

Nato From Berlin To Bosnia Trans Atlantic Security In Transition

**Jo Inge Bekkevold, Ian Bowers, Michael
Raska**

Nato From Berlin To Bosnia Trans Atlantic Security In Transition:

NATO - from Berlin to Bosnia S. Nelson Drew,1993 *NATO from Berlin to Bosnia* Gordon Press Publishers,1997-06

NATO From Berlin to Bosnia Trans-Atlantic Security in Transition, McNair Paper 35, U.S. Department of Defense, 1995
National Defense University, **NATO and the Future of European Security** Sean Kay,1998 Tracing NATO s formative years its Cold War development and its post Cold War evolution Sean Kay draws on his policy experience in Brussels and Washington to provide unique insights into contemporary policy challenges including NATO s outreach to the East and its Partnership for Peace peacekeeping and the future of the Balkans enlargement and the role of Russia in Europe NATO s internal military adaptation and the future of the transatlantic relationship Kay argues that although NATO has evolved to some degree it remains an institution dependent upon the United States with uncertain long term prospects for playing a constructive role in Europe Indeed the author shows that if not implemented carefully NATO enlargement may actually decrease rather than increase stability in the region **French Security Policy in Transition** Robbin Frederick

Laird,1995 Since 1989 French defense and security policy has been undercut by changes in the external environment and domestic pressures to deal with the challenge of economic modernization The Soviet revolution of 1989 the reunification of Germany the collapse of the Soviet Union and the experience of coalition warfare during the Gulf War all have challenged the assumptions and realities underlying the Gaullist synthesis Above all the French position on security independence has been put into question The main hope has been for a European Alliance to supplant the American one over time in the face of a gradual process of change within Europe but change has not been gradual within Europe The European Union is challenged by discontent within Western Europe A new Central Europe has emerged that has yet to find its place in European or global politics A new Russia is emergent in which nationalism is defining an assertive role for the Russians within Europe but at the same time the economic weakness of Russia limits its ability to play such a role *NATO, the European Union, and the Atlantic Community* Stanley R. Sloan,2005-07-28 Provides an interpretive history of the trans atlantic alliance and explores critical developments in US European relations The author considers the ongoing pattern of US unilateralism and its consequences as the trans atlantic and intra European debate over Iraq produced deep splits among the allies and eroded European trust in US leadership Britain, NATO and the Lessons of the Balkan Conflicts, 1991 -1999 Stephen Badsey,Paul Latawski,2004-05-13 This book considers the lessons for Britain the British armed forces and for NATO from the Yugoslav wars of dissolution 1991 1999 with particular emphasis on Kosovo It represents a significant advance in this emerging debate

Security, Strategy and Military Change in the 21st Century Jo Inge Bekkevold,Ian Bowers,Michael

Raska,2015-05-22 This edited volume explores and analyses strategic thinking military reform and adaptation in an era of Asian growth European austerity and US rebalancing A significant shift in policy strategy and military affairs is underway in both Asia and Europe with the former gaining increasing prominence in the domain of global security At the same time the

