My Early Travels and Adventures in America and Asia Henry M. Stanley,2015-06-15 Excerpt from My Early Travels and Adventures in America and Asia The letters from the Indian country which are contained in the first volume were not written with a view to permanent publication but for the exacting and imperious necessities of American newspapers principally for the Missouri Democrat of St Louis and a New York paper Previous to the period at which they begin I had been only an Occasional Descriptist of battle scenes and important public events but in my twenty fifth year I was promoted to the proud position of a Special Correspondent with the very large commission to inform the public regarding all matters of general interest affecting the Indians and the great Western plains The incidents to which the letters relate occurred in 1867 during two Indian campaigns When General Hancock s expedition first set out from the Missouri River it was generally expected that there would be a good deal of fighting but the General s disposition and management of the Indian chiefs were such that he had only to conduct a series of tactical marches through the red men s domains About the Publisher Forgotten Books publishes hundreds of thousands of

My Early Travels and Adventures in America and Asia Henry M. Stanley, 2015-06-15 Excerpt from *My Early Travels and Adventures in America and Asia Vol 2* The sandy Isthmus of Suez was considered by the Kings of Ancient Egypt as a good defence against the Assyrians and Persians The two seas which bound it north and south were almost connected by a chain of salt lakes which occupied every depression on the isthmus There is evidence enough to prove that in prehistoric times the Red Sea and the Mediterranean once commingled their waters and that the sand which formed the isthmus had been gradually heaped up by action of strong wind and tides For in the time of Isaiah this process was taking place About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

My Early Travels and Adventures in America and Asia ... With Two Maps and Two Photogravure Portraits Sir Henry Morton STANLEY, 1895 [Classified Catalogue of the Carnegie Library of Pittsburgh](#) Carnegie Library of Pittsburgh, 1907

A Man Called Plenty Horses Alan R. Hall, 2018-04-17 *Global West, American Frontier* David M. Wrobel, 2013-10-15 This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes Looking at both European and American travelers accounts of the West from de Tocqueville's *Democracy in America* to William Least Heat Moon's *Blue Highways* David Wrobel offers a counter narrative to the nation's romantic entanglement with its western past and suggests the importance of some long overlooked authors lively and perceptive witnesses to our history who deserve new attention Prior to the professionalization of academic disciplines the reading public gained much of its knowledge about the world from travel writing Travel writers found a wide and respectful audience for their reports on history geography and the natural world in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline Although in recent decades western historians have paid little attention to travel writing Wrobel demonstrates that this genre in fact offers an important and rich understanding of the American West one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin's *Adventures of the Ojibbeway and Ioway Indians* in England France and Belgium 1852 Richard Francis

Burton's *The City of the Saints* 1861 and Mark Twain's *Following the Equator* 1897 reminders of the messy and contradictory world that people navigated in the past much as they do in the present His book is a testament to the instructive ways in which the best travel writers have represented the West
