Players All Robert E. Rinehart, 1998 Once upon a time sport was a contest between two individuals or teams watched perhaps by a few people for their amusement or instruction Soon the spectators came to be a necessary part of the activity Today sports events have become more like spectacles designed for audience participation Even players seem caught up in a performance in which athletic competition plays only a part Nostalgia for a purer age of competition seems only to feed the hunger to discover new ways to join in the sports experience Fans athletes coaches merchants and manufacturers collectors and wannabes we've become players all In a book that is both scholarly and engagingly personal Robert E Rinehart takes us into the world of contemporary sport performances from the Olympic Games to The eXtreme Games the Super Bowl to The American Gladiators He introduces us to sports tourism and the highly commercialized world of global sport He analyzes the emergence of such sports as paint ball with its associations to the Vietnam War and indoor rock climbing and its links to environmentalism and self mastery He shows how sports have become theatrical events staged for an audience that is som

Parkour and the City Jeffrey L. Kidder, 2017-04-20 In the increasingly popular sport of parkour athletes run jump climb flip and vault through city streetscapes resembling urban gymnasts to passersby and awestruck spectators In Parkour and the City cultural sociologist Jeffrey L Kidder examines the ways in which this sport involves a creative appropriation of urban spaces as well as a method of everyday risk taking by a youth culture that valorizes individuals who successfully manage danger Parkour s modern development has been tied closely to the growth of the internet The sport is inevitably a YouTube phenomenon making it exemplary of new forms of globalized communication Parkour s dangerous stunts resonate too Kidder contends with a neoliberal ideology that is ambivalent about risk Moreover as a male dominated sport parkour with its glorification of strength and daring reflects contemporary Western notions of masculinity At the same time Kidder writes most athletes known as traceurs or freerunners reject a daredevil label preferring a deliberate reasoned hedging of bets with their own safety rather than a pushing the edge ethos normally associated with extreme sports
