

Short Prayer to Release Someone in Jail

“Lord of Grace, I pray that You may free the convict from the things that have enslaved their mind and spirit.

Holy Spirit, intercede right now that Your beloved child may be released. Let them walk out of the prison walls and never enter them again.

In the mighty Name of Jesus, I pray, Amen.”

Prison Admissions and Releases, 1981 Lawrence A. Greenfield, Stephanie Minor-Harper, 1984 *Prison Admissions and Releases*, 1981 **National Corrections Reporting Program, 1988**, 1992 *House of Commons - Justice Committee: Older Prisoners - HC 89* Great Britain: Parliament: House of Commons: Justice Committee, 2013-09-12 The number of older prisoners is now very high and is likely to remain so partly caused by the increase in convictions for historic sexual offences The growth of the older prison population and the severity of the needs of that population warrant a national strategy in order to provide for them effectively Older and disabled prisoners should no longer be held in institutions which cannot meet their basic needs nor should they be released back into the community without adequate support There are some excellent prison officers and charity workers who are providing essential social care but an ad hoc system means that too often older prisoners have to rely on the goodwill of officers and their fellow inmates to fulfill the most basic of care needs The responsibility to adapt the prison environment so that it suits less able prisoners lies with a prison's senior management team and the National Offender Management Service NOMS NOMS should conduct a comprehensive analysis of prisons physical compliance with disability discrimination and age equality laws The Committee does not believe there is a need for the expansion of segregated older prisoner units or wings However NOMS should ensure all prisons have an older prisoner policy that provides age and ability specific regimes Furthermore older prisoners who are released after a long period of incarceration must have a resettlement and care plan At present older prisoners are frequently released to no fixed abode undermining all work that has been made towards resettlement Recidivism of Prisoners Released in 1983 Allen J. Beck, Bernard E. Shipley, 1989 Prisoners' Self-Help Litigation Manual John Boston, Daniel E Manville, 2010-08-30 Prisoners Self Help Litigation Manual in its much anticipated fourth edition is an indispensable guide for prisoners and prisoner advocates seeking to understand the rights guaranteed to prisoners by law and how to protect those rights Clear comprehensive practical advice provides prisoners with everything they need to know on conditions of confinement civil liberties in prison procedural due process the legal system how to litigate conducting effective legal research and writing legal documents Written by two legal and penitentiary experts with intimate knowledge of prisoner's rights and legal aid work authors John Boston and Daniel E Manville strategically focus on federal constitutional law providing prisoners and those wishing to assist them with the most important information concerning legal rights Over the past decade prison law and conditions have changed significantly This new edition is updated to include the most relevant prisoners rights topics and approaches to litigation Updates include all aspects of prison life as well as material on legal research legal writing types of legal remedies and how to effectively use those remedies Certainly the most authoritative well organized and relevant prisoner's rights manual available the eagerly awaited fourth edition should be purchased by everyone interested in civil rights for the incarcerated Prisoners, 1938, 1939 *National Corrections Reporting Program*, 1989 **Prisoners'**
