Eighteenth-Century British Erotica, Part II vol 5 Rictor Norton, 2024-10-28 Comprises a variety of topics from prostitution to flatulence and paints a picture of the real and imaginative worlds inhabited by the people of eighteenth century Britain This title features a volume dedicated to homosexuality It is intended for students of eighteenth century culture queer theory history of sexuality and book history *Love between Men in English Literature* Paul Hammond, 1996-11-12 This is the first book to provide an account of the representation of emotional and sexual relationships between men across English literature from the Renaissance to the modern period Based on new research but aimed at the student and the general reader Paul Hammond discusses major writers such as Marlowe and Shakespeare Tennyson and Wilde Forster and Lawrence but also introduces less familiar texts which cast light on the homosexual culture of their periods There is an extensive bibliography *Closeted Writing and Lesbian and Gay Literature* David M. Robinson, 2017-05-15 Arguing for renewed attention to covert same sex oriented writing and to authorial intention more generally this study explores the representation of female and male homosexuality in late sixteenth through mid eighteenth century British and French literature The author also uncovers and analyzes long term continuities in the representation of same sex love sex and desire between the classical early modern eighteenth century and even modern periods Among the seventeenth and eighteenth century authors and texts examined here are Mme de Murat Les Memoires De Madame La Comtesse De M 1697 John Cleland Memoirs of a Woman of Pleasure 1748 49 Tobias Smollett The Adventures of Roderick Random 1748 Nicolas Chorier and Jean Nicolas L Academie des dames 1680 Delarivier Manley The New Atalantis 1709 and

Isaac de Benserade Iphis et Iante 1637 Classical texts brought into the discussion include Juvenal's Satires Lucian's Erotes and most importantly Ovid's Metamorphoses Casting its net broadly yet exploring deeply poems plays novels and more from the serious to the satiric the polite to the pornographic well known and little known written in English French and Latin published in early modern and eighteenth century Britain and France plus key classical texts this study engages with the historiography of sexuality as a whole John Law Antoin E. Murphy, 1997-06-26 John Law 1671-1729 left a remarkable legacy of economic concepts from a time when economic conceptualization was very much at an embryonic stage Yet he is best known and generally dismissed today as a rake duellist and gambler This intellectual biography offers a new approach to Law one that shows him to have been a significant economic theorist with a vision that he attempted to implement as policy in early eighteenth century Europe Law's style marked by a clarity and use of modern terminology stands out starkly against the turgid prose of many of his contemporaries His vision of a monetary and financial system was certainly one of a later age for Law believed in an economy of banknotes and credit where specie had no role to play Ultimately Law failed as a policy maker in part because of the entrenchment of the financiers and their aristocratic backers and in part because of theoretical flaws in his vision His struggle for power took place against the background of Europe's first major stock boom and collapse The collapse of the Mississippi System which he had conceived and the South Sea Bubble led to a lasting impression of Law as a failure It is this impression that Antoin Murphy seeks to dispel Bringing Travel Home to England Susan Lamb, 2009 This study is the first to identify and examine the circulations and mutually constitutive relations among literature tourism and the wider culture in the 18th century Gendering emerges as a key mechanism both for those who brought travel home and for those who were influenced by it in other ways **Epistolary Fiction in Europe, 1500-1850** Thomas O. Beebee, 1999-03-28 This book explores epistolary fiction as a major phenomenon across Europe from the Renaissance to the nineteenth century *The Columbia Anthology of Gay Literature* Byrne Fone, 1998 Here at last is a single volume that reveals the bright thread of gay literature throughout the Western tradition With hundreds of works by authors ranging from Ovid to James Baldwin from Plato to Oscar Wilde The Columbia Anthology of Gay Literature presents a wide range of poetry fiction essays and autobiography that depict love friendship intimacy desire and sex between men **The Image of Manhood in Early Modern Literature** Andrew P. Williams, 1999-04-30 The numerous and multifaceted ways in which masculinities emerge and are expressed within cultures prompt a broad ranging examination and reconsideration of what it means to be a man Within the study of masculinity the early modern period stands between the Renaissance when conceptions of manhood were primarily dominated by chivalric and humanistic traditions and the latter half of the 18th century which marked the beginnings of modern conceptions of masculine identity But rather than a transitional period the early modern era was a key moment in the evolutionary dynamics of masculine representation Political forces such as the Puritan revolution the Restoration and the shift in power from the courtier class to the growing middle class forced a

reconsideration of the masculine ideal in light of the experiences of the masses At the same time the emergence of print culture provided a means of transmitting the new masculine ideal and literature of the period reflected the changing notions of masculinity The chapters in this volume explore the various strategies used by early modern writers to represent masculinity Together the expert contributors offer a broad perspective on the social and political dynamics of early modern masculine identity Included are chapters on such writers as Thomas Carew Andrew Marvell Francis Beaumont and John Fletcher John Dryden Daniel Defoe and Samuel Richardson Though incorporating a variety of critical approaches the contributors all explore the inherent anxiety associated with masculinity and its representation The chapters demonstrate how significant literary texts of the period provided not only idealized images of early modern manhood but also contesting ones By focusing on the literary historical and social dynamics which construct cultural perceptions of masculinity this volume ultimately illustrates the literary representation of manhood in the early modern period to be a dynamic and evolving process which often challenged Western notions of what it means to be a man

Hobson, 2016-04-30 Against the backdrop of Britain's underground 18th and early 19th century homosexual culture mob persecutions and executions of homosexuals Hobson shows how Blake's hatred of sexual and religious hypocrisy and state repression and his revolutionary social vision led him gradually to accept homosexuality as an integral part of human sexuality In the process Blake rejected the antihomosexual bias of British radical tradition revised his idealization of aggressive male heterosexuality and his male centered view of gender and refined his conception of the cooperative commonwealth
