volume organizes the vast literature surrounding this fascinating revolutionary 20th century art group. Genuinely new art is always challenging, sometimes even shocking to those unprepared for it. In 1905 the paintings of Matisse, Derain, Vlaminck and their friends shocked conservative museum goers, hence the eventual popularity of art critic Louis Vauxcelles's tag: les fauves or wild beasts, by which these artists became known. Although it lasted only three or four years, Fauvism is recognized as the first artistic revolution of international consequence in the 20th century. It was based on the glorification of pure, saturated colors and the free expression of primitivism. It was a dynamic sensualism, an equilibrium of passion and order, fire and austerity that could not last. By the end of 1908 Fauvism collapsed in the face of Cubism, which moreover several Fauve artists helped to form.

John Ormonds Organic Mosaic Kieron Smith, 2019-10-15 This book is the only extended study of John Ormond's poetry and films. It is a contribution to the history of BBC television. Whose People? Jasmine Donahaye, 2012-02-15 Wales has a centuries-long history of interest in Palestine and Israel and a particularly close interest in Jews and Zionism, which has been expressed widely in the literature. *Whose People? Wales, Israel, Palestine* is the first monograph to explore this subject. It asks difficult and probing questions about the relationship that Wales has had with Palestine in the past and now has with the Israel-Palestine situation in the present and it challenges received wisdom about Welsh tolerance and liberalism. Using publications in Welsh and in English across several centuries, this survey examines Welsh missionary efforts and colonial desires in Palestine, complex and contradictory attitudes to Jews and the use of Zionism and the Hebrew language revival as a model for Wales. Beginning with an analysis of a so-called tradition of Welsh identification with Jews, the study locates its origins in the early twentieth century and moves on to uncover provocative material in Welsh conversionist writing on Jews, Muslims and Samaritans in Palestine in the nineteenth century and imaging of Jews in twentieth-century fiction and the periodical press. It concludes with a survey of Jewish literary responses to Wales that suggests that some Jewish writers have been active agents in reinforcing Welsh support of Zionism in particular. The evidence uncovered here shows a complex picture of a unique cultural and political relationship. *Whose People? Wales, Israel, Palestine* makes an important contribution to international Jewish studies, to the study of British colonial involvement in Palestine and to Welsh and Jewish literary and cultural history.
