Ordinary Time Cycles In Marriage Faith And Renewal:

Ordinary Time Nancy Mairs, 1993 In *Ordinary Time* Nancy Mairs brings her trademark directness to the subject of religion. Themes that bring out piety and sentimentality in many writers Mairs treats with all her usual outspokenness, candor, and courage. Mairs is a passionate questioner and storyteller, and above all, *Ordinary Time* is writing firmly rooted in the messy realities and questions of the ordinary time of one woman's life. Mairs's marriage is in many ways at the center of the book. My spirit has been schooled in wedlock, and she draws a portrait of her life with her husband that is detailed in a way rarely seen in personal writing. She shows us moments of marital despair in *Here Grace* for instance, but also the details of the way toward clarity and reconciliation. Mairs writes with wit, exactitude, and intelligence about her conversion from a devout New England Protestant teenager, a bit mystically inclined, to an unorthodox activist Catholic in the Southwest, about her commitment to feminism two years later, and about her uneasy dual identity as Catholic and feminist, about run-ins with monomaniacal priests, about her husband's cancer and her own disease, about women and the Church, about charity and the body, about raising children, about understanding God's will, and imagining death. *Sex, Love, and Families* Jason King, Julie Hanlon Rubio, 2020-04-15 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living Six years into the papacy of Pope Francis, Catholics are still figuring out how to respond to his image of the church as a field hospital, a church that goes into the streets rather than remaining locked up behind closed doors. Marriage and family are primary sites of the field hospital, called to meet people's need for healing and accompaniment with compassion and love. The authors of this collection all lay a mix of single and married, traditional and progressive Catholics take up this work. They offer practical wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades-old theological debates. Instead, their essays engage with and respond to realities shaping contemporary family life like religious pluralism, technology, migration, racism, sex and gender, incarceration, consumerism, and the call to holiness. The result is a collection that envisions ways that families can be places of healing and love in and for the world. List of contributors: Jennifer Beste, Megan K. Her discussion of symbolic imagery and theological language illustrates how essential it is that words be evaluated and chosen with understanding and care. 1, 2, 3 John Scot McKnight, 2025-08-05 Three Keys for a Revolutionary Way of Living

much in solving clinical conundrums as in addressing the question of how to live a good life Christianity Today *A Gentler God* Doug Frank, 2020-07-09 What is God like Is he the lofty Almighty of conservative religion with power to stop heartbreaking human holocausts and deadly natural disasters but who inexplicably declines to do so Is he the callous Judge offering the faithful a place in his heaven while summarily casting the faithless into everlasting hell Is he the vain King on his throne requiring us to stroke his ego by praising him unceasingly for his awesome power If this is the God we have been taught it is no wonder that many people have come to realize that they do not like let alone trust him The simple certainties of their childhood no longer make sense But the equally assured assertions of today's atheists also leave them cold They want a personal connection with God an honest faith that grows out of their own felt truth and touches them at the deepest levels of their being This book points the way It dismantles the angry punitive God of traditional Protestantism and beckons us toward a kinder more welcoming God This God does not ask us to grit our teeth and try our best to believe Instead this God meets us in our humanity inviting our hearts to respond in genuine trust and love

Spirituality and the Writer Thomas Larson, 2019-03-29 Today the surprisingly elastic form of the memoir embraces subjects that include dying illness loss relationships and self awareness Writing to reveal the inner self the pilgrimage into one's spiritual and or religious nature is a primary calling Contemporary memoirists are exploring this field with innovative storytelling rigorous craft and new styles of confessional authorship Now Thomas Larson brings his expertise as a critic reader and teacher to the boldly evolving and improvisatory world of spiritual literature In his book length essay *Spirituality and the Writer* Larson surveys the literary insights of authors old and new who have shaped religious autobiography and spiritual memoir from Augustine to Thomas Merton from Peter Matthiessen to Cheryl Strayed He holds them to an exacting standard they must render transcendent experience in the writing itself Only when the writer's craft prevails can the fleeting and profound personal truths of the spirit be captured Like its predecessor Larson's *The Memoir and the Memoirist* *Spirituality and the Writer* will find a home in writing classrooms and book groups and be a resource for students teachers and writers who seek guidance with exploring their spiritual lives

Taking Back God Leora Tanenbaum, 2025-10-16 In *Taking Back God* Leora Tanenbaum recounts the stories of women across the United States starting with herself who love their religion but hate their second class status within it If you've witnessed the preferential treatment of men in America's houses of worship you will not be surprised to learn that there is a surge of women in this country rising up and demanding religious equality More and more religious women Christian Muslim and Jewish are declaring that they expect to be treated as equals in the religious sphere They want the same meaningful spiritual connections enjoyed by their brothers fathers husbands and sons They embrace the word of God but are critical of their faith's male oriented theology and liturgy They reject the conventional interpretations of religious traditions that give women a different and to their minds lesser status Rather than abandoning their faith they are taking it back and making it stronger transforming religion while maintaining tradition Tanenbaum relates the experiences of

