Outdoor Adventure Education Alan W. Ewert, 2014-01-08 Outdoor Adventure Education Foundations Theories Models and Research steeps students in the theories concepts and developments of outdoor adventure education preparing them for careers in this burgeoning field This text is based on author Alan W Ewert s pioneering book Outdoor Adventure Pursuits Foundations Models and Theories Ewert and Sibthorp both experienced practitioners researchers and educators explore the outdoor adventure field today in relation to the changes that have occurred since Ewert s first book The authors present a comprehensive text on outdoor and adventure foundations theories and research that will provide the basis for the next generation of professionals Controversial Issues in Adventure Programming Bruce Martin, Mark Wagstaff, 2012-05-04 Controversial Issues in Adventure Programming offers an engaging approach to the consideration of enduring current and emerging issues in the field Written primarily for upper level undergraduate and graduate students the text presents 20 issues in a debate format challenging students to participate in critical discourse concerning these issues as practitioners in the field of adventure programming Respected authors Bruce Martin and Mark Wagstaff have assembled a team of more than 50 contributors from around the globe to reassess some of the underlying assumptions on which adventure programming is based They have critically examined implications of new developments for emerging practice and discussed how best to

position the field of adventure programming in addressing broader societal concerns To set the stage for the debate each issue is prefaced with a general overview including the evolution of the issue and its significance in light of broader social concerns Then contributors present the pros and cons of each issue A debate format helps students develop an understanding of the key points around each issue while also becoming familiar with current research pertinent to these issues This approach also encourages students to grapple with these issues and begin to develop their own informed thoughtful perspectives as they prepare for careers in adventure programming

Controversial Issues in Adventure Programming is divided into two parts Part I begins by discussing issues of ongoing concern in the field including the certification debate motorized versus nonmotorized forms of outdoor recreation and program accreditation In part II contemporary and emerging issues are presented such as the use of online educational programming in the field of adventure programming As a reference for practitioners and policy makers **Controversial Issues in Adventure Programming** offers new and updated perspectives on enduring and emerging issues as well as a synthesis of the most recent related scholarly literature In addition the text serves as a resource in understanding how the adventure programming industry can contribute to addressing issues of broad concern in society such as public health global climate change stewardship of public lands and waterways and education reform **Controversial Issues in Adventure Programming** encourages readers to participate in some of the central debates occurring in the field In particular this timely resource will help students broaden their understanding of the field as they critically examine and respond to a range of enduring contemporary and emerging topics in adventure programming

Routledge International Handbook of Outdoor Studies Barbara Humberstone, Heather Prince, Karla A. Henderson, 2015-11-19 The outdoors is a physical and ideological space in which people engage with their environment but it is also an important vehicle for learning and for leisure The Routledge Handbook of Outdoor Studies is the first book to attempt to define and survey the multi disciplinary set of approaches that constitute the broad field of outdoor studies including outdoor recreation outdoor education adventure education environmental studies physical culture studies and leisure studies It reflects upon the often haphazard development of outdoor studies as a discipline critically assesses current knowledge in outdoor studies and identifies further opportunities for future research in this area With a broader sweep than any other book yet published on the topic this handbook traces the philosophical and conceptual contours of the discipline as well as exploring key contemporary topics and debates and identifying important issues in education and professional practice It examines the cultural social and political contexts in which people experience the outdoors including perspectives on outdoor studies from a wide range of countries providing the perfect foundation for any student researcher educator or outdoors practitioner looking to deepen their professional knowledge of the outdoors and our engagement with the world around us

Teaching Adventure Education Theory Bob Stremba, 2009 **Teaching Adventure Education Theory Best Practices** offers stimulating fun and engaging activities instructors can use in assisting future adventure educators

