Regimes Of Language

Linda Cardinal, Selma K. Sonntag

Regimes Of Language:

Regimes of Language Paul V. Kroskrity, 2000 In this text ten linguistic anthropologists integrate two often segregated domains politics and language It addresses the role of language ideologies in state formation nationalism and the maintenance of ethnic groups as well as the creation of national ethnic and professional identities **The Evaluation of**

Language Regimes Michele Gazzola, 2014-08-15 Building on existing analytical frameworks this book provides a new methodology allowing different language policies in international multilingual organisations or language regimes to be compared and evaluated on the basis of criteria such as efficiency and fairness It explains step by step how to organise the evaluation of language regimes and how to design and interpret indicators for such evaluation The second part of this book applies the theoretical framework to the evaluation of the language policy of the Patent Cooperation Treaty PCT division of the World Intellectual Property Organisation WIPO and the European Patent Office EPO Results show that an increase in linguistic diversity of the language regimes of patent organisations can both improve the efficiency of the patent system and lead to a more balanced distribution of costs among countries This book is a resource for scholars in language policy and planning and for policy makers in the international and European patent system *Language Regimes in Transformation*

Florian Coulmas, 2008-08-22 Globalization has many faces One of them is the transformation of language regimes This book provides an in depth account of how two second tier languages Japanese and German are affected by this process In the international arena they no longer compete with English but their status in their home countries and as foreign languages in third countries is in flux Original empirical and theoretical contributions are presented in this up to date study of language regime change The desirability of a single all purpose language for all communication needs is seldom questioned It is simply taken for granted in many advanced countries such as Japan and the German speaking countries However it is not clear whether German and Japanese can sustain their full functional potential if their own speakers use these languages in certain domains with decreasing frequency The advantages of borderless communication in a single language on one hand and maintaining highly cultivated all purpose languages on the other are obvious The question of whether and how these two principles can be reconciled in the age of globalization is not In this book leading scholars present their answers Ulrich Ammon Tessa Carroll Nanette Gottlieb Patrick Heinrich Takao Katsuragi John Maher Kiyoshi Hara Elmar Holenstein Konrad Ehlich Fumio Inoue and Florian Coulmas State Traditions and Language Regimes Linda Cardinal, Selma K.

Sonntag, 2015-06-01 Original and provocative analyses of how state traditions inform language policy choices in Asia Europe and North America Official Language Regimes Colin H. Williams, 2025-10-21 This volume has two aims first to interpret long term structural systemic transformations in the maturation of a specific type of language regime those with a majoritarian state language and an officially designated minority language and secondly to identify and evaluate instances of good practice policy interventions which strengthen the promotion protection and regulation of selected target languages in

Western Europe and Canada The interviews and documentary analysis within the book were carried out in eight jurisdictions ranging from Canada to Catalonia together with several international organisations and networks and together they provide an authoritative set of insights into the process of constructing and managing such regimes This book will be of interest to readers in a variety of fields including Sociolinguistics Language Policy Human Geography Multilingualism Regional Development Planning Celtic and European Studies **Tension and Contention in Language Education for Latinxs in the United States** Glenn A. Martínez, Robert W. Train, 2019-10-08 Applying a critical lens to language education this book explores the tensions that Latinx students face in relation to their identities social and institutional settings and other external factors Across diverse contexts these students confront complex debates and contestable affirmations that intersect with their lived experiences and social histories Martinez and Train highlight the pedagogic and ethical urgency of teacher responsibility learner agency and social justice in critically addressing the consequences constraints and affordances of the language education that Latinx students experience in historically situated and institutionally defined spaces of practice ideology and policy Reframing language studies to take into account the roles of power inequality and social settings this book provokes dialogue between areas of language education that rarely interface Through privileging the learner experience the book provides a window to the contested spaces across language education and generates new opportunities for engagement and action Offering nuanced and insightful analyses this book is ideal for scholars language researchers language teacher educators and graduate students in all areas of language education **Language-related Conflicts in Multinational and Multiethnic Settings** Barbora Moormann-Kimáková, 2015-11-18 In this book Barbora Moormann Kim kov analyses the possibility of finding an optimal language regime in multinational and multiethnic countries either by defining the contents of an optimal language regime or with the help of a criterion enabling to evaluate whether a language regime is optimal or not The process of the selection or change of a language regime often becomes a matter of a language related conflict These conflicts are mostly accompanied by other political or social conflicts as for example in Ukraine or former Yugoslavia which render solutions and their evaluation difficult The author claims that language regimes can be evaluated based on the increase or lack of their legitimacy in the eyes of the relevant actors This is demonstrated in four language regime studies on the European Union Soviet Union Bosnia and Herzegovina and South Africa **Language Planning for Development in Africa** Kembo-Sure, Serah Mwangi, Nathan Oyori Ogechi, 2006 **Standardizing Diversity** Amy H. Liu, 2015-01-06 Languages have deep political significance beyond communication a common language can strengthen cultural bonds and social trust or it may exacerbate cultural differences and power imbalances Language regimes that emerge from political bargains can centralize power by favoring the language of one ethnolinguistic group share power by recognizing multiple mother tongues or neutralize power through the use of a lingua franca Cultural egoism communicative efficiency or collective equality determines the choice As Amy H Liu demonstrates the conditions surrounding

