Contemporary Sociological Theory Doyle Paul Johnson,2008-03-29 This volume is designed as a basic text for upper level and graduate courses in contemporary sociological theory Most sociology programs require their majors to take at least one course in sociological theory sometimes two A typical breakdown is between classical and contemporary theory Theory is perhaps one of the broadest areas of sociological inquiry and serves as a foundation or framework for more specialized study in specific substantive areas of the field In addition the study of sociological theory can readily be related to various aspects of other social science disciplines as well From the very beginning sociology has been characterized by alternative theoretical perspectives Classical theory includes the European founding figures of the discipline whose works were produced during the later half of the nineteenth century and the first couple of decades of the twentieth century plus early American theorists For most of the second half of the twentieth century a fairly high consensus has developed among American sociologists regarding these major founders particularly with regard to the works of Durkheim and Weber in analyzing the overall society and of Simmel in analyzing social interaction processes Since the late 1960s and early 1970s the influence of Marx has also been recognized Recent decades have also witnessed an increased emphasis on the important contributions of several pioneering feminist perspectives in the early years of sociology

Social Psychology John D. DeLamater,Daniel J. Myers,Jessica L. Collett,2018-05-04 Written by

well known sociologists John D DeLamater Daniel J Myers and Jessica L Collett this fully revised and updated edition of Social Psychology is a highly accessible and engaging exploration of the question what is it that makes us who we are With hundreds of real world examples figures and photographs and grounded in the latest research the text explores such topics as self attitudes social influence emotions interpersonal attraction and relationships and collective behavior The book also explains the methods that social psychologists use to investigate human behavior in a social context and the theoretical perspectives that ground the discipline Each chapter is a self contained unit for ease of use in any classroom Studies in Symbolic Interaction Norman K. Denzin, 2008-07-25 Emphasizes critical approaches to the study of race identity and self as well as developments in interactionist theory ethics and dramaturical studies **Nurturing Future Generations** Rosemary A. Thompson, Ed.D., 2012-11-12 The statistics are pretty grim young people face an ever increasing tide of poverty alcohol and drug abuse violence suicide and family dysfunction Society's response has been slow Too many young people do not receive consistent positive and realistic validation of themselves from those adults on whom they depend Nurturing Future Generations goes beyond the stilted rhetoric on the problems of youth and the dilemma for society by outlining specific treatment intervention and prevention strategies that address the full spectrum of dysfunctional behavior It introduces structured intervention strategies for school and community collaboration with an emphasis on remediation and treatment Educators and helping professionals will find counseling strategies and psychoeducational techniques that focus on primary prevention These primary prevention strategies are supported by an understanding of critical social emotional and cognitive skills The new edition provides an increased focus on the positive aspects of youth development with less emphasis placed on the dysfunctional side of youth behavior The book addresses emerging research on resiliency and includes increased coverage of best practices for use with troubled youth A new chapter on LGBT youth issues has been added and the existing chapters have been substantially revised and updated The author has reorganized sections within each chapter adding to the readability and flow of the book making it more useful as both a professional reference and supplemental text **The Mirror** Margaret Safo (Mrs.), 2006-11-04 **Professions in Ethical Focus - Second Edition** Fritz Allhoff, Jonathan Milgrim, Anand Vaidya, 2021-04-05 This second edition of Professions in Ethical Focus comprises over seventy five readings complemented by twenty case studies with corresponding discussion questions These resources are organized into several thematic units including conflicts of interest honesty deception and trust privacy and confidentiality and professionalism diversity and pluralism An alternative table of contents is also provided identifying readings that bear on particular professions such as engineering journalism medicine law and policing The book's introductory unit offers short selections from classic and contemporary ethical theory including non Western traditions All of the readings have been introduced by the editors and carefully excerpted for relevance always with the needs of student readers in mind Successful Listening Carol Ashburn Roach, Nancy Wyatt, 1988 Listening is a topic that seems sadly neglected in the educational process In school

we learn to read and write and sometimes to give speeches but seldom do we get any formal training in how to listen This book is designed to do exactly that to explain to students what to do in order to listen well Because we can't see someone listening we seem to assume that listening is a passive process something that somehow gets done rather than an active process that people have to work at Nothing could be farther from the truth Listening is in fact hard work and you have to know what you're doing to be a good listener Hearing is a natural process but listening is not Empowering the Tribe Richard L. Pimental-Habib, 2008 This book offers healing solutions for dealing with such issues as homophobia AIDS self acceptance religious beliefs and parental responsibility Publisher details *Diaspora and Media in Europe* Karim H. Karim, Ahmed Al-Rawi, 2018-01-24 This book examines how African Asian Middle Eastern and Latin American diasporas use media to communicate among themselves and to integrate into European countries Whereas migrant communities continue employing print and broadcasting technologies the rapidly growing applications of Internet platforms like social media have substantially enriched their interactions These communication practices provide valuable insights into how diasporas define themselves The anthology investigates varied uses of media by Ecuadorian Congolese Moroccan Nepalese Portuguese Somali Syrian and Turkish communities residing in Belgium Germany Italy the Netherlands Spain Sweden and the UK These studies are based on research methodologies including big data analysis content analysis focus groups interviews surveys and visual framing and they make a strong contribution to the emerging theory of diasporic media *GenderSpeak: Personal Effectiveness in Gender Communication* Diana K. Ivy, Phil Backlund, 2004 Designed for a junior or senior course this comprehensive text focuses on gender's impact on communication Engaging and timely topics addressed in it range from the nature vs nurture debate to the effects of media on gender communication and personal relationships **Circles in the Sand** E.