world's powers are now faced with an array of diverse challenges. The resurgence of great power politics in both Europe and Asia along with the long term threats of terrorism, piracy and sustained geopolitical instability has placed great strain on militaries and security institutions operating with constrained budgets and wary public support. The volume covers a wide range of case studies including the transformation of China's military in the 21st century, the internal and external challenges facing India, Russia's military modernization program and the USA's reassessment of its strategic interests. In doing so, the book provides the reader with the opportunity to conceptualize how strategic thinking, military reform, operational adaptation and technological integration have interacted with the challenges outlined above. With contributions by leading scholars and practitioners from Europe and Asia, this book provides a valuable contribution to the understanding of strategic and operational thinking and adjustment across the world. This book will be of much interest to students of military and strategic studies, security studies, defence studies, Asian politics, Russian politics, US foreign policy and IR in general. Defense of the West Stanley R. Sloan, 2020-09-11. Written in a lively and readable style by the world's leading authority on the North Atlantic Treaty Organization and US-European relations, *Defense of the West* is the history of a transatlantic security relationship that has endured for over seventy years. This latest edition of a classic work looks at how developments inside NATO and European Union member states affect their ability to defend against external threats while preserving Western values in the era of Trump and Brexit. Sloan frankly addresses the failures and shortcomings of Western institutions and member states. But the book emphasizes the continuing importance of value-based transatlantic security cooperation as a vital element of the defense and foreign policies of NATO and EU member states. At a time of heightened tension and political turmoil at home and abroad, Stan Sloan's lucid and far-sighted analysis is more necessary than ever. *NATO in the First Decade after the Cold War* Martin A. Smith, 2013-03-09. This book offers an original and distinct analysis of NATO's post-Cold War evolution. Unlike so much of the available literature, it is not focused on what, in the author's opinion, NATO should be doing now that the Cold War is over. Rather, the author offers a comprehensive analysis and overview of the extent to which NATO can undertake new roles, tasks and missions in light of the extent to which it has retained significance and vitality as an international institution. The book's originality also lies in the way in which the author discusses NATO's adaptation within a framework provided by international relations theory and, in particular, concepts which stress the role and importance of transnational political processes and international regimes. So far, these have been little used in the analysis of military security relations and institutions. The book will be of interest to those researching and teaching international relations, European politics and security studies, as well as all those seeking a better understanding of the post-Cold War survival and development of a key international security institution. *Europe and the Breakup of Yugoslavia* Steven P. Marrone, 2021-09-20. **Monthly Catalogue, United States Public Documents**, 1995-12. **Monthly Catalog of United States Government Publications** United States. Superintendent of Documents, 1995. *NATO's Peace*

Enforcement Tasks and Policy Communities Giovanna Bono, 2017-11-30 This book was published in 2003 How has NATO managed to survive and transform itself into a peace enforcement organization Challenging the dominant assumption that NATO intervened in the Balkans because of the threat that conflicts in the region posed to European security this book develops a new set of research questions based on the hypothesis of the existence of policy communities The author demonstrates that there were shifting policy communities in operations that shaped the Alliance's transformation process arguing that NATO would not have succeeded in assuming peace enforcement tasks without other factors ranging from organisational dynamics domestic politics and the impact of ad hoc reactions to external events coming into play Highlighting the role of NATO as an actor in international security this volume is aimed at academics and practitioners in the field of international relations

Interagency Cooperation William W. Mendel, 1995 *McNair Papers* National Defense University, Explaining and Influencing Chinese Arms Transfers Karl W. Eikenberry, 1995 The Bosnian Muslims Francine Friedman, 2018-10-08 Although their plight now dominates television news worldwide the Bosnian Muslims were until recently virtually unknown outside of Yugoslavia This meticulously researched comprehensive book traces the turbulent history of the Bosnian Muslims and shows how their mixed secular and religious identity has shaped the conflict in which they are now so tragically embroiled Although their plight now dominates television news worldwide the Bosnian Muslims were until recently virtually unknown outside of Yugoslavia Who are these people Why are they the focus of their former neighbors' rage What role did they play in Yugoslavia before they became the victims of ethnic cleansing Why has Bosnia Hercegovina once a model of ethnic tolerance and multicultural harmony suddenly exploded into ethnic violence Focusing on these questions Friedman provides a comprehensive study of this national group whose plight has riveted governments the press and the public alike With a name reflecting both their religious and their national identity the Bosnian Muslims are unique in Europe as indigenous Slavic Muslims Descendants of schismatic Christians from the Middle Ages they converted to Islam after the Ottoman conquest of Bosnia The book follows them as they went from victims of crusades during the Middle Ages to members of the ruling elite within the Ottoman Empire from rulers back to subjects under Austria Hungary and later subjects again this time under the Serbs in the interwar Yugoslav Kingdom and the Communists after World War II The Bosnian Muslims have survived through it all even thriving during certain periods most notably when they were recognized by Tito as a nation Meticulously tracing their turbulent history and assessing the issues surrounding Bosnian Muslim nationhood in Yugoslavia Friedman shows us how the mixed secular and religious identity of the Bosnian Muslims has shaped the conflict in which they are now so tragically embroiled

International Military Education and Training John A. Cope, 1995 The Revolution in Military Affairs Robbin F. Laird, Holger H. Mey, 1999 The revolution in military affairs RMA is an American concept that frames a debate about the restructuring of American military forces in the period of globalization of the American economy A core task for U S allies is to seek to understand the American debate the American approach to

the RMA a baseline the RMA Europe France reflections on the U S European military technology gap
