Fontenoy 1745 Michael McNally, 2017-05-18 A disputed succession to the Austrian throne led to general war between the leading powers of Europe in 1740 with France Spain and Prussia on one side and Britain Habsburg Austria and the Dutch Republic on the other While fighting occurred across the globe the bloodiest battles were fought on the European continent with none more costly than the battle of Fontenoy in 1745 Fearing an encirclement of France by a resurgent Habsburg controlled Austria the French commander Marshall Saxe planned to overrun the Austrian Netherlands thereby dealing a decisive blow against their enemy s ability to wage war Saxe s army the cream of the French military invaded and set up a defensive position at Fontenoy near Tournai daring his enemies to knock him off his perch This title beautifully illustrated with full colour plates is an in depth study of the British Duke of Cumberland s attempt to assault Saxe s position It focuses on the inability of allied leaders to coordinate their attacks and how Cumberland came within a whisker of achieving a major victory

Endgame 1758 A. J. B. Johnston, 2007-12-01 The story of what happened at the colonial fortified town of Louisbourg between 1749 and 1758 is one of the great dramas of the history of Canada indeed North America This book presents the dramatic military and social history of this short lived and significant fortress seaport and community and the citizens who made it their home

A History of the British Army, Vol.2 (of 2) J. W. Fortescue, The work of disbanding the Army began some months before the final conclusion of the Peace of Utrecht By Christmas 1712 thirteen regiments of dragoons twenty two of foot and several companies of invalids who had been called up to do duty owing to the depletion of the regular garrisons had been actually broken The Treaty was no sooner signed than several more were disbanded making thirty three thousand men discharged in all More could not be reduced until the eight thousand men who were left in garrison in Flanders could be withdrawn but even so the total force on the British Establishment including all colonial garrisons had sunk in 1714 to less than thirty thousand men The soldiers received as usual a small bounty on

discharge and great inducements were offered to persuade them to take service in the colonies or in other words to go into perpetual exile But this disbandment was by no means so commonplace and artless an affair as might at first sight appear One of the first measures taken in hand by Bolingbroke and by his creature Ormonde was the remodelling of the Army by which term was signified the elimination of officers and of whole corps that favoured the Protestant succession to make way for those attached to the Jacobite interest Prompted by such motives and wholly careless of the feelings of the troops they violated the old rule that the youngest regiments should always be the first to be disbanded and laid violent hands on several veteran corps The Seventh and Eighth Dragoons the Thirty fourth Thirty third Thirty second Thirtieth Twenty ninth Twenty eighth Twenty second and Fourteenth Foot were ruthlessly sacrificed nay even the Sixth one of the sacred six old regiments and distinguished above all others in the Spanish War was handed over for dissolution like a regiment of yesterday There were bitter words and stormy scenes among regimental officers over such shameless unjust and insulting procedure All these designs however were suddenly shattered by the death of Queen Anne The accession of the Elector of Hanover to the throne was accomplished with a tranquillity which must have amazed even those who desired it most Before the new King could arrive the country was gladdened by the return of the greatest of living Englishmen Landing at Dover on the very day of the Queen s death Marlborough was received with salutes of artillery and shouts of delight from a joyful crowd Proceeding towards London next day he was met by the news that his name was excluded from the list of Lords Justices to whom the government of the country was committed pending the King s arrival Deeply chagrined but preserving always his invincible serenity he pushed on to the capital intending to enter it with the same privacy that he had courted during his banishment in the Low Countries But the people had decided that his entry must be one of triumph and a tumultuous welcome from all classes showed that the country could and would make amends for the shameful treatment meted out to him two years before On the 18th of September King George landed at Greenwich and shortly afterwards the new ministry was nominated Stanhope the brilliant soldier of the Peninsular War became second Secretary of State William Pulteney afterwards Earl of Bath Secretary at War Robert Walpole Paymaster of the Forces while Marlborough with some reluctance resumed his old appointments of Captain General Master General of the Ordnance and Colonel of the First Guards He soon found however that though he held the titles he did not hold the authority of the offices and that the true control of the Army was transferred to the Secretary at War To be continue in this ebook **The French Monarchy 1483-1789: Volume 2** A. Grant,2013-06-13 Originally published in 1900 this book forms the second of two volumes on the history of France between 1483 and 1789 The volumes cover the chief events in French history during the period encompassing both domestic and foreign affairs with a particular focus on the role of the monarchy **The Seven Years War in Europe** Franz A.J.

