Jessica Murray,2006-10-01 Astrology and geopolitics may seem strange bedfellows but Soul Sick Nation puts the two together to provide a perspective as extraordinary as the times we are living in Using the principles of ancient wisdom to make sense of the current global situation this book invites us to look at the USA from the biggest possible picture that of cosmic meaning With a rare blend of compassion humor and fearless taboo busting Soul Sick Nation reveals America s noble potential without sentiment and diagnoses its neuroses without delusion shedding new light on troubling issues that the pundits and culture wars inflame but leave painfully unresolved the WTC bombings the war in Iraq Islamic jihad media propaganda consumerism and the American Dream In her interpretation of the birth chart of the entity born July 4 1776 Murray offers an in depth analysis of America s essential destiny uncovering chapter by chapter the greater purpose motivating this group soul She shows how this purpose has been distorted and how it can be re embraced in the decades to come She decodes current astrological transits that express the key themes the USA must learn in this period of millennial crisis including that of the responsibility of power spelling out the profound lessons the nation will face in the next few years Combining the rigor of a political theorist with the vision of a master astrologer this keenly intelligent book elucidates the meaning of an epoch in distress and proposes a path towards healing of the country and of its individual citizens Murray explains how each of us can come to terms with this moment in history and arrive at a response that is unique and creative This book willleave you revitalized shorn of illusions and full of hope

Mapping the Psyche Volume 1 Clare

Martin,2016-03-24 In this first of three volumes the basic building blocks of astrological language are presented not in the dry cookbook manner which mars so many astrology texts but in the lively and relaxed format of the classroom Questions from students punctuate the teaching making the material accessible fluent and immediately applicable to everyday life

Retrograde Planets Erin Sullivan,2006-10-11 Geocentricity might well be egocentricity the phenomenon of retrograde motion is based on our Earth centered view of the solar system but the movement and cycles of retrograde planets are based entirely on the apparent motion of the Sun through the zodiac Sullivan organizes and explains retrograde motion from a systems view point the system of the Sun and planets and interprets retrograde planets natally by progression and in transit

Signs of the Times Ray Grasse,2002-04-01 A unique and extremely interesting examination of both history and the unfolding present as seen through the prism of astrological significance John Anthony West author of *Serpent in the Sky* We may live in astonishing times but they are not incomprehensible when you know how to read the signs Everybody says we re entering the Age of Aquarius but when does it start and how will we know what it looks and feels like Ray Grasse deciphers the signs and correspondences of our nearing Aquarian future using the tools of astrology synchronicity and mythology He draws richly from contemporary religion art politics science even current movies to show how the cultural signs of Aquarius

and our likely future are already apparent and changing our world The Aquarian Age will be marked by its intensely mental quality when information will be the driving force of society and the biggest challenges we face will be those of the mind Decentralization will be the order of business either the empowered individual will reign supreme or the collective interests of globalized society will predominate It could be both We are all participants in the global drama and all aspects of our inner and outer lives are bound up with the new Aquarian themes Signs of the Times is the authoritative travel guide for the trip into our future don t leave the present without it An attempt firmly anchored in the age old tradition of spiritual symbology to make sense of what often strikes us as utterly chaotic arbitrary and senseless Georg Feuerstein PhD author of The Yoga Tradition *The Mythic Tarot* Juliet Sharman-Burke,Liz Greene,2001-10-02 With a striking new cover design a durable deck of cards and a reinforced book binding this new edition of The Mythic Tarot gives beginning and experienced readers a kit they can use and cherish for years Illustrations Full deck of cards Your Nostradamus Factor Ingo Swann,2018-09-02 You Can Predict the Future Throughout the centuries the future has been seen in dreams in visions and by seers But you don t have to be a prophet or a visionary to predict what the future holds Now Ingo Swann explains how to understand and use the future predicting ability that lies within He identifies the different ways the future is revealed Spontaneous forewarnings during dreams Spontaneous alerts that happen when awake Forewarnings and alerts communally experienced by numbers of people while sleeping or while awake Consciously controlled future seeing achieved by seers Ingo Swann also presents fascinating documented examples of prophecies that came true ranging from those that foresaw the sinking of the Titanic to his own prediction of the fall of the Berlin Wall Your Nostradamus Factor explains how you can develop your ability to foresee the future by Overcoming blocks to future seeing Tracking a particular subject and testing your predictions Using astrology to help see the future and Paying close attention to your dreams With the millennium right around the corner Swann also offers startling predictions for the future of the environment the economy science and society originally published in 1993 The Gospel & the Zodiac Bill Darlison,2008-02-14 Darlison elucidates the zodiac s significant place in the Gospels most specifically in the Book of Mark An intriguing leap into faith Kirkus Reviews For millennia the world has been driven by the differences between the great patriarchal religions Western civilization or Christendom as it was once called received its values and its confidence from a belief in God the Father and Jesus his only son But what if this conviction were founded on an error Who is the man in the factually inconsistent Gospel stories And who is the man who makes a brief appearance carrying a jar of water This extraordinary study by a Unitarian minister suggests that Jesus never existed historically he was simply a representation of an astrological theology a representation simply put of the zodiac sign of Aquarius In The Gospel the Zodiac Rev Bill Darlison demonstrates that all the other signs are present too in perfect zodiacal order The Gospel story is not the product of historians or eyewitnesses but an older mystical text produced by an ancient esoteric school as a guide to the Age of Pisces Every bit as revelatory and controversial as it sounds The Gospel the Zodiac

