Crowe,2024-10-28 **Profile of Man and Culture in Mexico** Samuel Ramos,2014-04-15 Profile of Man and Culture in Mexico originally written in 1934 is addressed to the author s compatriots but it speaks to people wherever they are who are interested in enriching their own lives and in elevating the cultural level of their countries And it speaks with a peculiar timeliness to citizens of the United States who would understand their neighbors to the south Samuel Ramos s avowed purpose is to assist in the spiritual reform of Mexico by developing a theory that might explain the real character of Mexican culture His approach is not flattering to his fellow citizens After an analysis of the historical forces that have molded the national psychology Ramos concludes that the Mexican sense of inferiority is the basis for most of the Mexican s spiritual troubles and for the shortcomings of the Mexican culture Ramos subscribes to neither of the two major opposing schools of thought as to what norms should direct the development of Mexican culture He agrees neither with the nationalists who urge a deliberate search for originality and isolation from universal culture nor with the Europeanizers who advocate abandonment of the life around them and a withdrawal into the modes of foreign cultures Ramos thinks that Mexico s hope lies in a respect for the good in native elements and a careful selection of those foreign elements that are appropriate to Mexican life Such a sensible choice of foreign elements will result not in imitation but in assimilation Combined with the nurturing of desirable native elements it will result in an independent cultural unit a new branch grafted onto world culture Ramos finds in Mexico no lack of intelligence or vitality It needs only to learn And he believes that the future is Mexico s that favorable destinies await a Mexico striving for the elevation of humanity for the betterment of life for the development of all the national capacities *Population Profile of the United States, 1975* United States.