Szabo,2013-11-05 In this pioneering new work based on a thorough re reading of primary sources and new research in the Austrian State Archives Franz Szabo presents a fascinating reassessment of the continental war Professor Szabo challenges

the well established myth that the Seven Years War was won through the military skill and tenacity of the King of Prussia often styled Frederick the Great Instead he argues that Prussia did not win but merely survived the Seven Years War and did so despite and not because of the actions and decisions of its king With balanced attention to all the major participants and to all conflict zones on the European continent the book describes the strategies and tactics of the military leaders on all sides analyzes the major battles of the war and illuminates the diplomatic political and financial aspects of the conflict Quebec, 1759 Charles Perry Stacey, 2007 The fall of Quebec in 1759 to British forces under James Wolfe led to the ultimate defeat of the French empire in North America The dramatic battle on the Plains of Abraham not only set the course for the future of Canada it opened the door to the independence of the American colonies some 20 years later Stacey s account is regarded as the best ever written This new edition contains all the text and the pictures of the previous edition in a smart and generous new format *Quebec 1759* René Chartrand, 1999-06-25 After five years of disaster and defeat in North America King George II had found in James Wolfe a general who knew how to fight The key to victory was the fortress city of Quebec High above the St Lawrence River it had resisted all attempts to capture it When the time came the concluding battle was quick and bloody full of bravery for both sides both Wolfe and the French Marquis de Montcalm were seriously wounded Yet neither had shirked from the responsibilities of the fateful hour both knew that the events of that September morning in 1759 would decide the fate of Canada **The Capture of Louisbourg, 1758** Hugh Boscawen, 2013-08-15 Louisbourg France s impressive fortress on Cape Breton Island s foggy Atlantic coast dominated access to the St Lawrence and colonial New France for forty years in the mid eighteenth century In 1755 Great Britain and France stumbled into the French and Indian War part of what to Europe became the Seven Years War only for British forces to suffer successive defeats In 1758 Britain and France as well as Indian nations caught in the rivalry fought for high stakes the future of colonial America Hugh Boscawen describes how Britain s war minister William Pitt launched four fleets in a coordinated campaign to prevent France from reinforcing Louisbourg As the author shows the Royal Navy outfought its opponents before General Jeffery Amherst and Brigadier James Wolfe successfully led 14 000 British regulars including American born redcoats rangers and carpenters in a hard fought assault landing Together they besieged the fortress which surrendered after forty nine days The victory marked a turning point in British fortunes and precipitated the end of French rule in North America Boscawen an experienced soldier and sailor and a direct descendant of Admiral the Hon Edward Boscawen who commanded the Royal Navy fleet at Louisbourg examines the pivotal 1758 Louisbourg campaign from both the British and French perspectives Drawing on myriad primary sources including previously unpublished correspondence Boscawen also answers the question What did the soldiers and sailors who fought there do all day The result is the most comprehensive history of this strategically important campaign ever written *The Journal of Corporal Todd, 1745-1762* William Todd, 2001 The Journal of Corporal Todd is a remarkably rare Other Ranks record from a period when most common soldiers were illiterate Todd s service commenced in

the Jacobite Rebellion of 1745 and he retired as a Chelsea Pensioner in 1763 His flowing narrative gives not only a record of what his regiments were doing but his own views on his fellow soldiers his officers and the countries Ireland England France and Germany in which he served His intelligence and powers of observation make him an extraordinary chronicler of his time