outdoor leaders and group facilitators in making the connections between adventure theory and practice **John Dewey and Education Outdoors** John Quay, Jayson Seaman, 2013-04-19 In this book we take the reader on a journey through the various curriculum reforms that have emerged in the USA around the idea of conducting education outdoors through initiatives such as nature study camping education adventure education environmental education experiential education and place based education This is a historical journey with an underlying message for educators one we are able to illuminate through the educational theories of John Dewey Central to this message is a deeper understanding of human experience as both aesthetic and reflective leading to a more coherent comprehension of not just outdoor education but of education itself Whether we knew it or not all of us interested in the field of education have been waiting for this book John Dewey and Education Outdoors is the tool we need to help understand and explain experiential education in general and outdoor education in particular This is an expertly researched and written account of how and why outdoor education has developed and been such a vital feature in exemplary educational practices Because of this work I will no longer have to stumble through some inadequate explanation of the history and philosophy of outdoor education I can now simply point to this book and suggest that everyone read it Dr Dan Garvey President Emeritus Prescott College Former President and Executive Director Association for Experiential Education John Dewey and Education Outdoors is a well researched book that explores the tenets of Dewey within the contexts of progressive reforms in education The authors provide detailed explanations of Dewey s thoughts on education while exploring the historical intersections with outdoor education camping and environmental education While situated within a historical perspective this book provides insights relevant for today s discussions on new educational reform possibilities learning focused on the whole child that includes out of school time experiences such as camp and the development of 21st century skills needed to navigate our global society Dr Deb Bialeschki Director of Research American Camp Association **The Theory of Experiential Education** Richard J. Kraft, Mitchell S. Sakofs, 1985 **Recreation as a Developmental Experience: Theory Practice Research** Lawrence R. Allen, Robert J. Barcelona, 2011-07-26 It s not all fun and games A growing body of research suggests that recreation activities can be powerful development contexts when they are properly framed and intentionally designed This volume highlights much of that research and the articles that follow provide ample evidence that well framed recreation activities and contexts can provide a range of positive developmental outcomes Editors Lawrence R Allen and Robert J Barcelona draw on their own work in human and youth development and have assembled contributing authors who explore the importance of meaningful recreation and leisure experiences in the lives of youth and the value of recreation from a developmental perspective Chapters focus on the developmental potential of specific recreation contexts and settings and provide research and evidence based strategies outlining the activities that best promote positive youth development Finally the volume demonstrates how recreation is being used to strengthen individual and community assets and its role as a contributor in addressing pressing

social issues This is the 130th volume of New Directions for Youth Development the Jossey Bass quarterly report series dedicated to bringing together everyone concerned with helping young people including scholars practitioners and people from different disciplines and professions The result is a unique resource presenting thoughtful multi faceted approaches to helping our youth develop into responsible stable well rounded citizens **Kurt Hahn** Nick Veevers,Pete Allison,2011-10-29 Kurt Hahn had a huge influence on the fields of outdoor and experiential learning adventure education and not least badge schemes Gordonstoun Moray and County Badges and Duke of Edinburgh Award throughout the world This book provides a detailed historical account centred on Hahn and the movement which surrounded him of the early development of adventure education up to 1944 This includes an examination of themes present throughout Hahn s educational endeavours It looks at Hahn s founding of Salem School Germany in 1920 and then Gordonstoun School Scotland in 1934 At both of these fee paying schools activities such as sailing and hill walking often through expeditions lasting more than one day played a prominent role in the education of the students At Gordonstoun Hahn expanded his educational ventures through the use of badge schemes to include young people from the surrounding district who were not students at his school Hahn expanded his badge schemes firstly across the county in which Gordonstoun was situated Morayshire and then across Britain The Outward Bound Sea School was founded by Hahn and Lawrence Holt a ship owner at Aberdovey Wales in October 1941 It was a training centre where students could go for four week courses and it followed the badge scheme syllabus During this period Hahn s educational vision was one of those that influenced the Norwood Report and consequently the 1944 Education Act in terms of outdoor activities This act provided the framework within which Outdoor Centres were set up by Local Education Authorities in the UK This book looks at the various contexts which came together through Hahn and which help the reader understand his actions German educational practice Hahn s and Prince Max s owner of Salem School experiences of the First World War and its aftermath and the need to educate people to speak out and act upon their convictions Hahn s and Prince Max s inclusive agenda British educational practice the Second World War and Hahn s expansionist aims Kurt Hahn was one of the field s greatest advocates and this book provides a detailed historical examination of his work and brings light to the complex tapestry of events which led to the rise and development of adventure education **Sourcebook of Experiential Education** Thomas E.