will shake up the religious status quo and in doing so provide both a new look at a religious icon and a deeper understanding of the faith that binds millions together Darlison begins by looking at different scholarly approaches to the gospels then outlines his astrological interpretation logically and lucidly matching the zodiacal signs to the narrative of Mark Fortean Times

woman is still rather paralyzed and in partial ignorance of her power as a Magical Being because she does not even have the voice or words to help herself And most books on this subject are still either too academic or beyond the average woman's experiences This book will serve as a tool and a light to help her see herself The Talking Stick section at the end of each chapter is to jumpstart some profound self questioning as well as a handy starting point in teaching situations ideal to teach self empowerment workshops all over the world The extensive Resources section at the back of the book is to help locate the key material for the process This book will be appropriate for several markets Feminist Goddess Spiritual Metaphysical Womens Self Help It should be in metaphysical centers universities feminist study groups and womens conferences and gatherings It is for women ages 16 90 who seek inspiration and practical advice It is for men who are trying to align with the female spirit both in Archetypal Astrology in psychotherapeutic care Luiz Carlos de Carvalho Teixeira de Freitas,2024-10-02 It goes without saying that personal development necessarily involves psycho emotional maturation and that this maturation is usually greatly helped by professional support whether in counseling or psychotherapy Practically everyone knows this What not everyone knows is that Astrology can offer the person and those accompanying them a detailed therapeutic path through their inner self What is important for the psychotherapist is to have useful information about the unconscious contents and dynamics of the person they are treating so that even if they do not understand anything about Astrology they can work with the person themselves in the office on developing potential or overcoming conflicts associated with these contents and dynamics So throughout this book I will clarify why and how Astrology can benefit any type of psychotherapeutic or counseling care whether cognitive Freudian Gestalt Jungian psychodramatist Reichian Rogerian or transpersonalist in addition to possible mixtures between these and other theoretical strands and practical ways of conducting psychotherapy dynamics as it offers to the person and the professional who accompanies or will accompany them a detailed description of the unconscious dynamics of the person being treated and the most likely biographical factors causing these dynamics arranged as unconscious complexes What I will present here is largely based on the work of Carl Jung and strictly within the contours of what he theorized without adopting re readings of his work as has occurred and sometimes disfigures his thought especially when one tries to add to what he elaborated notions that are more typical of Neoplatonism such as the existence of an Anima Mundi Soul of the world or come from philosophical productions and systems of thought originating from the Indian subcontinent Buddhism Hinduism etc *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around **Astrology and Aptitude** Kim Falconer,2005-07 Joseph Campbell advised everyone to live authentically by following our bliss but how many of us do

Cosmic Trends Philip Brown, 2006 Discusses the astrological impact the outer planets especially Pluto have on culture linking their cosmic patterns to the sexual revolution the rise in health awareness Internet addiction wireless technology advertising saturation and other cultural trends Includes exercises to help readers develop intuitive awareness in drawing their own connections between the planets and world events **War Impulse Pattern** Wayne A. Moody, 2019-11-04 Astrology provides intelligence to forecast and plan our actions in all manner of day to day concerns and I believe that major collective concerns like seasons in the economy and war benefit from the same treatment I am an astrologer who has practiced Mundane astrology the astrology of countries and their leaders for three decades This book has deep roots Purposeful action towards a book began with an interview published February March 2014 in the Dartmouth Alumni Magazine During that interview I pointed to specific Earth geography 35 North latitude 50 East longitude where the U S would face major concerns up through 2022 when events peak for U S foreign interests A look at a map of these map coordinates and knowledge of the recent history of American focus on the region since my Dartmouth interview speaks volumes My project introduces an astrologically derived pattern which I discovered and named a War Impulse Pattern WIP in 2014 This International WIP pattern has eighteen astrologically determined branches some major others minor I unpack the logic of my WIP branches and lay them out in map form Within designated zones of the branches of the WIP I make the case that all the major U S military conflicts from 1776 to 2018 have been fought on geography marked by the WIP Furthermore in addition to accurately forecasting where events will occur the three planets making up the WIP serve as timekeepers for when U S military forces will deploy I have applied my innovations with Astro Carto Graphy a lens of relocation astrology to banks hurricanes man made disasters national security and war My research journey over the past 4 years has lead me from one surprise to another For example I have discovered that the entire U S Global Positioning Satellite GPS structure a critical component of modern U S warfare was set up within the WIP branches some mere specks of land in the middle of vast oceans This first of three books prepares the WIP Book Two now in the final stages gives chronological compelling examples of U S

wars from 1776 to 2018 noting that the battlefields aligned to the WIP and were susceptible to astrological timing My vision for Book Three is an over sized book of annotated and creatively presented maps supporting creative thinking and exercising the reader s spatial intelligence I offer this War Impulse Pattern WIP Primer to Not on the Map book for those seeking a more sophisticated understanding of America at war I offer practical but strategic intelligence not on the map of orthodox views of reality How and why the WIP works is demonstrated Most of the facts of the WIP are grounded in mainstream understanding While I have taken years to prepare these books the need for the WIP intelligence is urgent A look at what s been happening all along 35 North a belt wrapped around the Earth sweeping today s conflict zones in Syria Iraq Iran particularly Tehran near 50 East Kurdistan Afghanistan Pakistan China Korea and Japan reveal that my WIP lens has been brought to a sharp focus to mastery *Los Planetas Exteriores y Sus Ciclos* Liz Greene,1997 Cross-currents of Jungian Thought Donald R.
