Religion And Politics In The Developing World Explosive Interactions Contemporary Perspectives On Developing Societies:

Religion and Politics in the Developing World Rolin Mainuddin, 2018-01-12 This title was first published in 2002 What is the relationship between religion and politics How are they associated in the developing world When does the interface between them result in violence This volume attempts to answer these questions In particular the objective is to understand the circumstances that lead to explosive interactions between religion and politics in the developing world However this focus does not imply a perpetual tension between the religious and political spheres Rather it explores those historical moments when the relationship does break down and often ends in violent conflicts The contributors have expertise in fields such as anthropology history and political science

Constitutionalism and Society in Africa Okon Akiba, 2017-03-02 The issues addressed in this rewarding book provide new insight into the way we conceive reflect and study the problems of political transformation and constitution making in Africa The study provides a refreshingly in depth analysis of the strengths and weaknesses of constitutional provisions for managing the challenges of race religion ethnicity citizenship civil liberties and civil military relations in Africa s transitional democracies Tracing emerging trends in constitution making it blends the theory of constitutional democracy with case studies and defines the imperative of social justice

The African Exception Ulf Engel, 2017-11-28 Governance has become an important concept in the politics of African development It is therefore a crucial concept for social science analyses focusing on Africa In public discourse Africa s future is being shaped by a combination of external interventions backed by African elites who cooperate with the donors whose understanding of the importance of good governance they share This groundbreaking book disentangles the analytical aspects of governance from its political and normative connotations The African exception the difference in development between Africa and other regions of the South can be understood by analysis focusing upon the specific forms of governance played out in politics and economics The perspective of neo patrimonialism is crucial but not sufficient here The first section of the book explores African governance in two functional spheres the political realm and the economic Section two looks at new areas of governance in Africa violent social spaces HIV AIDS and entrepreneurial urban governance

Agenda Setting and Public Policy in Africa Kelechi A. Kalu, 2017-03-02 Agenda Setting and Public Policy in Africa examines how decision makers have managed and mismanaged public policy issues in sub Saharan Africa It analyses the neglected issue of how ideas about public policy are generated by whom and for what purpose Persistent problems such as political instability environmental pollution famine hunger desertification rent seeking and incessant intra conflicts across the continent are explored in a systematic and structured manner Each contributor proffers convincing solutions to clearly identified problems Well researched and solution orientated this book will engage scholars and policy makers who are interested in public policy and development issues in Africa

Devolution and Development Mwangi S. Kimenyi, 2018-01-18 Through a collection of

unique case studies and theoretical analyses this work examines the genesis and impact of decentralization reforms in developing and transition countries In particular the volume shows how decentralization affects governance and efficiency in the provision of public goods and under what conditions decentralization seems to deliver its theoretical benefits Analyses in the book address current concerns about the interaction of decentralization with social and political structure resource mobilization public goods provision and corruption This work will be invaluable to scholars of politics development studies and regional studies

Dilemmas of Weak States Tatah Mentan, 2017-11-30 Given the dramatic changes that have taken place in global politics in recent years especially following September 11 2001 it is time to examine a series of critical issues confronting the global political economy One of the most important of these issues is terrorism and its relationship with weak states This book examines the weak state terrorism nexus with particular emphasis on Africa Specifically it provides an in depth analysis of state weakness poverty and the opportunities offered by the latter for the breeding of terrorism and terrorists It also looks at the part played by radical Islam in transnational terrorism in Africa Emerging from this study is recognition of a need for the international system to analyze a wide range of issues that contribute to the weakening of African states

Sweden vs Apartheid Abdul Karim Bangura, 2017-11-28 Sweden vs Apartheid examines the effort by the Swedish government and civil society in Sweden to abolish the system of apartheid that was instituted in South Africa in 1948 There are many reasons why this book is important It explores the foreign policy posture of a state looks at Sweden's neutrality policy which embraced the idea of international solidarity with weaker states and groups and examines the first Western state to adopt an active anti apartheid stance when such a position was quite unpopular in the West The analysis blends both international relations and comparative political approaches to take a critical look at the role played by Sweden in the defeat of the apartheid system

Human Impact on Environment and Sustainable Development in Africa Michael B.K. Darkoh, 2018-12-20 This title was first published in 2003 Based on a blend of knowledge and perspectives from a variety of disciplines this volume examines the human environment interaction in Africa with a focus on the economic social and political processes that generate environmental change and problems in this region Currently there are controversies over and challenges to such concepts and issues as environment human relationships ecological resilience decertification sustainable development globalization and North South dialogue This book draws upon past and present research findings to discuss these issues It features an examination of the characteristics processes and patterns of environmental crises an analysis of the principal issues and challenges facing policy makers and implementers and the promotion of awareness of theoretical empirical and comparative research The volume not only seeks to answer some of the old questions but also open up new ones for further discussion

The Military and Politics in Africa George Klay Kieh, Pita Ogaba Agbese, 2004 Unlike other publications on the military and politics in Africa which focus on one or two aspects of the involvement of the military in African politics this text provides a comprehensive evaluation of the various aspects of military intervention Such a

collection provides useful insights into the military's role in African politics from initial intervention to the performance of military regimes as well as to disengagement reengagement consolidation and finally the offering of ways to control the problem of intervention

Religious Violence Today Michael Jerryson, 2020-07-15 Through sections containing overview essays and reference entries related to particular religions this resource explores the rise of religious violence hate crime and persecution around the world Religious violence and persecution have been growing steadily both within the United States and around the world Drawing on the expertise of a wide range of scholars this current and comprehensive reference helps readers understand the persecution of members of particular faiths as well as violence committed by members of those faiths In doing so it promotes a greater understanding of the role of religion in global politics domestic and international terrorism and religious bigotry The book contains sections on particular religious traditions from around the world Each section begins with an overview essay surveying violence related to that particular religion whether committed by or against members of that faith Reference entries in each section then provide objective fundamental information about particular topics related to violence and the religion discussed The entries provide cross references and suggestions for further reading and the work closes with a bibliography of resources for further study
