A Western Approach to Reincarnation and Karma Rudolf Steiner, 1997-10 I came forth from the mouth of the Most High and covered the earth like a mist I encamped in the heights and my throne was in a pillar of cloud Alone I compassed the vault of heaven and traversed the depths of the abyss Over waves of the sea over all the earth and over every people and nation I have held sway Before the ages in the beginning he created me and for all ages I shall not cease to be Eccl 24 3 6 9 Sophia the world soul fell from her place in the heavens to the chaos below Sophia is among the most haunting and mysterious figures in Western spirituality She is also one of the great symbols of the divine feminine in world civilization The personification of divine Wisdom Sophia is praised in the biblical book of Proverbs as co creator of the universe with God In the secret teachings of early Christianity known as Gnosticism she represents our shared consciousness trapped in the material world as a result of the Fall One of the most sublime Gnostic texts is the Pistis Sophia or Faith Wisdom a great allegory in which the resurrected Christ explains how he freed the divine Sophia from her imprisonment by the forces of spiritual wickedness Christ goes on to show his disciples how they will share in this cosmic act of redemption In this profound yet accessible work Egyptologist Violet MacDermot gives us a fresh translation of the Pistis Sophia from the Coptic and discusses it in its historical setting She also shows us how Sophia s story of is our story It is a tale of our separation and isolation as a result of ego consciousness but it is one in which we too can share spiritual liberation Her engaging discussion relates this work not only to ancient teachings but to the thought of C G Jung Emanuel Swedenborg and the Kabbalah
