Older Americans: The Changing Face of HIV/AIDS, S.HRG.

Love Is the Cure Elton John, 2012-07-17 A deeply personal

account of Elton John's life during the era of AIDS and an inspiring call to action In the 1980s Elton John saw friend after friend loved one after loved one perish needlessly from AIDS He befriended Ryan White a young Indiana boy ostracized because of his HIV infection Ryan's inspiring life and devastating death led Elton to two realizations His own life was a mess And he had to do something to help stop the AIDS crisis Since then Elton has dedicated himself to overcoming the plague and the stigma of AIDS The Elton John AIDS Foundation has raised and donated 275 million to date to fighting the disease worldwide Love Is the Cure includes stories of Elton's close friendships with Ryan White Freddie Mercury Princess Diana Elizabeth Taylor and others and the story of the Elton John AIDS Foundation Sales of Love Is the Cure benefit the Elton John AIDS Foundation *Black Women's Risk for HIV* Quinn Gentry, 2008-03-05 An inside look at the devastating impact of the HIV/AIDS epidemic on poor African American women *Black Women's Risk for HIV* Rough Living is a valuable look into the structural and behavioral factors in high risk environments specifically inner city neighborhoods like the Rough in Atlanta that

With Pleasure Paul R. Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism *With Pleasure* explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs *With Pleasure* provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co-written by one of the foremost authorities on sex *With Pleasure* argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour *With Pleasure* advances a startling and original new theory about human sexuality one which

the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy

Comprehensive Textbook of AIDS Psychiatry Paul Volberding, 2017 The Comprehensive Textbook of AIDS Psychiatry provides insight into the interface between the psychiatric medical and social dimensions of HIV and AIDS and the need for a compassionate integrated and approach to the HIV pandemic with an emphasis on humanizing destigmatizing HIV

Love, Money, and HIV Sanyu A. Mojola, 2014-05-10 How do modern women in developing countries experience sexuality and love Drawing on a rich array of interview ethnographic and survey data from her native country of Kenya Sanyu A Mojola examines how young African women who suffer disproportionate rates of HIV infection compared to young African men navigate their relationships schooling employment and finances in the context of economic inequality and a devastating HIV epidemic Writing from a unique outsider insider perspective Mojola argues that the entanglement of love money and the transformation of girls into consuming women lies at the heart of women s coming of age and health crises At once engaging and compassionate this text is an incisive analysis of gender sexuality and health in Africa

Doing the Work of Love John Michael Clark, 1999 Clark s critique of the objectification that occurs in the sexual delivery system in the gay male subculture and his description of his and his partner s emergence from that subculture into a committed ongoing day to day relationship contribute significantly to the literature that is stretching toward new ways of creating more just and satisfying intimate relationships outside of sexist and heterosexual consciousness

Enriching Business Ethics Clarence C. Walton, 2013-06-29 Over thirty years ago Alfred North Whitehead wrote If America is to be civilized it has to be done at least for the present by the business class who are in possession of the power and the economic resources If the American universities were up to their job they would be taking business in hand and teaching it ethics and professional standards To the intellectual elites of his time there was something of a minor in Whitehead s view Few of them saw business as a civilizing force heresy and even fewer feeling that business was not to be tamed relished the role of the lion tamers Not many today doubt Whitehead s wisdom Organiza tions of wealth and power have accepted their corporate social responsibili ties and universities have launched major efforts to provide ethical instruc tion for business personnel So far as the scholars are concerned they quickly came to realize the difficulty of an undertaking that seeks to redefine and apply moral criteria to a very complex corporate world Philosophers in particular have learned or perhaps have relearned how their speculations on ethics must take into account the living ethic expressed in the American culture and here anthropologists sociologists and theologians were needed to provide an expertise that the moral manuals did not
