corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude *The OPTIMISM MINDSET Bible. Wilson,2023-05-08 Deborah Wayfaring is a woman of faith who is always sensing and feeling something different for her future than what is seemingly her destiny Determined to follow her dreams and not afraid to take risks she is the epitome of elegance and beauty Sadly even though she has been married Deborah has never experienced love in its purest form Now single Deborah is ready to follow her love path to see where it leads and ends When she finally believes she has found the right guy in Reverend Hal Grayson he seemingly cannot reciprocate her feelings While trying everything to make him see her Deborah makes countless mistakes that eventually transport her directly in the middle of a love triangle Another man wants to marry her and raise a family But Deborah has already given her heart to Hal Will she follow her heart her head or her divine assignment as she searches for her happily ever after In this captivating love story a woman seeking Mr Right and her life purpose must learn to trust God s plan after she unwittingly becomes immersed in a love triangle *Disruptive Business* Mr Alexander Manu,2012-09-28 Disruptive Business is a provocative and insightful redefinition of innovation as an outcome of human behaviour a dynamic in constant change requiring the shaping of new responses in business and the economy Alexander Manu believes that organizations must treat innovation not as a process to be managed but as an outcome that changes people s lives In Disruptive Business he explains how innovation is the moment when human behaviour is changed by a particular invention discovery or event This position challenges the current understanding of innovation as well as the current ecology in which innovation operates in organizations its management methods tools language focus and metrics The challenge extends to some of the labels currently applied to innovation typologies such as disruptive innovation seen today as addressing purely the technological side of an invention rather than the more complex motivational and behavioural side Alexander Manu considers that a disruption is not manifest in the moment a new technology is introduced The disruption is the human being and manifest only when human motivation embraces the technology and uses it to modify and improve everyday life Our acceptance and appropriation of new technologies creates the business disruption Manu makes the case that successful innovation outcomes are answers to conscious or subconscious goals residing in human motivation and motivation starts in desire This position is consistent with the history of innovations that have changed improved and reshaped human life and also consistent with their roots and ethos Humans are a perpetually wanting animal bound to desire

to seek media for a better self and to need innovation In this dynamic innovation is the constant and business is the variable The role of business is to create the tools objects and services through which people can manifest what they want and who they are The book provides a new perspective of current behavioural disruptions which are relevant to the continuity of business as well as a set of practical methodologies for business design aimed at creating innovation outcomes of value to users
