**Since Debussy** André Hodeir, 1975      **Since Debussy** Andre HODEIR, 1991      **Since Debussy** Andre Hodeir, 1975-03-21      *Perspectives on the Performance of French Piano Music* Lesley A. Wright, 2016-04-22 *Perspectives on the Performance of French Piano Music* offers a range of approaches central to the performance of French piano music of the nineteenth and twentieth centuries The contributors include scholars and active performers who see performance not as an independent activity but as a practice enriched by a wealth of historical and analytical approaches To underline the usefulness of contextual understanding for performance each author highlights the choices performers must confront with examples drawn from particular repertoires and composers Topics explored include editorial practice the use of early recordings emergent disciplines such as analysis and performance and traditions passed down from teacher to student Themes that emerge demonstrate the importance of editions as a form of communication the challenges of notation the significance of detail and of deeper continuity the importance of performing and teaching traditions and the influence of cross disciplinary frameworks A link to a set of performed examples on the frenchpianomusic.com website allows readers to hear and compare performances and interpretations of the music discussed The volume will appeal to musicologists and analysts interested in performance performers students and piano teachers      Messiaen's Musical Techniques: The Composer's View and Beyond Gareth Healey, 2016-04-22 Despite Messiaen's position as one of the greatest technical innovators of the twentieth century his musical language has not been comprehensively defined and investigated The composer's 1944 theoretical study *The Technique of My Musical Language* expounds only its initial stages and while his posthumously published *Traité de rythme, de couleur, et d'ornithologie* contains detailed explanations of selected techniques in most cases the reader is left to define these more precisely by observing them in the context of Messiaen's analyses of his own works Technical processes are nevertheless in many cases the primary components of a work or movement For instance *Personnages* dominate *Joie du sang des toiles* from the *Turangala* symphony and in certain cases such as *Le change* from the *Vingt regards sur l'Enfant Jésus* the process asymmetric augmentation is the only structuring element present Given this reliance on idiosyncratic techniques clear comprehension of the music is impossible without a detailed knowledge of Messiaen's methods Gareth Healey charts their development and interconnections considers their relationship with formal structures and applies them in refined and extended form to works for which Messiaen himself left no published analysis

*Since Debussy. A View of Contemporary Music. Translated by Noel Burch. [With Plates and Musical Illustrations.].* André Hodeir, Noel BURCH, 1961      *Beyond Structural Listening?* Andrew Dell'Antonio, 2004-10-11 Rose Subotnik criticized structural listening as an attempt to situate musical meaning solely within the unfolding of the musical structure itself The authors of this volume take up her challenge writing on repertoires ranging from Beethoven to MTV      **Stravinsky and the Russian Traditions, Volume Two** Richard Taruskin, 2016-04-27 This book undoes 50 years of mythmaking about Stravinsky

s life in music During his spectacular career Igor Stravinsky underplayed his Russian past in favor of a European cosmopolitanism Richard Taruskin has refused to take the composer at his word In this long awaited study he defines Stravinsky s relationship to the musical and artistic traditions of his native land and gives us a dramatically new picture of one of the major figures in the history of music Taruskin draws directly on newly accessible archives and on a wealth of Russian documents In Volume One he sets the historical scene the St Petersburg musical press the arts journals and the writings of anthropologists folklorists philosophers and poets Volume Two addresses the masterpieces of Stravinsky s early maturity *Petrushka* *The Rite of Spring* and *Les Noces* Taruskin investigates the composer s collaborations with Diaghilev to illuminate the relationship between folklore and modernity He elucidates the Silver Age ideal of neonationalism the professional appropriation of motifs and style characteristics from folk art and how Stravinsky realized this ideal in his music Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore The stylistic synthesis thus achieved formed Stravinsky as a composer for life whatever the aesthetic allegiances he later professed Written with Taruskin s characteristic mixture of in depth research and stylistic verve this book will be mandatory reading for all those seriously interested in the life and work of Stravinsky      [Stravinsky and the Russian Traditions](#) Richard Taruskin,1996-07-15 Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore The stylistic synthesis thus achieved formed Stravinsky as a composer for life whatever the aesthetic allegiances he later professed      **Guide to the Pianist's Repertoire** Maurice Hinson,Wesley Roberts,2024-06-06 Guide to the Pianist s Repertoire continues to be the go to source for piano performers teachers and students Newly updated and expanded with more than 250 new composers this incomparable resource expertly guides readers to solo piano literature and provides answers to common questions What did a given composer write What interesting work have I never heard of How difficult is it What are its special musical features How can I reach the publisher New to the fourth edition are enhanced indexes identifying black composers women composers and compositions for piano with live or recorded electronics a thorough listing of anthologies and collections organized by time period and nationality now including collections from Africa and Slovakia and expanded entries to account for new material works and resources that have become available since the third edition including websites and electronic resources The newest Hinson will be an indispensable guide for many years to come      **The Semiotics of Human Sound** Peter F. absorbed the bygone rural atmosphere and its inspirational mise en scene thus framing the record cinematically as Siouxsie Sioux recalled It was as if we were doing the whole thing on the set of The Wicker Man Samantha Bennett looks at how Siouxsie and the Banshees Peepshow is better understood in the context of film and film music as opposed to popular music studies or indeed the works of other rock n roll bands Drawing upon more than one hundred films and film scores this book focuses on Peepshow s deeply embedded historical and aesthetic para cinematic influences How is each track a reflection of genre film Who are the various featured protagonists And how does Peepshow s diverse orchestration complex musical forms atypical narratives and evocative soundscapes reveal an inherently cinematic record Ultimately Peepshow can be read as a soundtrack to all the films Siouxsie and the Banshees ever saw Or perhaps it was the soundtrack to the greatest film they never made
