My Battle With Cushings Disease:

My Battle with Cushing Disease Linda Garnier, 2004-04 Intended to be a guide and necessary resource for all of her fellow Cushies this is one woman's story of the misdiagnosis sickness surgery and ultimately recovery and inspiration she experienced with the all consuming and life threatening Cushing's Disease *Though it All God Reigns* Rebecca Leigh Cardwell Sibley, 1994 **Messages From God And Answered Prayers** Sharlene Adams, 2018-03-26 God Jesus and the Holy Spirit talks to all of us not just the well educated the evangelist the pope or church leaders He talks to you and me everyday regular people He is looking for people that He can use to do His work here on earth The Holy Spirit has for many years been asking Sharlene to write about the supernatural experiences that she has had most of her life and also to write about answered prayers Sharlene felt that she was not qualified to be a writer She is a little dyslexic and some of her experiences are a little way out there for some people but she is writing for the glory of God not man She is now obeying God doing His will The Holy Spirit told her Moses was not a speaker and look what God did through him Sharlene is passionate about helping people learn how to hear God Jesus and the Holy Spirit She also has a passion for healing God's people and exposing the lies of the enemy Do His will He has a plan for you and it is wonderful *The Spirit Told Me What the Doctors Couldn't* Jody L. Williams, 2016-02-11 After a fifteen year battle against an elusive enemy Jody Williams was finally able to put a name to the disease that had been ravaging his body for so long The Spirit Told Me What the Doctors Couldn't is the inspiring story of Williams battle against Cushing's disease and his miraculous journey to recovery Cushing's is a deadly disease that afflicts its target with many of the common side effects associated with obesity high blood pressure diabetes heart problems and many other varying symptoms These symptoms can all be treated separately without ever identifying the disease that hides itself deep within the endocrine system Unfortunately for many individuals the disease is never uncovered leading to fatality as they never receive the necessary treatment If you or someone you know is suffering with any of these symptoms and seeking answers in the battle be encouraged there is hope **Help, My Body is Killing Me** Kevin Conners, 2010-10 Why do I feel so lousy even after my doctor said my labs are normal I'm exhausted all the time Ever since _____ my life has never been the same My doctor and even my family just think I'm crazy We've tried everything to get pregnant and are ready to give up hope I'm on 4 different meds and nothing seems to work My son's teacher wants him on Ritalin but I know that's not the solution but I'm at the end of my rope These are just a few questions our patients have that sparked me to write this simple easy to read book that has become an ah ha moment to its readers It is comforting to know there is a REASON for your symptoms and downright inspiring to find out there is a SOLUTION My heart breaks to hear the stories of the years of suffering and misery that has torn families apart and destroyed dreams I pray this book brings hope to those who have given up enlightens them to believe that there is a way out of their struggle and leads them to recapture their life r Kevin Conners www.TakeMyPain.com www.MIAutoimmune.com **Mother of a Suicide** Joanna Lane, 2016-10-27

It's bad enough to lose a child to suicide but what do you do if you discover that the depression was caused by an underlying medical condition and that a million others are at risk because vital medical information is being suppressed? Joanna Lane tells the story of her 31-year-old son's death, her grief, and her search for the reason behind his suicide. When she finds that a rarely diagnosed but far from rare condition probably lay behind his despair, she tries to raise the alarm to save others. However, her unsuspecting attempts are met with obstruction after obstruction. Gradually, she confronts the truth that the organisations set up to protect the public are not doing their job and we are all at risk. A must read for anyone who has ever had a head injury or been diagnosed with ME, Chronic Fatigue Syndrome, or Fibromyalgia. And a must read for anybody who still believes that important health decisions are made with the patient's welfare in mind. In this heartfelt, heartrending, angry, and yet uplifting book, Joanna Lane charts her journey through grief and on to a fight that saw her set against the entrenched world of the medical establishment. A world that still in large part turns away from the truth which she uncovered. **Island**

Splashes Crystal G. Reece, 2013-07. What is important is the circles of influence that have helped me to become who I am today. God has used each splash to divinely order every step to ripple through every part of my life, ministry, and story. I pray to continually make splashes with those impacts from here to the uttermost parts of the earth by living out each lesson learned. Never forget that regardless of the size of the splash, each one of them continues to ripple across the ocean of life. Crystal Reece, Author. Her story is our story. It's the life of contrasts: the writer of Ecclesiastes told us about sadness and joy, tears and victory, grief and dancing, crawling and flying; it's all there. But unlike so many, the fragile segments of Crystal's life are held together by the God thread of unwavering trust. It is this very thread that reaches out and weaves you into the amazing tale of a life of selfless devotion to the God of the universe. More than a memoir, this is a story that can become yours if you let it. Melani Shock, Pentecostals of Alexandria and author of *Eat This Book*. If you expect this book to be about a young woman's call to do missions work, it is. Do you perceive it to be about prayer? You are correct. Do you view this as a how-to book on finding God's will and experiencing His provision? Right again, it's all this and more. This book illustrates how God strategically places influencers in our lives to splash us, as Crystal so ably states, causing ripple effects. As you read, may your heart be stirred, causing you to splash others with the all-encompassing love of Jesus Christ. David and Kathy Brott, missionary envoys, Global Missions UPCI.

Witness the miracles in the midst of the misery as family and friends rally to help this family cope with an incurable disease. Note the sadness that comes when this father's father passes away at the height of his