the choice of a language regime also have a number of implications for a nation's economy. Standardizing Diversity examines the relationship between the distribution of linguistic power and economic growth. Using a newly assembled dataset of all language in education policies in Asia from 1945 to 2005 and drawing on fieldwork data from Malaysia and Singapore, Liu shows language regimes that recognize a lingua franca exclusively or at least above all others tend to develop social trust, attract foreign investment and stimulate economic growth. Particularly at high levels of heterogeneity, the recognition of a lingua franca fosters equality and facilitates efficiency. Her findings challenge the prevailing belief that linguistic diversity inhibits economic growth, suggesting instead that governments in even the most ethnically heterogeneous countries have institutional tools to standardize their diversity and to thrive economically.

Changing Language Regimes in Globalizing Environments: Japan and Europe Florian Coulmas, Patrick Heinrich, 2005 The Routledge International Handbook of Language Education Policy in Asia Andy Kirkpatrick, Anthony J. Liddicoat, 2019-04-17 This must have handbook offers a comprehensive survey of the field. It reviews the language education policies of Asia encompassing 30 countries, subdivided by regions, namely East, Southeast, South and Central Asia, and considers the extent to which these are being implemented and with what effect. The most recent iteration of language education policies of each of the countries is described, and the impact and potential consequence of any change is critically considered. Each country chapter provides a historical overview of the languages in use, and language education policies examine the ideologies underpinning the language choices and includes an account of the debates and controversies surrounding language and language education policies, before concluding with some predictions for the future.

Advances in Interdisciplinary Language Policy François Grin, László Marác, Nike K. Pokorn, 2022-01-15 This book stems from the joint effort of 25 research teams across Europe, representing a dozen disciplines from the social sciences and humanities, resulting in a radically novel perspective to the challenges of multilingualism in Europe. The various concepts and tools brought to bear on multilingualism are analytically combined in an integrative framework, starting from a core insight in its approach to multilingualism: Europe is pursuing two equally worthy but non-converging goals, namely the mobility of citizens across national boundaries and hence across languages and cultures, and the preservation of Europe's diversity, which presupposes that each locale nurtures its linguistic and cultural uniqueness and has the means to include newcomers in its specific linguistic and cultural environment. In this book, scholars from applied linguistics, economics, the education sciences, finance, geography, history, law, political science, philosophy, psychology, sociology, and translation studies apply their specific approaches to this common challenge. Without compromising the state-of-the-art analysis proposed in each chapter, particular attention is devoted to ensuring the cross-disciplinary accessibility of concepts and methods, making this book the most deeply interdisciplinary volume on language policy and planning published to date.

