**The Practice of the Body of Christ** Colin D. Miller,2014-09-18 The Practice of the Body of Christ begins a conversation between apocalyptic interpretations of the Apostle Paul and the contemporary revival in virtue ethics It argues that the human actor s place in Pauline theology has long been captive to theological concerns foreign to Paul and that we can discern in Paul a classical account of human action that Alasdair MacIntyre s work helps to recover Such an account of agency helps ground an apocalyptic reading of Paul by recovering the centrality of the church and its day to day Christic practices specifically but not exclusively the Eucharist To demonstrate this Miller first offers a critique of some contemporary accounts of agency in Paul in light of MacIntyre s work Three exegetical chapters then establish a MacIntyrian rereading of central parts of the letter to the Romans A concluding chapter offers theological syntheses and prospects for future research

**The Expositor's Bible** Alfred Plummer,2014-12-09 Example in this ebook CHAPTER I THE CATHOLIC EPISTLES This volume is to treat of the General Epistle of St James and the General Epistle of St Jude According to the most common but not

invariable arrangement they form the first and the last letters in the collection which for fifteen centuries has been known as the Catholic Epistles The epithet General which appears in the titles of these Epistles in the English versions is simply the equivalent of the epithet Catholic the one word being of Latin generalis the other of Greek origin In Latin however e g in the Vulgate these letters are not called Generales but Catholic The meaning of the term Catholic Epistles has been disputed and more than one explanation may be found in commentaries but the true signification is not really doubtful It certainly does not mean orthodox or canonical although from the sixth century and possibly earlier we find these Epistles sometimes called the Canonical Epistles Epistol Canonic an expression in which canonical is evidently meant to be an equivalent for catholic This use is said to occur first in the Prologus in Canonicas Epistolas of the Pseudo Jerome given by 2 Cassiodorus De Justit Divin Litt viii and the expression is used by Cassiodorus himself whose writings may be placed between A D 540 and 570 the period spent in his monastery at Viviers after he had retired from the conduct of public affairs The term catholic is used in the sense of orthodox before this date but not in connexion with these letters There seems to be no earlier evidence of the opinion certainly erroneous that this collection of seven Epistles was called Catholic in order to mark them as Apostolic and authoritative in distinction from other letters which were heterodox or at any rate of inferior authority Five out of the seven letters viz all but the First Epistle of St Peter and the First Epistle of St John belong to that class of New Testament books which from the time of Eusebius H E III xxv 4 have been spoken of as disputed i e as being up to the beginning of the fourth century not universally admitted to be canonical And it would have been almost a contradiction in terms if Eusebius had first called these Epistles catholic H E II xxiii 25 VI xiv 1 in the sense of being universally accepted as authoritative and had then classed them among the disputed books Nor is it accurate to say that these letters are called catholic because they are addressed to both Jewish 3 and Gentile Christians alike a statement which is not true of all of them and least of all of the Epistle which generally stands first in the series for the Epistle of St James takes no account of Gentile Christians Moreover there are Epistles of St Paul which are addressed to both Jews and Gentiles in the Churches to which he writes So that this explanation of the term makes it thoroughly unsuitable for the purpose for which it is used viz to mark off these seven Epistles from the Epistles of St Paul Nevertheless this interpretation is nearer to the truth than the former one To be continue in this ebook

Richey,2015-03-02 Winner

of the 2015 Saddleback Selection Award from the Historical Society of The United Methodist Church During the nineteenth century camp meetings became a signature program of American Methodists and an extraordinary engine for their remarkable evangelistic outreach Methodism in the American Forest explores the ways in which Methodist preachers interacted with and utilized the American woodland and the role camp meetings played in the denomination's spread across the country Half a century before they made themselves such a home in the woods the people and preachers learned the hard way that only a fool would adhere to John Wesley's mandate for preaching in fields of the New World Under the blazing American sun Methodist preachers sought and found a better outdoor sanctuary for large gatherings under the shade of great oaks a natural cathedral where they held forth with fervid sermons The American forests argues Russell E Richey served the preachers in several important ways Like a kind of Gethesemane the remote garden like solitude provided them with a place to seek counsel from the Holy Spirit They also saw the forest as a desolate wilderness and a means for them to connect with Israel's years after the Exodus and Jesus's forty days in the desert after his baptism by John The dauntless preachers slashed their way through following America's expanding settlement and gradually sacralizing American woodlands as cathedral confessional and spiritual challenge as shady grove as garden and as wilderness The threefold forest experience became a Methodist standard The meeting of Methodism's basic governing body the quarterly conference brought together leadership of all levels The event stretched to two days in length and soon great crowds were drawn by the preaching and eventually the sacraments that were on offer Camp meetings if not a Methodist invention became the movement's signature a development that Richey tracks throughout the years that Methodism matured to become a central denomination in America's religious landscape

**Evangelical Hospitality** Tory K. Baucum, 2008 Christian faith is always a leap When the leap takes particularly long in a society the Church has characteristically shortened that leap through a process approach to winning seekers known as catechetical evangelism Author Tory Baucum explores catechumenal evangelism in the early Church and its recovery in the early modern period in Methodism and late modernity or postmodernity in the Alpha course Baucum seeks to describe the salient features of catechetical evangelism and why it is effective at creating an environment that shortens the leap from unbelief to belief Evangelical Hospitality describes a church that has lost touch with its deep memory of evangelization the recovery of that memory in catechetical ministry and the kinds of practices this recovery spawns in the Church After describing the social construction of faith communities the bulk of the book examines four core practices which are entailed in creating cultures of faith places where believing in Christ becomes plausible and possible The book concludes with some perennial principles from Christian communities who learn to construct faith cultures
