This Is My Story Paul Beasley-Murray, 2018-06-28 This Is My Story is an unusually fascinating account of one man s life It is a story of the making of a man initially written with grandchildren in mind Who was my grandfather What kind of person was he At another level it is a story of a growing faith telling how amidst the ups and down of life he has remained a soft hearted pilgrim At yet another level it is a story of the making of a leader who never stopped learning how to lead care preach and engage in effective mission Perhaps even more significantly it is also a story of a ministry in which the author never lost his sense of delight and privilege in his calling to be a pastor Finally as one who has at time been at the center of controversy it is an opportunity to tell my side of the story This is a book for pastors and for any Christian who wants the inside story of the pains and triumphs of a Christian leader 12

A Sacred Trust Dean Anderson, 2015-08-25 Just what makes a Baptist a Baptist What are the beliefs that set Baptists apart from other Christian churches and are they of any real importance for the local church member who just wants to follow Jesus Four centuries of Baptists have found those distinctive beliefs to be the command of Jesus in the Scripture have expressed their love for him by holding and practicing them and have passed that sacred trust down to us A church which fails to know and value its Baptist identity becomes subject to error and false

teaching and loses the heritage for which its Baptist ancestors were willing to suffer and die The sermons in this book provide a helpful introduction to the beliefs which distinguish Baptists from other Christian groups and churches and help readers to consider those beliefs in their proper level of importance Extensive guides to additional resources in the distinctive beliefs of Baptists and in doctrinal preaching are provided for those desiring further study and for pastors interested in developing similar messages Includes endorsements from Chuck Kelley and Lloyd Harsch of New Orleans Baptist Theological Seminary and Fisher Humphreys of Beeson Divinity School

The European Baptist Federation

Keith G. Jones, 2009-11-01 A criticism often leveled at Baptists is that they have no theology of ecclesial reality beyond the local In this book Keith Jones describes the history and current reality of the European Baptist Federation EBF which brings together over fifty national Baptist groups in Europe and the Middle East and seeks to demonstrate that there is an ecclesial reality within the organization expressed in its communal life mission activity working on theological education in relationship to other Christian world communions and in its decision making processes The role of the pivotal figure of the General Secretary of the EBF is examined with particular reference to two significant figures The relationship of European Baptists during the cold war era is explored as is the relationship to two key mission agencies from the USA who have done much work in Europe This represents ground breaking work in terms of an examination of how Baptists in Europe work together trans nationally

A Bombshell in the Baptistery Justin Nalls, 2019-03-14 Who should be baptized Should a person who has not been baptized be allowed to become a member of a church What happens when a person is baptized There are a number of important questions about baptism that call for biblical and theological reflection on a more fundamental question what is baptism Perhaps no one in the twentieth century addressed that question more thoroughly than British New Testament scholar George Beasley Murray While touching on a range of issues related to baptism this book explores the influence that Beasley Murray's work has had on the debate about the meaning of baptism and shows why his work was referred to as a bombshell in the baptistery

Baptism and the Baptists Anthony R. Cross, 2017-06-20 Since its first publication in 2000 *Baptism and the Baptists* has become the definitive work on the subject It examines the theology and practice of believers baptism among twentieth century Baptists associated with the Baptist Union of Great Britain and identifies the major influences which have led to its development In the nineteenth and early twentieth century the majority of Baptists concentrated predominantly on the mode and subjects of baptism immersion and believers understanding the rite merely as an ordinance the believer's personal profession of faith in Christ However in continuity with a tradition of Baptists going back as far as the first Baptists in the second and third decades of the seventeenth century there were also a significant number of ministers and scholars who saw the inadequacy of this view of baptism both biblically and theologically This sacramental view developed and grew throughout the twentieth century and influenced a resurgence of baptismal sacramentalism in the early twenty first century among Baptists not just in Britain but also in North America Europe and

further afield **Free Church, Free State** Nigel G. Wright, 2011-11-29 A church free from state control and a state free from church control Such is one of the radical insights of a baptist vision of church and society What exactly is a baptist vision of the church What are the biblical historical and theological roots of this approach to Christian community What is the place of such a vision in the context of a global church that includes alternative notions of the body of Christ *Free Church Free State* is a textbook on baptist ways of being church and a proposal for the future of baptist churches in an ecumenical context Nigel Wright argues that both baptist small b and catholic small c church traditions should seek to enrich and support each other as valid expressions of the body of Christ without sacrificing what they hold dear Written for pastors church planters evangelists and preachers Nigel Wright offers frameworks of thought for baptists and non baptists in their journey together following Christ *Protestant Spiritual Traditions, Volume Two* Frank C. Senn, 2020-07-24 There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles These two volumes of *Protestant Spiritual Traditions* offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr and offer insights on a range of topics from the theology of the cross to physical fitness **Church Growth in Britain** David Goodhew, 2017-05-15 There has been substantial church growth in Britain between 1980 and 2010 This is the controversial conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK Such church growth is seen to be on a large scale is multi ethnic and can be found across a wide range of social and geographical contexts It is happening inside mainline denominations but especially in specific regions such as London in newer churches and amongst ethnic minorities *Church Growth in Britain* provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders This book demonstrates that whilst decline is happening in some parts of the church this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity **Reinventing English Evangelicalism, 1966-2001** Robert E. Warner, 2007-12-01 This provocative book offers a revisionist history of the transdenominational initiatives of English evangelicals from 1965 to 2000 Warner provides an authoritative theological analysis and a constructive sociological critique This is an invaluable study for all those in the academy the church and wider society who want a fuller understanding of the social and religious significance and the evolutionary dynamics of this influential and diversifying religious tradition **Recycling the Past or Researching History?** Philip E. Thompson, Anthony R. Cross, 2007-10-01 *Recycling the Past or Researching History* brings together an international group of Baptist scholars who explore various issues in Baptist

historiography and myths Contributors examine and re examine areas of Baptist life and thought about which either little is known or the received wisdom is in need of revision Historiographical studies include the date Oxford Baptists joined the Abingdon Association the death of the Fifth Monarchist John Pendarves eighteenth century Calvinistic Baptists and the political realm confessional identity and denominational institutions Baptist community ecclesiology the priesthood of all believers soteriology Baptist spirituality Strict and Reformed Baptists the role of women among British Baptists while various myths challenged include the nature of high Calvinism in eighteenth century England baptismal anti sacramentalism episcopacy and Baptists and change The common theme tying these studies together is that research into Baptist history should deal with the primary sources and not as has too often been the case rely uncritically on the scholarship of previous generations

engagement both theological and institutional The book tells this story focusing on the particular individuals involved and the wide ranging discussions centered around mission and identity ministry associating and ecumenism It argues that there were competing visions emerging from two different streams of thought which whilst not divisive caused tension At the end of the decade structural changes were introduced with hope for the new millennium but the book contends that opportunities were missed for a more deeply theological renewal

The Church as Polis Arne Rasmusson, 2025-02-15 Political theology is one of the most influential theological movements of the latter part of the twentieth century and yet as Arne Rasmusson argues here the field suffers from deep inherent tensions in its attempt to mediate the Christian tradition and the modern

emancipatory tradition Rasmusson contributes to political theology through an innovative discussion of the relationship between church and society and an exposition of the thought and work of political theology's influential representative Jürgen Moltmann Rasmusson further refines his argument by filtering Moltmann's theology through an exploration of Stanley Hauerwas's theological positions