International Journal of the Sociology of Language, 2004 **Bridging Linguistics and Economics** Cécile B. Vigouroux, Salikoko S. Mufwene, 2020-03-19 By bridging the gap between linguistics

and economics this book sheds light on a range of mutually valuable topics

Creolization and Pidginization in Contexts of Postcolonial Diversity, 2018-02-27 This book deals with creolization and pidginization of language culture and identity and makes use of interdisciplinary approaches developed in the study of the latter Creolization and pidginization are conceptualized and investigated as specific social processes in the course of which new common languages socio cultural practices and identifications are developed under distinct social and political conditions and in different historical and local contexts of diversity The contributions show that creolization and pidginization are important strategies to deal with identity and difference in a world in which diversity is closely linked with inequalities that relate to specific group memberships colonial legacies and social norms and values

Glocal Languages and Critical Intercultural Awareness Manuela Guilherme,Lynn Mario T. Menezes de Souza,2019-02-06 This volume provides a new perspective on prevailing discourses on translanguageing and multilingualism by looking at glocal languages local languages which have been successfully globalized Focusing on European languages recreated in Latin America the book features examples from languages underexplored in the literature including Brazilian Portuguese Amerindian poetics and English Spanish Portuguese outside Europe as a basis for advocating for an approach to language education rooted in critical pedagogy and post colonial perspectives and countering hegemonic theories of globalization While rooted in a discussion of the South the book offers a fresh voice in current debates on language education that will be of broader interest to students and scholars across disciplines including language education multilingualism cultural studies and linguistic anthropology

The Palgrave Handbook of Minority Languages and Communities Gabrielle Hogan-Brun,Bernadette O'Rourke,2018-12-11 This Handbook is an in depth appraisal of the field of minority languages and communities today It presents a wide ranging coherent picture of the main topics with key contributions from international specialists in sociolinguistics policy studies sociology anthropology and law Individual chapters are grouped together in themes covering regional non territorial and migratory language settings across the world It is the essential reference work for specialist researchers scholars in ancillary disciplines research and coursework students public agencies and anyone interested in language diversity multilingualism and migration

A Research Agenda for Entrepreneurial Cognition and Intention Malin Brännback,Alan L. Carsrud,2018-01-26 A Research Agenda for Entrepreneurial Cognition and Intention suggests new directions and approaches to study the internal thought processes of entrepreneurs by examining areas that have been under researched ignored or overlooked

Publicly Engaged Scholars Margaret A. Post,Elaine Ward,Nicholas V. Longo,John Saltmarsh,2023-07-03 The concern that the democratic purposes of higher education and its conception as a public good are being undermined with the growing realization that existing structures are unsuited to addressing today s complex societal problems and that our institutions are failing an increasingly diverse population all give rise to questioning the current model of the university This book presents the voices of a new generation of scholars educators and practitioners who are committed to civic renewal and the public purposes of

higher education They question existing policies structures and practices and put forward new forms of engagement that can help to shape and transform higher education to align it with societal needs The scholars featured in this book make the case for public scholarship and argue that in order to strengthen the democratic purposes of higher education for a viable future that is relevant to the needs of a changing society we must recognize and support new models of teaching and research and the need for fundamental changes in the core practices policies and cultures of the academy These scholars act on their values through collaboration inclusiveness participation task sharing and reciprocity in public problem solving Central to their approach is an authentic respect for the expertise and experience that all stakeholders contribute to education knowledge generation and community building This book offers a vision of the university as a part of an ecosystem of knowledge production addressing public problems with the purpose of advancing a more inclusive deliberative democracy and explores the new paradigm for teaching learning and knowledge creation necessary to make it a reality *The SAGE Handbook of Sociolinguistics* Ruth Wodak, Barbara Johnstone, Paul E Kerswill, 2011 This Handbook answers a long standing need for an up to date comprehensive international in depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research

Regimes Of Language Introduction

In the digital age, access to information has become easier than ever before. The ability to download Regimes Of Language has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Regimes Of Language has opened up a world of possibilities. Downloading Regimes Of Language provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Regimes Of Language has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Regimes Of Language. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Regimes Of Language. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Regimes Of Language, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Regimes Of Language has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Regimes Of Language Books

1. Where can I buy Regimes Of Language books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
