**The Tragic Histories of Mary Queen of Scots, 1560-1690** John D. Staines,2016-12-05 Author John Staines here argues that sixteenth and seventeenth century writers in England Scotland and France wrote tragedies of the Queen of Scots royal heroine or tyrant martyr or whore in order to move their audiences towards political action by shaping and directing the passions generated by the spectacle of her fall In following the retellings of her history from her lifetime through the revolutions and political experiments of the seventeenth century this study identifies two basic literary traditions of her tragedy one conservative sentimental and royalist the other radical skeptical and republican Staines provides new readings of Spenser and Milton as well as of early modern dramatists to compile a comprehensive study of the writings about this important historical and literary figure He charts developments in public rhetoric and political writing from the Elizabethan period through the Restoration using the emotional representations of the life of this tragic woman and queen to explore early modern experiments in addressing and moving a public audience By exploring the writing and rewriting of the tragic histories of the Queen of Scots this book reveals the importance of literature as a force in the redefinition of British political life between 1560 and 1690

*Shakespeare, Politics, and Italy* Michael J. Redmond,2016-04-01 The use of Italian culture in the Jacobean theatre was never an isolated gesture In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries Michael J Redmond argues that early modern intertextuality was a dynamic process of allusion quotation and revision Beyond any individual narrative source Redmond foregrounds the

fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis nationalism and court intrigue By focusing on the self conscious overt rehearsal of existing texts and genres the book offers a new approach to the intertextual strategies of early modern English political drama The pervasive circulation of Cinquecento political theorists like Machiavelli Castiglione and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays New Historicism and Cultural Materialism John Brannigan,2016-02-12

New historicism and cultural materialism emerged in the early 1980s as prominent literary theories and came to represent a revival of interest in history and in historicising literature Their proponents rejected both formalist criticism and earlier attempts to read literature in its historical context and defined new ways of thinking about literature in relation to history This study explains the development of these theories and demonstrates both their uses and weaknesses as critical practices The potential future direction for the theories is explored and the controversial debates about their validity in literary studies are discussed **White Gloves of the Doorman**

Branko Gorjup,2004 *Ancient Comedy and Reception* S. Douglas Olson,2013-12-12 This wide ranging collection consisting of 50 essays by leading international scholars in a variety of fields provides an overview of the reception history of a major literary genre from Greco Roman antiquity to the present day Section I considers how the 5th and 4th century Athenian comic poets defined themselves and their plays especially in relation to other major literary forms It then moves on to the Roman world and to the reception of Greek comedy there in art and literature Section II deals with the European reception of Greek and Roman comedy in the Medieval Renaissance and Early Modern periods and with the European stage tradition of comic theater more generally Section III treats the handling of Greco Roman comedy in the modern world with attention not just to literary translations and stage productions but to more modern media such as radio and film The collection will be of interest to students of ancient comedy as well as to all those concerned with how literary and theatrical traditions are passed on from one time and place to another and adapted to meet local conditions and concerns *Thomas Middleton and Early Modern Textual Culture* Gary Taylor,John Lavagnino,2007 Thomas Middleton and Early Modern Textual Culture is a comprehensive companion to The Collected Works of Thomas Middleton providing detailed introductions to and full editorial apparatus for the works themselves as well as a wealth of information about Middleton s historical and literary context

*Faultlines* Alan Sinfield,1992 Through agile and often provocative discussions of texts by Shakespeare Sidney Donne and Marlowe the scope of dissidence and control is reassessed in relation to the state gender and sexualities religion and cultural production Sinfield provides a hard hitting critique of the role of Shakespeare in contemporary culture and argues for new readings of our national poet **Christopher Marlowe and the Failure to Unify** Andrew Duxfield,2016-03-03 In this sustained full length study of Marlowe s plays Andrew Duxfield argues that Marlovian drama exhibits a marked interest in unity and unification and that in doing so it engages with a discourse of anxiety over social discord that was prominent in the

1580s and 1590s In combination with the ambiguity of the plays he suggests this focus produces a tension that both heightens dramatic effect and facilitates a cynical response to contemporary evocations of and pleas for unity This book has three main aims Firstly it establishes that Marlowe's tragedies exhibit a profound interest in the process of reduction and the ideal of unity Duxfield shows this interest to manifest itself in different ways in each of the plays Secondly it identifies this interest in unity and unification as an engagement in a cultural discourse that was particularly prevalent in England during Marlowe's writing career during the late 1580s and early 1590s heightened inter confessional tension the threat and reality of foreign invasion and public puritan dissent in the form of the Marprelate controversy provoked considerable public anxiety about social discord Thirdly the book considers the plays focus on unity in relation to their marked ambiguity throughout all of the plays unifying ideals and reductive processes are consistently subject to renegotiation with or undercut entirely by the complexity and ambiguity of the dramas in which they feature Duxfield's focus on unity as a theme throughout the plays provides a new lens through which to examine the place of Marlowe's work in its cultural moment 'Household Business'

Viviana Comensoli,1999-12-15 The domestic play flourished on the English popular stage during the late sixteenth and early seventeenth centuries Its roots were predominantly native rather than classical and its mainspring was the staging of domestic conflict amongst English characters from the middle ranks of society Household Business traces the genre's origins in the cycle plays of medieval England and examines its aesthetic configurations in relation to extra literary discourses and practices that underwrote Renaissance ideologies of private life At a time when the orthodox view of the family defined it as the foundation of the social order a number of domestic dramas took a more critical perspective stressing the contradictions and struggles that attend marriage and the patriarchal family In addition to well known domestic dramas as A Woman Killed with Kindness Arden of Feversham The Witch of Edmonton and A Yorkshire Tragedy Viviana Comensoli analyzes less well studied plays as A Warning for Fair Women Two Lamentable Tragedies and The Late Lancashire Witches The book also provides an extensive and timely assessment of domestic comedy demonstrating how plays such as The London Prodigal The Fair Maid of Bristow and The Honest Whore Parts I and II resist homiletic paradigms in favour of a more dialectical dramaturgy
