**My Left Side** Darlene Linda Jones-Brooks, 2015-07-30 Author Darlene Linda Jones Brooks has been through a lot in her life and strangely enough many of the worst physical experiences have happened on the left side of her body When she was thirteen a cousin accidentally stabbed her in the wrist As an adult she got caught in the crossfire of random shooting and lost half her left kidney due to the resulting injury Later a severe pain in her left leg led to a diagnosis of lupus and she developed breast cancer with the tumor appearing in her left breast In addition over the course of her life she has been a victim of rape and has dealt with her pain using drugs and alcohol often with damaging consequences In spite of it all though she went back to her first love her Lord and Savior Jesus Christ Now she lives her life for the Lord and is steadily growing in his Word This memoir tells the personal narrative of a woman who has endured much pain and struggle in her life but now turns to God for support through troubles

**I'd Give My Left Boob for That ... Oh, Wait, I Already Did** Kim Fairchild, 2009-07 On December 7 2001 thirty five year old Kimberly Fairchild's world turned upside down when she heard the life changing words You've got cancer I'd Give My Left Boob for That Oh Wait I Already Did details one woman's journey before during and after her courageous battle with Invasive Ductal Carcinoma the most common form of breast cancer With no family history and a fairly healthy life Fairchild shares how she got past the shocking diagnosis and subsequently relied on laughter and humor to help her through one of the most difficult and darkest times of her life As she faced new challenges fears and physical discomfort Fairchild describes how her diagnosis affected everyone around her all in different ways and how she learned to accept their comforting words and return the favor when they too needed reassurance From surgery to chemotherapy to reconstructive surgery Fairchild provides an emotional sometimes humorous yet intensely honest portrayal of what it's like to experience breast cancer Written with the desire to help others this eye opening glimpse into the world of breast cancer shares the compelling story of how an ordinary girl fought the extraordinary fight of her life and won

**My Left Breast** Mary Bickerstaff, 2015-02-26 She felt the ground shake beneath her as she learned of her diagnosis Cancer had come knocking at her door She chose to journal this great intruder Putting one foot in front of the other she came to know the healing in the universe This mammoir chronicles a journey of healing How precious is her left

breast She shares intimate details of medical interventions to save this beautiful little piece of herself that meant so much to her She became vulnerable and strong at the same time And now she chooses to invite others into her labyrinth to travel into the sacred center where she met Christ Silence meditation prayer Reiki nature birds bees music and sacred mountains all enfolded her and kept her from falling But more than these the many angels who walked this journey with her were the truest gifts bearers of a sweet healing balm She continues on the way of the labyrinth Healing is embracing what she fears most and opening to what has been closed As she moves about the earth she learns to trust life and believes that her suffering may heal others Arent we all bound together by the healing in the universe She is not afraid of the future She loves the Lord and knows that the Lord will rescue her answer her protect her be with her in trouble deliver her and show her salvation Others may know this too Each will have their own story to tell each will be different like a snowflake

**Reconsidering Social Constructionism** Gale Miller,2017-09-29 With the impact of social interactionist and ethnographic methodology twenty five years ago the research agenda in social problems began to shift its focus giving rise to the Social Constructionism movement The present volume and the related shorter text Constructionist Controversies review the substantial contributions made by social constructionist theorists over that period as well as recent debates about the future of the perspective These contributions redefine the purpose and central questions of social problems theory and articulate a research program for analyzing social problems as social constructions A generation of theorists has been trained in the constructionist perspective and has extended it through numerous analyses of diverse aspects of contemporary social life The debates in this volume pose fundamental questions about the major assumptions of the perspective the ways in which it is practiced and the purposes of social problems theory Their point of departure is Ibarra and Kitsuse s essay cutting new theoretical ground in calling for investigating vernacular resources especially rhetorical forms in the social problems process Contributors are forceful proponents both within and outside of the social constructionist community who take a broad array of positions on the current state of social problems theory and on the rhetorical forms that need exploring They also lay down the general lines for diverse and often competing programs for the future development of the constructionist agenda No More Bad Days Demetrica L. **Reflections! (HB)** Terry Wells-Jones, 2022-10-12 *Reflections Looking in the Mirror* By Terry Wells Jones Born in the era of Jim Crow segregation Terry Wells Jones grew up in a small town in the Deep South. Even from a young age this Black girl knew she was destined to overcome the obstacles that faced her. Through her faith, belief, hope, stamina, and grit Terry overcame a traumatic experience and countless roadblocks to become one of the first Black models in the mid 1960s. She also became the first woman hired by a Fortune 500 company in a sales position, breaking through the glass ceiling opening doors for other women in a male-dominated world. Terry Wells Jones fought many battles to reach her level of success in business while also cultivating a happy family life. In this memoir Terry shares the philosophies that helped her on her journey as well as the disappointments and opposition she faced along the way. This is her astounding success story.

**My Left Breast** Barbara Joss, Libby Harkness, 1999

**Ordinary Life** Kathlyn Conway, 2025-06-25 This book is a striking departure from the literature of illness as well as a remarkable literary work in its own right. The stories we typically hear about people coping with serious illness are set up as heroic tales that emphasize the victim's triumph over adversity or even portray the experience of illness as a transformative event that makes the survivor a better person. In this compelling account written from within an illness Kathlyn Conway gives us a deeply honest description of her own struggle with breast cancer and its many reverberations through her everyday life, bringing us to the heart of the experience of illness without preachiness or sentimentality. Conway did not experience breast cancer as a means for reevaluating her life but rather as a terrible threat to her future and that of her family. Making difficult choices among treatment possibilities, dealing with nurses, doctors, and lab technicians, undergoing a mastectomy and enduring chemotherapy, Conway discovered that although she wanted to play the part of the brave, long-suffering patient, she could not. Angry and upset much of the time, overwhelmed by her situation, she found it difficult to cope even with the support her family and friends provided. In her willingness to share this story of herself as a frightened, sometimes selfish, often despairing human being, Kathlyn Conway gives us not only an unsettling portrait of our everyday mortality but a renewed appreciation of life itself.

**A Patchwork of Pink** Bev Arnold, 2017-12-05 At the age of sixty-nine, author Bev Arnold realized a long-secreted childhood dream. She released her debut country music CD *Never too Late*. Just months later she found herself sitting in a doctor's office receiving a breast cancer diagnosis. In *A Patchwork of Pink*, Arnold narrates her life story focusing on her cancer journey. At first the diagnosis was a bothersome intrusion into her current excitingly fulfilling life. But throughout the ensuing months, this initial response was replaced by a deepening pernicious despondency as she felt her life changing. She watched her evaporating dreams, hopes, and musical aspirations being replaced by visions of a desolate, obfuscated future. Arnold tells how it was an experience that intruded on and disrupted every aspect of the world she had taken for granted. With her emotional response to cancer treatment infinitely more harmful

than the physical A Patchwork of Pink illustrates how her love for and involvement with the local wildlife provided her with often hilarious sometimes tragic interactions offering a stabilizing anchor to her emotional turmoil **The Nursing**
