## **Our Precarious Freedom:**

Our Precarious Freedom Rupert Howard Porter, 1981      *Individualization* Ulrich Beck (sociologist), Elisabeth Beck-Gernsheim, 2002-02-04 The authors perceive that we humans are in the midst of a fundamental change in the nature of society and politics This change hinges on the two processes of globalisation and individualisation      *Odyssey to Freedom* George Bizos, 2011-12-02 In October 1941 a young boy and his father disembarked at Durban harbour from a large liner commissioned into emergency service by the Allies They were Greek refugees from their German occupied motherland They spoke no English They had little money and no prospects They were heroes but no one knew that Some months earlier father and son together with two other Greek men and seven New Zealand soldiers had set off in an open boat in an attempt to escape the German invaders For two days and nights sailing by instinct and the stars battered by fierce winds their food stocks running low their water bottles almost empty they ploughed across the Mediterranean towards Crete little knowing that the island was soon to capitulate to the Germans Fortunately the escapees sailed into an Allied fleet while it was still light and were rescued Had they encountered the fleet in darkness their fate might have been dire as sometimes in the horrors of war no prisoners were taken a reality the young boy discovered not many nights later The boy who stood on the Durban docks appalled at the sight of Zulu men doing the work of animals by pulling rickshaws would become one of the leading human rights lawyers in the country that his father had chosen because the pavements were allegedly paved with gold The boy was George Bizos Today George Bizos is a legendary name renowned throughout the legal profession and beyond More than that he is a figure recognised in townships across South Africa For as an advocate Bizos is associated with the Treason Trial of the late 1950s the subsequent Rivonia Trial where his colleague client and friend Nelson Mandela was sentenced to life imprisonment the trial of Bram Fischer that of the Namibian Toivo ja Toivo a host of major human rights trials through the 1970s and 1980s right up to the amnesty hearings of the Truth and Reconciliation Commission and in 2004 with the treason trial of the Zimbabwean opposition leader Morgan Tsvangirai in that country A consummate lawyer a self styled street fighter with a quiet tone of voice and a beguiling smile who in cross examination would slice through the evidence of security police and apartheid apologists alike Bizos haunted the courtrooms of the apartheid regime For four decades he exposed State lies and hypocrisy State brutality and murder In response the State badgered and threatened him bugged his phone obstructed his hearings But the advocate was not to be intimidated In this compelling and long awaited autobiography George Bizos reveals the drama the heartache and the moments of triumph the fears and the frustrations of his long career as an advocate He writes moreover about himself and his family and the domestic moments that made bearable the brutal years He revels in his return to his beloved Greece his joy at the Athens Olympic Games and his love of modern Greek poetry Above all his is a warm and compassionate account related by a raconteur of note It is history told from the inside      Pictorial History of Our War with Spain for Cuba's Freedom Trumbull White, 1898 It is hoped that the reader

will find in this volume not only a comprehensive current history of our war with Spain for Cuba's freedom but also much of the other matter that will be of interest and value in considering the future of the liberated island Its history its people its resources and other salient subjects are included with certain matter on Spain and her own affairs with Puerto Rico and the Philippine islands which chapters serve to make the volume a work for general reference and reading on the whole subject of the war Page 15     **The Rebellion record** ,1863     **The Stanley tales, original and select** Ambrose Marten,1827

Dare to take a journey in a discussion to change the face of our financial world Discover a new way to run the United States economy with a simple approach that gives us all real freedom This content will not use economic jargon and complicated graphs It will analyze our system with simple models and theories We will then see how a system of fairness and equality can come from the effort This will be a true revolution in how we view money today and how we will handle it in the future This proposal questions and critiques our financial institutions It says we can do better to achieve something that has never been done before This unusual view of our financial system by spirituality and political morality will identify the hypocrisy of our times It will show and legitimize our reasons for building a new and sustainable capitalism     The Rebellion Record Frank Moore,1863     **The Rebellion Record** Moore,1866     *A collection of American songs and ballads, 205 in number. With a ms. index* ,1840     Biopoetics Andreas Weber,2016-09-01 Meaning feeling and expression the experience of inwardness matter most in human existence The perspective of biopoetics shows that this experience is shared by all organisms Being alive means to exist through relations that have existential concern and to express these dimensions through the body and its gestures All life takes place within one poetic space which is shared between all beings and which is accessible through subjective sensual experience We take part in this through our empirical subjectivity which arises from the experiences and needs of living beings and which makes them open to access and sharing in a poetic objectivity Biopoetics breaks free from the causal mechanic paradigm which made biology unable to account for mind and meaning Biology becomes a science of expression connection and subjectivity which can understand all organisms including humans as feeling agents in a shared ecology of meaningful relations embedded in a symbolical and material metabolism of the biosphere     **Theo-Drama** Hans Urs Von Balthasar,2013-07-24 This is the final volume of this series on theological dramatic theory by the great 20th century theologian Balthasar This series is the second part of Balthasar's trilogy on the good the beautiful and the true which is his major work The first series in the trilogy is The Glory of the Lord and following this Theo Drama series will be Theo Logic In this series the good has been the focus Balthasar maintains that it is in the theater that man attempts a kind of transcendence to observe and to judge his own truth about himself He sees the phenomenon of theater as a source of fruitfulness for theological reflection on the cosmic drama that involves earth and heaven This fifth volume is trinitarian focusing on the mystery of God He draws heavily on Scripture and many passages from the works of the mystic Adrienne von
