Reinventing Ireland Culture Society And The Global Economy:

Reinventing Ireland Peadar Kirby, Luke Gibbons, Michael Cronin, 2002-04-20 Over the last decade the Irish economy has experienced a period of unprecedented growth which has earned it the title Celtic Tiger This success has been interpreted by academic commentators as marking a social and cultural transformation what some have called the reinvention of Ireland The essays in this book challenge the largely positive interpretation of Ireland's changing social order The authors identify the ways in which culture and society have been made subservient to the needs of the market in this new neoliberal Ireland They draw on subversive strands in Irish history and offer a broader and more robust understanding of culture as a site of resistance to the dominant social order and as a political means to fashion an alternative future **Cosmopolitan Ireland**

Carmen Kuhling, Kieran Keohane, 2007-07-20 Ireland is going through a period of unprecedented economic and cultural growth and renewal These changes are due in part to neoliberal policies that have attracted foreign investment The globalization of Ireland's economy has had major social consequences Living standards are rising quickly Emigration has reversed Catholicism has been secularized laws on divorce and sexuality have been liberalized and Ireland has become an urban society for the first time But there is stark inequality and social exclusion epidemics of depression alcoholism and obesity traditional values and community are declining and there is deep ambivalence towards immigrants Ireland's economy is globalized but is Irish society cosmopolitan Wealth has increased but has quality of life improved The authors explore the developments of the last 15 years capturing the intensity of the debates that make up the new cosmopolitan multi cultural Ireland **New Managerialism in Education** Kathleen Lynch, Bernie Grummell, D. Devine, 2012-06-07 This book examines the impact of neo liberal reform on the traditional caring ethos of public services such as education exploring how these reforms influence the appointment and experiences of senior management across the education sector *Ireland's*

Magdalen Laundries and the Nation's Architecture of Containment James M. Smith, 2007-09-01 The Magdalen laundries were workhouses in which many Irish women and girls were effectively imprisoned because they were perceived to be a threat to the moral fiber of society Mandated by the Irish state beginning in the eighteenth century they were operated by various orders of the Catholic Church until the last laundry closed in 1996 A few years earlier in 1993 an order of nuns in Dublin sold part of their Magdalen convent to a real estate developer The remains of 155 inmates buried in unmarked graves on the property were exhumed cremated and buried elsewhere in a mass grave This triggered a public scandal in Ireland and since then the Magdalen laundries have become an important issue in Irish culture especially with the 2002 release of the film *The Magdalene Sisters* Focusing on the ten Catholic Magdalen laundries operating between 1922 and 1996 Ireland's Magdalen Laundries and the Nation's Architecture of Containment offers the first history of women entering these institutions in the twentieth century Because the religious orders have not opened their archival records Smith argues that Ireland's Magdalen institutions continue to exist in the public mind primarily at the level of story cultural representation and survivor testimony

rather than history archival history and documentation Addressed to academic and general readers alike James M Smith's book accomplishes three primary objectives First it connects what history we have of the Magdalen laundries to Ireland's architecture of containment that made undesirable segments of the female population such as illegitimate children single mothers and sexually promiscuous women literally invisible Second it critically evaluates cultural representations in drama and visual art of the laundries that have over the past fifteen years brought them significant attention in Irish culture Finally Smith challenges the nation church state and society to acknowledge its complicity in Ireland's Magdalen scandal and to offer redress for victims and survivors alike

The Gaybo Revolution explores how Byrne and his talk shows on both radio and television provided a forum for popular debate and acted as catalysts for change in Irish life. It analyses and discusses the impact on Irish society of such controversies as Church denunciations of the Late Late Show, the Brian Trevisky affair, the development of the Irish Women's Liberation Movement, the Ann Lovett letters, and the seminal interviews with Annie Murphy, P. D. James, and Terry Keane. In the final section of the book, the modern history of the Late Late Show, the development of Irish TV and radio talk shows in the post-Byrne era, and the contrasting nature of TV talk shows in the UK and US are explored. The Gaybo Revolution will appeal to all those who wish to understand the evolution of Irish society and culture in the late twentieth century and the substantial impact of Irish media on this change.

Nation States Michael Mays, 2007-02-16 Drawing on diverse cultural forms and ranging across disciplinary boundaries, *Nation States* maps the contested cultural terrain of Irish nationalism from the Act of Union of 1800 to the present. In looking at Irish nationalism as a site of struggle, Mays examines both the myriad ways in which the nation fashions itself as the a priori ground of identity and those processes through which nationalism engenders an ostensibly unique national identity corresponding to one and only one nation state, the place where we always have been and can only ever be at home.

The Real Peace Process Siobhan Garrigan, 2016-04-01 The Good Friday Agreement resulted in the cessation of paramilitary violence in Northern Ireland. However, prejudice and animosity between Protestants and Catholics remains. *The Real Peace Process* draws on extensive fieldwork in Protestant and Catholic churches across Ireland to analyse how Christian worship can become caught up in sectarianism. The book examines the need for a peace process that changes hearts and minds and not merely civic structures of their inhabitants. Aspects of everyday worship ranging from the spatial and symbolic to the verbal, musical, and interpersonal are explored as the means by which sectarianism can be challenged and transformed.
