writing life navigated from the inside out It encourages writers and authors to rethink their ambitions which may be fueled by the tyrannical demands of the ego and trust in their heartfelt purpose and values in the journey to becoming or continuing on as authors Many writers believe their self sabotaging thoughts are trustworthy and true They take rejection personally They surmise that if they don't achieve their goals they have failed and lose sight of who they are and what matters most This book is for writers looking for inspiration and for authors daunted by the publishing process who might lack the requisite author platform to get published the way they dreamed or whose careers may not be unfolding as expected It aims to be the friend and trusted expert writers turn to when hijacked by their own thinking Ultimately it reminds authors that they are infinite creators
