Hickman,2009-06-09 The classic guide for dealing with grief and loss Daily reflections to find solace in our own lives and comfort in the connection of sharing these meditations with countless others After the focus on planning and outpouring of love from family and friends in the immediate aftermath following the loss of a loved one we are left to enter a new version of our lives where someone important is missing For days months years the pain of the loss can crash in all at once It is tempting to push that wave of grief back and soldier on with our new lives but the loss will never lose its controlling power if we don t find the courage and love to face it Meditating on the loss along with the rush of love that comes with it gives us a chance to rejoice in the life that

was shared and to look forward in which memories of our loved ones continue to bless us The short poignant meditations given here follow the course of the year but it is not a necessity to follow them chronologically They will strengthen inspire and give comfort for as long as they are needed
