbook* 1932 with her recipe for Italian Breasts in the Sun Providing something more complex than a traditional biographical account Griffiths presents a feminist critique of Mori's art converging on issues of gender culture and history to offer new critical perspectives on Italian modernism If subsequently written out of modernist memory Mori was once at the center of the Futurism movement in Italy yet she worked outside the major European capitals and fluctuated between traditional figurative subjects and abstract experimentation As a result her in-between pictures can help to re-think the margins of modernism By situating Mori's most significant artworks in the critical context of interwar Fascism and highlighting her artistic contributions before during and

after her Futurist decade Griffiths contributes to a growing body of knowledge on the women who participated in the Italian Futurist movement In doing so she explores a woman artist s struggle for modernity among the Italian Futurists in an age of Fascism

The Oxford Handbook of the Bible in America Paul Gutjahr,2017-11-01 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation

The Memory Factory Julie M. Johnson,2012-05-15 The Memory Factory introduces an English speaking public to the significant women artists of Vienna at the turn of the twentieth century each chosen for her aesthetic innovations and participation in public exhibitions These women played important public roles as exhibiting artists both individually and in collectives but this history has been silenced over time Their stories show that the city of Vienna was contradictory and cosmopolitan despite men only policies in its main art institutions it offered a myriad of unexpected ways for women artists to forge successful public careers Women artists came from the provinces Russia and Germany to participate in its vibrant art scene However and especially because so many of the artists were Jewish their contributions were actively obscured beginning in the late 1930s Many had to flee Austria losing their studios and lifework in the process Some were killed in concentration camps Along with the stories of individual women artists the author reconstructs the history of separate women artists associations and their exhibitions Chapters covering the careers of Tina Blau Elena Luksch Makowsky Bronica Koller Helene Funke and Teresa Ries among others point to a more integrated and cosmopolitan art world than previously thought one where women became part of the avant garde accepted and even highlighted in major exhibitions at the Secession and with the Klimt group

Bright Fields Bruce Levingston,2015-09-28 Bright Fields is a comprehensive and deeply intimate exploration of the life and work of Mississippi born artist Marie Hull 1890 1980 Her paintings reflect a nine decade journey of search thought and growth She produced some of the most memorable and iconic works ever created by a southern artist This elegant and exquisitely detailed book contains over two hundred newly photographed reproductions of the artist s finest works many never before

seen by the public Hull was born in a small town near Jackson at a time when women were not allowed to vote and were denied many career opportunities This did not deter Hull from a constant search for quality both in her life and in her art She studied with some of the most important artists of her day including William Merritt Chase in Philadelphia New York and Europe She won major national competitions and awards and was exhibited in some of the world's most prestigious art exhibitions and shows in the United States Europe and East Asia During the Depression Hull created a series of paintings depicting African Americans and local sharecroppers that is considered one of the most significant contributions to regionalist art in the country's history These important deeply moving works place her among the forefront of the great American portraitists Three decades later in her seventies Hull would reveal her remarkable ability to evolve again this time into one of the most significant abstract painters of the South In her powerful brilliantly colorful late works she combines her mastery of landscape painting with a unique persuasive synthesis of ideas from such artists as Mark Rothko Willem de Kooning and Hans Hofmann Today Hull's works are exhibited in museums and prestigious private collections throughout the country Bright Fields expands our knowledge of the painter's remarkable life and work illustrating why Hull's unique vision and tremendous creativity had and continues to have such a profound impact on art in the South and beyond **Lynda Benglis**

Susan Richmond, 2015-03-13 In four decades of abstract art practice Lynda Benglis has not merely challenged the status quo She has tied it in knots melted it down and poured it across the floor cast it in glass clay and bronze Daring and sometimes outrageous her intense and provocative practice has produced some of the most iconic pieces of art from the late twentieth century Richmond gives serious critical attention to work often dismissed as trivial and rootless recovering the themes that link the different phases of the artist's quest to capture the frozen gesture Whether challenging popular tastes and definitions of art with her 1970s abstract knotwork or mocking puritanical aesthetics of gender with her colourful latex pourings and their allusions to corporeal topographies Benglis never failed to provoke Her sculptures commemorate and celebrate the processes of creation themselves combining architectonic abstraction and feminized sensuality in a haunting visceral theme of the strangeness of the body that runs through all her experiments in glass video metals ceramics gold leaf paper and plastics Lynda Benglis Beyond Process examines in depth the work and critical neglect of an artist who perhaps more than any of her contemporaries changed the face of American art in the 1960s and 1970s and continues to fetishise provoke and demand your attention *Rembrandt Is in the Wind* Russ Ramsey, 2022-03-22

