Augustine and the Limits of Politics Jean Bethke Elshtain,2018-04-30 Now with a new foreword by Patrick J Deneen Jean Bethke Elshtain brings Augustine s thought into the contemporary political arena and presents an Augustine who created a complex moral map that offers space for loyalty love and care as well as a chastened form of civic virtue The result is a controversial book about one of the world s greatest and most complex thinkers whose thought continues to haunt all of Western political philosophy What is our business within this common mortal life Augustine asks and bids us to ask ourselves What can Augustine possibly have to say about the conditions that characterize our contemporary society and appear to put democracy in crisis Who is Augustine for us now and what do his words have to do with political theory These are the underlying questions that animate Jean Bethke Elshtain s fascinating engagement with the thought and work of Augustine the ancient thinker who gave no political theory per se and refused to offer up a positive utopia In exploring the questions Why Augustine why now Elshtain argues that Augustine s great works display a canny and scrupulous attunement to the here

and now and the very real limits therein She discusses other aspects of Augustine's thought as well including his insistence that no human city can be modeled on the heavenly city and further elaborates on Hannah Arendt's deep indebtedness to Augustine's understanding of evil Elshtain also presents Augustine's arguments against the pridefulness of philosophy thereby linking him to later currents in modern thought including Wittgenstein and Freud Library of Congress Catalog Library of Congress, 1972 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953 1955