Catholics evangelical and mainline Protestants Muslims and observant Jews The conflict they face honoring tradition while expanding it to synchronize with modern values is ultimately one that all people of faith grapple with today **Memoir** G. Thomas Couser, 2012-01-19 A compact pithy guide to the most popular form of life writing Memoir An Introduction provides a primer to the ubiquitous literary form and its many subgenres Jesuit and Feminist Education Jocelyn M. Boryczka, Elizabeth A. Petrino, 2012 This book explores how the principles and practices of Ignatian pedagogy overlap and intersect with contemporary feminist theory in order to gain deeper insight into the complexities of today's multicultural educational contexts Drawing on a method of inquiry that locates individual and collective standpoints in relation to social political and economic structures this volume highlights points of convergence and divergence between Ignatian and feminist pedagogies to explore how educators might find strikingly similar methods that advocate common goals including engaging with issues such as race gender diversity and social justice The contributors to this volume initiate a dynamic dialogue that will enliven our campuses for years to come **The Disabled God** Nancy L. Eiesland, 1994-09-01 Draws on themes of the disability rights movement to identify people with disabilities as members of a socially disadvantaged minority group rather than as individuals who need to adjust Highlights the hidden history of people with disabilities in church and society Proclaiming the emancipatory presence of the disabled God the author maintains the vital importance of the relationship between Christology and social change Eiesland contends that in the Eucharist Christians encounter the disabled God and may participate in new imaginations of wholeness and new embodiments of justice *Disability's Challenge to Theology* Devan Stahl, 2022-08-15 Disability's Challenge to Theology uses insights from disability studies to understand in a deeper way the ethical implications that genetic technologies pose for Christian thought Theologians have been debating genetic engineering for decades but what has been missing from many theological debates is a deep concern for persons with genetic disabilities In this ambitious and stimulating book Devan Stahl argues that engagement with metaphysics and a theology of nature is crucial for Christians to evaluate both genetic science and the moral use of genetic technologies such as human genetic engineering gene therapy genetic screenings preimplantation genetic diagnosis and gene editing Using theological notions of creation ex nihilo and natural law alongside insights from disability studies Stahl seeks to recast the debate concerning genetic well being Following the work of Stanley Hauerwas Stahl proposes the church as the locus for reimagining disability in a way that will significantly influence the debates concerning genetic therapies Christianity has all too frequently been complicit in excluding degrading and marginalizing people with disabilities but the new Christian metaphysics developed here provides normative theological guidance on the use of genetic technologies today Only by heeding the voices of people with disabilities can Christians remain faithful to the call to find Christ in the least of these and from there draw closer to God *Neither Here nor There* Timothy Carson, 2019-02-28 Neither Here nor There The Many Voices of Liminality draws together the expertise experience and insights of a coterie of authors all of whom relate the core

concepts of liminality to their unique contexts The experience of and inquiry into liminal phenomena have developed into a distinct discipline of study which now crosses and informs many areas of thought including anthropology sociology theology psychology literature and education New vistas of interdisciplinary study have opened as a result of sharing the common language and symbol system of liminality This anthology reflects the current resurgence of liminality and provides a critical source book ideal for individual reflection study groups classes and seminars From the inner workings of spiritual life to large social transformations liminality now provides a powerful interpretive tool and effective method for spiritual direction teaching and leadership

Writing Catholic Women J. DelRosso, 2016-04-30 Writing Catholic Women examines the interplay of gender race ethnicity nationality and sexuality through the lens of Catholicism in a wide range of works by women writers forging interdisciplinary connections among women's studies religion and late twentieth century literature Discussing a diverse group of authors Jeana DelRosso posits that the girlhood narratives of such writers constitute highly charged sites of their differing gestures toward Catholicism and argues that an understanding of the ways in which women write about religion from different cultural and racial contexts offers a crucial contribution to current discussions in gender ethnic and cultural studies

Sex, Gender, and Christian Ethics Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised

God Beyond Gender Gail Ramshaw, 1995 The debate about God language has two opposing extremes One side maintains that biblical language and masculine pronouns must be retained The other argues that female imagery for God is preferable Now Gail Ramshaw presents a third position urging the inclusion of many images for God the correction of others and the total avoidance of any pronouns

Transforming Fire Kathleen Fischer, Kathleen R. Fischer, 1999 A guide to anger that helps readers harness the fire within themselves and in all of creation in order to move it toward life giving ends *Chronic Sorrow* Susan Roos, 2014-01-14 Grief and loss are burgeoning concerns for professional disciplines such as nursing social work family therapy psychology psychiatry law religion and medicine Although understanding has increased in virtually all other areas of grief and loss chronic sorrow has received scant attention Chronic sorrow is a natural grief reaction to losses that are not final but continue to be present in the life of the griever This book views chronic sorrow in a life span perspective and reveals the effect on the griever and the people close to them This book fills a void in the literature and attempts to develop a comprehensive analysis of chronic sorrow that will secure its position within the field of grief and loss *Theology and Down Syndrome* Amos Yong, 2007 While the struggle for disability rights has transformed secular ethics and public policy traditional Christian teaching has been slow to account for disability in its theological imagination Amos Yong crafts both a theology of disability and a theology informed by disability The result is a Christian theology that not only connects with our present social medical and scientific understanding of disability but also one that empowers a set of best practices appropriate to our late modern context Publisher description