How do art and faith intersect How does art help us see our own lives more clearly What can we understand about God and humanity by looking at the lives of artists Striving for beauty art also reveals what is broken It presents us with the tremendous struggles and longings common to the human experience And it says a lot about our Creator too Great works of art can speak to the soul in a unique way *Rembrandt Is in the Wind* is an invitation to discover some of the world's most celebrated artists and works and how each of them illuminates something about God people and the purpose of life Part art history part biblical study part

philosophy and part analysis of the human experience this book is nonetheless all story From Michelangelo to Vincent van Gogh to Edward Hopper the lives of the artists in this book illustrate the struggle of living in this world and point to the beauty of the redemption available to us in Christ Each story is different Some conclude with resounding triumph while others end in struggle But all of them raise important questions about humanity's hunger and capacity for glory and all of them teach us to love and see beauty The artists featured in these pages artists who devoted their lives and work to what is good true and beautiful remind us that we can and should do the same Karen Swallow Prior author of *On Reading Well*

The Artemisia Files Mieke Bal, 2005-09 An early icon of feminist art history the work of Artemisia Gentileschi has been largely obscured by the sensational details of her life In this volume the contributors attempt to give a more balanced view to approach a genuine appreciation of Artemisia's considerable artistic talents *Beyond Text* Jennifer Buckley, 2019-10-09 Taking up the work of prominent theater and performance artists *Beyond Text* reveals the audacity and beauty of avant garde performance in print With extended analyses of the works of Edward Gordon Craig German expressionist Lothar Schreyer the Living Theatre Carolee Schneemann and Guillermo Gomez-Peña the book shows how live performance and print aesthetically revived one another during a period in which both were supposed to be in a state of terminal cultural decline While the European and American avant gardes did indeed dismiss the dramatic author they also adopted print as a theatrical medium altering the status form and function of text and image in ways that continue to impact both the performing arts and the book arts *Beyond Text* participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text performance relations which have too often been figured in binary chronological from page to stage or hierarchical terms Across five case studies spanning twelve decades *Beyond Text* demonstrates that print as noun and verb has been integral to the practices of modern and contemporary theater and performance artists "Nancy Spero, Encounters" Joanna S. Walker, 2017-07-05 An original and valuable intervention in the fast growing field of feminist and new art histories Nancy Spero *Encounters* offers a sophisticated interpretation of the work of a highly original and under represented woman artist The study proposes a new model of comparatism within the field of visual studies mirroring and complementing Spero's dialogic manner of working Basing her analyses on extensive research and multiple face to face interviews with the artist Joanna Walker examines how a selection of the artists and art forms Spero cited offer significant points of comparison with her work Walker presents Spero's encounters with the art of Ana Mendieta with the poetry of the American poet H D with the dance of Isadora Duncan and turning the lens back on Spero as subject with the portraits of the artist by Abe Frajndlich Also included are transcripts of Walker's interviews with the artist and a listing of the books contained in Spero's personal library which informed her practice Not only does this book cast well deserved light on an artist who spent most of her career on the margins of the mainstream it reverses genealogies and revises the traditional remit of the art historical monograph through both its structure and content Correspondence Course Carolee

Schneemann,2010-11-24 An epistolary history of the international avant garde of happenings Fluxus and performance and conceptual art emerges from decades of correspondence between Carolee Schneemann and other artists and intellectuals

Louchheim s life and work that takes readers inside the rarified world of architecture media Aline B Louchheim 1914 1972 was an art critic on assignment for the New York Times in 1953 when she first met the Finnish American architect Eero Saarinen She would become his wife and the driving force behind his rise to critical prominence When Eero Met His Match draws on the couple s personal correspondence to reconstruct the early days of their thrilling courtship and traces Louchheim s gradual takeover of Saarinen s public narrative in the 1950s the decade when his career soared to unprecedented heights Drawing on her own experiences as an architecture journalist on the receiving end of press pitches and then as a secret publicist for high end architects Eva Hagberg paints an unforgettable portrait of Louchheim while revealing the inner workings of a media world that has always relied on secrecy friendship and the exchange of favors She describes how Louchheim codified the practices of architectural publicity that have become widely adopted today and shows how without Louchheim as his wife and publicist Saarinen s work would not have been nearly as well known Providing a new understanding of postwar architectural history in the United States When Eero Met His Match is both a poignant love story and a superb biographical study that challenges us to reconsider the relationship between fame and media representation and the ways the narratives of others can become our own *The Political Body* Andrea Giunta,2023-03-28 This book

discusses how some works of art produced in Latin America in the sixties seventies and eighties forged a different understanding of the female body understood as space for the expression of a dissident subjectivity in relation to socially normalized places Representations of art and of feminist activism interrogated the disciplining of the female body that entails as well the disciplining of the male body Before a history of highly regulated artistic representations regardless of the occasional exceptions a historian might point out images erupted that questioned the social and institutional naturalization of the feminine and the masculine **Allie Victoria Tennant and the Visual Arts in Dallas** Light Townsend
