Religion, My Own Mattityahu Peled, 2018-04-17 The Egyptian writer Najib Mahfuz has been acclaimed by many Arab critics as the greatest living Arabic literary writer and one of the pioneers of social criticism in literature in Egypt. This work, the only major book-length study of Mahfuz's work, traces his literary development as a writer and analyzes the thematic aspect of his work, the relationship between individual and society. Mahfuz's method of presenting this relationship in his novels and short stories is studied within the context of his Islamic world view. Mahfuz's writing follows the models set by modern Western literature. His unique contribution to Egyptian literature is that he made the novel and the short story a means of exploring indigenous problems. Egyptian writers who preceded him paved the way for his achievements but none reached his mastery. He enabled the Egyptian genius to express itself in literary forms new to Arabic literary tradition. The literary career of Mahfuz is marked by three distinct phases. The first is the Pharaonic phase, 1935-38, in which three historical novels were written. The second is the realistic phase, 1938-52, in which most of his great works were written, including the Cairo trilogy. The third phase began after a pause of six years in 1958 and is distinguished by symbolic writings and a deep concern for the individual in a changing society.

Bond Plays: 6 Edward Bond, 2013-12-10 Plays Six includes some of the most acclaimed work of Edward Bond, one of Britain's greatest living contemporary dramatists who is widely studied by schools and colleges. The collection includes a commentary by the author. The collection includes The War Plays and Choruses from After the Assassinations. In The War Plays, Red, Black and Ignorant, The Tin Can People, Great Peace, Bond particularises daunting themes and subjects but examines them within the context of every day life. His platform is a trilogy of plays that deal with the aftermath of a nuclear holocaust. The first, a quick-telling chronicle of a life destroyed before it ever got lived, puts forth Bond's notions of contemporary cultural corruption and conditioning. In play two, the demoralised inheritors of a ravaged earth try to rationalise an existence predicated on death. The third play enlarges the issues by focussing on a post-apocalyptic Mother Courage for whom schizoid suffering becomes a survival technique. Time Out. In Choruses From After The Assassinations, Bond forecasts questions fifty years into the future in an age of escalating militarism. Edward Bond is a great playwright; many particularly in continental Europe would say the greatest living English playwright. Independent.

Community, Religion, and Literature Cleanth Brooks, 1995 As the last collection of Cleanth Brooks's essays before his death, Community, Religion and Literature represents his final considered views on the reading of literature and the role it plays in our society. He argues that the proper and essential role of literature

lies in giving us our sense of community Yet he denounces the extent to which literature too is now being usurped by the critics who see writing as pure language He believes that just as religion renders truth of another sort so literature is an expression of the truth about human beings More and more in this age of science literature has assumed the burden of providing civilization with its values Community Religion and Literature offers students of literature the opportunity to understand what Cleanth Brooks was actually saying rather than what others have said he was saying Saved Edward Bond, 2014-01-08 Described by its author as almost irresponsibly optimistic Saved is a play set in London in the sixties Its subject is the cultural poverty and frustration of a generation of young people on the dole and living on council estates The play was first staged privately in November 1965 at the Royal Court Theatre before members of the English Stage Society in a time when plays were still censored With its scenes of violence including the stoning of a baby Saved became a notorious play and a cause célèbre In a letter to the Observer Sir Laurence Olivier wrote Saved is not a play for children but it is for grown ups and the grown ups of this country should have the courage to look at it Saved has had a marked influence on a whole new generation writing in the 1990s Edward Bond is a great playwright many particularly in continental Europe would say the greatest living English playwright Independent *The Unknown Constellations* Harvey Swados, 1995

The Politics and Poetics of Contemporary English Tragedy Sean Carney, 2013-02-13 The Politics and Poetics of Contemporary English Tragedy is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney s attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic

Robert Lowell,

Nihilist as Hero Vereen M. Bell, 1983 Vereen Bell gives us a subtly reasoned account of the pattern of Lowell's poetry is characterized above all by its chronic and systematic pessimism but that paradoxically Lowell's reluctance to accept the consequences of his own unsparing vision is what gives his poetry its vigor richness and tonal complexity Perspectives Jalal Uddin Khan, 2015-02-05 Perspectives Romantic Victorian and Modern Literature is an up to date explication of various popular and classic subjects and authors arranged chronologically The book composed of thirteen essays examines Blake Coleridge Byron Shelley Keats Victorian medievalism the Victorian reaction to British India Ben Jonsonian elements in Yeats Yeats and Maud Gonne the treatment of the Irish civil war and Irish nationalism in Yeats and the treatment of the Spanish civil war in the selected works of modern fiction and nonfiction Marked by an originality of approach and a freshness and simplicity the book takes note of contemporary theoretical interdisciplinary and cultural discourse drawn from literature history politics and religion as necessary However it is far from being unnecessarily outweighed by the loaded clichés oft repeated jargon and overused euphemisms of modern literary or critical theory The result is regardless of its specialized treatment of otherwise commonplace or well known texts or topics that the overall discussion is as lucid introductory and expository as it is deep and scholarly making the book easily accessible and understandable to non specialist readers in addition to specialist researchers and academics Re-reading Poets Paul J. Kameen, 2014-01-31 In Re-reading Poets Paul Kameen offers a deep reflection on the importance of poets and poetry to the reader Through his historical philosophical scholarly and personal commentary on select poems Kameen reveals how these works have helped him form a personal connection to each individual poet He relates their profound impact not only on his own life spent reading teaching and writing poetry but also their potential to influence the lives of readers at every level In an examination of works by William Wordsworth Samuel Taylor Coleridge Walt Whitman and others Kameen seeks to sense each author's way of seeing so that author and reader may meet in a middle ground outside of their own entities where life and art merge in deeply intimate ways Kameen counters ideologies such as New Criticism and poststructuralism that marginalize the author and instead focuses on the author as a vital presence in the interpretive process He analyzes how readers look to the past via tradition conceptualizing history in ways that pre-process texts and make it difficult to connect directly to authors In this vein Kameen employs examples from T S Eliot Martin Heidegger and Mikhail Bakhtin Kameen examines how people become poets and how that relates to the process of actually writing poems He tells of his own evolution as a poet and argues for poetry as a means to an end beyond the poetic rather than an end in itself In Re-reading Poets Kameen's goal is not to create a new dictum for teaching poetry but rather to extend poetry's appeal to an audience far beyond academic walls
