It hurts to not love yourself
it hurts to not like yourself
it hurts to not understand yourself.

The love, the kindness
the understanding
only come from within.

Love Comes From Within:

ChakraKey Rick Ireton, 2013-03-29 CHAKRAKEY is a book for spiritual students and teachers who seek a greater understanding of the meaning of life. If we are to evolve in a loving way here on Earth we will do so because we grow in knowledge of our spiritual nature and begin to love and honor one another as the kind and gentle people we truly are. ChakraKey reveals the human spiritual design through the marriage of two ancient symbols and one symbol recently found in the form of a crop circle. ChakraKey is an educational tool that reveals the energetic nature of all humanity and thus our purpose in life. It is through understanding and awareness of our human spiritual nature that we are able to transcend our bodies and live in the light of love as spiritual beings. We do better when we know better. ChakraKey marries ancient Hindu wisdom of the chakra system with the seven candle menorah. When the menorah is turned sideways and placed next to the seven energetic points of the human chakra system, a map is revealed of our human spiritual design, our core essence and love. The Knowledge and Wisdom contained within the ChakraKey will provide you with the greatest gift you might ever hope to find: the ability to live a life filled with love, meaning and purpose. Revd Andrew Murray 1828-1917 was a minister in the South African Dutch Reformed Church. Murray was influenced by Romanticism and the R veil during his student years. This influence was carried over to South Africa by Murray where he had a significant influence on the Dutch Reformed Church at that time. Robert C. Worstell, 2016-11-21. How do you find more Freedom in your life? It's not that difficult, but you can't expect politics or government to really help you with it. Because it's an ability you already have. Really, this book is a collection of blog essays from 2006-2011 following one person's work to re-discover the route anyone could take in order to get the exact amount of real Freedom they want in their life. In these 5 years of study, Dr Robert C Worstell has spent his time and energy to uncover the secrets people have been looking for most of their lives: How to get real control over your own life or escape control of others. Why needing the approval of others is just another trap and what you can do about it today. Escaping the security traps which other people are setting for you. Finding how you can join the group of successful happy people who are that way regardless of the government or anyone else. How to regain any ability you want by releasing your own native talents.

Matthew Minerds *Made by God Made for God* is a gem of a book Here is a thoroughly Catholic work of theology inspired by the Fathers of the Church east and west as well as St Thomas Aquinas and Vatican II and the pontificates following the Council One comes away with a clear sense that the Christian moral life is an invitation to supernatural and mystical life with God one which absorbs and includes the natural truths of reason and human flourishing but which brings them to divine heights sharing in the trinitarian life of God himself I ve definitely found my new textbook for Moral Theology the joy and freedom of the Christian life are on full display Andrew Swafford Associate Professor of Theology Benedictine College Atchison Kansas So many seem to think that the Catholic faith is all about being crushed under a burden of rules and regulations that are impossible to keep This book shatters that misconception It shows that following Jesus as a Catholic Christian is all about a new way of life empowered by the Holy Spirit that makes us each day more life Jesus A refreshing encouraging and enlightening read Marcellino D Ambrosio Author and Speaker Crossroads Initiative Dr Matthew Minerd fills a great need with this outstanding introduction to moral theology Relying on Scripture and the broad Thomist tradition this short volume provides a readable and organized treatment of the central elements that comprise the Christian life Minerd grounds the study in the life of grace itself and then deftly moves through the theological virtues natural law and finally the cardinal virtues Indeed the virtue of this book is the lofty theological and spiritual synthesis that emerges to shine light on our high calling Jon Kirwin Assistant Professor of Theology and Director of Graduate Theology **A Theology of**

Welfare of the City Naomi Noguchi Reese, 2025-01-27 In the history of public theology the Holy Spirit's role in creation has been underexplored. If the Holy Spirit is the agent of transformation in creation, why have so many theologians neglected the Spirit's activity in the context of public theology? One of the causes of such neglect derives from a long-held belief in dualism or its assumption. As a result, generally speaking, theologians have neglected the eschatological aspect of the Spirit's work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit's work. Hence, a theology is needed that recaptures the eschatological aspect of the Spirit's work over creation and Colin E. Gunton's pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full-bodied holistic and trinitarian public theology that takes into account the triune God. This study attempts to draw upon the resources uncovered in Gunton's pneumatology to outline applications for Christian engagement of the public square for the twenty-first century. The book concludes with criteria for discerning the Spirit's work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation.

Rainbows at the Shadows of Covid- 19 Ramsis F. Ghaly MD, 2022-02-08 This is my third book written during COVID-19 pandemic where I continued to serve unceasing as a practicing Neurosurgeon, Anesthesiologist, Intensivist, and Pain Specialist in the Chicago land area. Despite the extreme negative impact of COVID-19 worldwide, I kept a daily diary of my thoughts, reflections, and patients' stories over a year since June 2021. As I kept writing while the world is being flooded with the deadly virus and dreadful news, I saw the rainbows in the shadows of COVID-19. As in the days of Noah thousands of years ago after the deadly flood of the world and God's covenant with man through the rainbow, so is the current day of COVID-19 a renewal of the covenant between the Almighty God, the Lord, and the people. The current book shares my rainbows in the shadows of COVID-19 as a follow-up series of the author's two books of COVID-19. The book divides into 20 sections and contains a total of 194 chapters. The book designates major sections on my continuing education and wellbeing of my residents and students as well as Neurosurgical patients and inspired stories during late phases of COVID. It covers most of the ongoing thoughts and essential events from October 2020 through July 2021 during the COVID recovery phase such as Thanksgiving, Presidential Election, and Inauguration, Christmas, New Year, riots, and Vaccination. Another section is written to pay tribute to those who sacrificed their lives and stood strong against the most horrific virus in the front line.
