Is Love Enough? Lauren St. James, 2012-05-09 Is Love Enough Lauren St James Lori McCall has a very predictable existence Her once happy 22 year marriage has lost its luster and now is anything but exciting Juggling a career and family has become a thankless job Each day she is lonelier than the one before without much to look forward to As the years pass her by she realizes that she has not only lost the connection with her husband Sal but more importantly she has lost herself With her children nearing the age of independence Lori knows that soon she will have to make a decision about her future When an old flame Jesse contacts Lori her emotions begin to spiral out of control What does he want from her after all these years Would her life have been different had she not betrayed him Had Jesse ever really forgiven her More importantly does he hold the keys to a better more fulfilling life for her And if so can she walk away from the only life she knows a life that had once been so perfect for her With her thoughts consumed by the past she continues to go through the motions in the present but can only dream about the future A new future full of promise Is Love Enough?
