**Odyssey of a Desert Prospector** Herman W. Albert,1974      *Desert Passages* Patricia Nelson Limerick,1985 Traces the development of American attitudes toward the desert using case studies from many writers over the years      *Odyssey of a Desert Prospector* Herman W. Albert,1967 Albert began prospecting in Tonopah Nevada in 1907 He told of the prospecting life he led for 13 years the people he met and his transition to banking      *Death Valley and the Amargosa* Richard E. Lingenfelter,1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history      OF1998-01: Mineral and energy resource assessment of the Nellis Air Force Range ,      **Death Valley to Deadwood; Kennecott to Cripple Creek** United States. National Park Service. Division of National Register Programs,1990 Papers address concerns by contractors and agencies in how to survey and nominate properties to the National Register of Historic Places and how to mitigate adverse actions on significant resources management concerns related to historic mining sites on public lands and interpretation and display of mining sites and materials The focus is on the western United States but other parts of the U S and western Canada are covered      *A Cryptic Odyssey* John Bartel Weston,2016-08-11 The first three chapters of the book offer the author s depiction of his life leading up to his cryptic odyssey through various countries and continents of the world The symptoms and signs of his mental illness are evident throughout the book but they do not detract from a reader s comprehension and enjoyment of the storyline as it develops The descriptions of his experiences are generally quite lucid educational and entertaining He offers little known information relating to the field of precious metal prospecting and he includes interesting world historical information that bears on his narrative The book also offers vivid insights into the real world as seen by someone unknowingly suffering from mental illness      **Romancing Nevada'S Past** Shawn Hall,2016-06-01 Drawing on county records newspaper microfilm personal interviews and on site investigation Hall provides the reader with a history of 175 significant sites rendering a treasury of interesting facts on every page This book blends history and old photographs

with an update on the present condition of each ghost town or landmark The sites and towns are arranged alphabetically county by county for quick reference Jews in Nevada John P. Marschall,2011-03-28 Jews have always been one of Nevada's most active and influential ethnic minorities They were among the state's earliest Euro American settlers and from the beginning they have been involved in every area of the state's life as businessmen agrarians scholars educators artists politicians and civic professional and religious leaders Jews in Nevada is an engaging multilayered chronicle of their lives and contributions to the state Here are absorbing accounts of individuals and families who helped to settle and develop the state as well as thoughtful analyses of larger issues such as the reasons Jews came to Nevada in the first place how they created homes and interacted with non Jews and how they preserved their religious and cultural traditions as a small minority in a sparsely populated region **Death Valley National Monument (N.M.), Natural and Cultural Resource Management Plan, Proposed (NV,CA)** ,1982

A Mine of Her Own Sally Zanjani,2000-09-01 prospectors for the first time Sally Zanjani depicts more than one hundred women prospectors in often grueling financially unrewarding and utterly lonely efforts to strike it rich from the desert Southwest to the frozen rocks of Alaska and the Yukon She tells their stories with warmth and skill and in bringing them to life forever changes our mental picture of the women who helped shape the modern West

**Western Mining** Otis E. Young, Jr.,Otis Young,Robert Lenon,1977-06-01 Here for the first time is a clear account in words and pictures of the methods by which gold and silver were extracted and processed in the Old West The author describes the early days of Spanish and Indian mining and the wild era inaugurated by the American prospector who rushed west to get rich quick ending with the year 1893 when repeal of the Sherman Silver Purchase Act virtually closed the mining frontier The account gives in laymen's language the techniques employed in prospecting placering lode mining and milling particularly those employed by the Spaniards Indians and Cornishmen and shows how the ever practical Americans adapted and improved them Special attention is given to the methods employed in the California and Montana gold fields Colorado and the Comstock Lode the Black Hills and Tombstone Arizona In these pages the reader also meets some of the unforgettable personalities whose lives enriched and sometimes impoverished the mining camps **Chronicles of**

**Oklahoma** James Shannon Buchanan,1983 **Historic Resource Study, a History of Mining in Death Valley National Monument** Linda W. Greene,1981 **History of Nevada** Russell R. Elliott,1987-01-01 Maintaining the same high standards of the first edition published in 1973 this new revised edition is still the most comprehensive one volume history of

a state that was once thought of as a bridge to somewhere else In revising Elliott summarizes the state's economic political and social history since 1973 and strengthens a major point he made then that Nevada's acceptance of liberal marriage and divorce laws and of legalized gambling brought economic stability to a state singularly devoid of stable economic resources from Book Jacket Mineral Information Service ,1967 Black Powder and Hand Steel Otis E.
