Radicalism And Its Demise

Jeffrey K. Hadden

Radicalism And Its Demise:

Radicalism and Its Demise Bradley Kent Geisert, 2001 This book chronicles the dynamics of local and central party politics as it describes the Nationalists' turn from radical to status quo policies and practices. Geisert revisits important issues that continue to engage scholarship on the Republican era, in particular the social and political bases of Guomindang rule. He clarifies how Guomindang factions and, to a lesser extent, the Chinese Communist Party competed in local level social movements and political struggles in Jiangsu. While most studies of modern Chinese state making focus on government institutions, the author reminds us that the party organization must also be considered an important player in this process. Bradley Geisert teaches history at Randolph Macon Women's College. He has published several papers on the Guomindang in Republican China.

The Death and Rebirth of American Radicalism Stanley Aronowitz, 2013-09-13 The Death and Rebirth of American Radicalism differentiates the Social Justice Left from Cultural Radicalism and the various social movements for individual freedom. In The Death and Rebirth of American Radicalism, Stanley Aronowitz asks the question: Is there anything left of the Left? With the rise of Newt Gingrich and his Contract With America, how is it that conservatism staged such a remarkable recovery after being discounted in the turbulent 1960s? Aronowitz addresses these and other burning issues of contemporary politics.

Modernist Radicalism and its Aftermath Stephen Crook, 2012-10-12 Modernist Radicalism and its Aftermath investigates the ways in which Marx, Durkheim, Althusser, and Habermas are all drawn towards foundationalism and offers a framework for the analysis of foundationalism in social theory. *The Rise and Fall of English Radicalism, 1760 to 1800* Mark Hulliung, 2025-03-25 This book explores the major political debates in England during the final decades of the eighteenth century, a period when responses to the American and French Revolutions were a major concern and the entire future of public life in England was in question. Offering an in-depth treatment of the political pamphlets and literature of the time, this book examines the voices of both the radicals and their detractors. The volume attempts to do justice to the talented radical Whigs Edmund Burke, demeaned in *Reflections on the Revolution in France*, and who have been long forgotten, buried unfairly under the memory of the excesses of French revolutionary violence. This accessibly written volume is perfect for undergraduates, graduates, and professors of history, political science, and literature.

The Life and Death of the Radical Historical Jesus David Burns, 2013-01-03 In this cultural and intellectual history, David Burns contends that the influence of biblical criticism in America was more widespread than has been thought. Burns proves this point by uncovering the hidden history of the radical historical Jesus, a construct created and sustained by freethinkers, feminists, socialists, and anarchists during the Gilded Age and Progressive Era. The result of this exploration is a new narrative revealing that Cyrenus Ward, Caroline Bartlett, George Herron, Bouck White, and other radical religionists had an impact on the history of religion in America rivaling that of recognized religious intellectuals such as Shailer Mathews, Charles Briggs, Francis Peabody, and Walter Rauschenbusch. The methods utilized by radical religionists were different from those employed

by elite liberal divines however and part of a larger struggle over the relationship between religion and civilization There were numerous reasons for this conflict but Burns argues that the primary cause was that key radical religionists used Ernest Renan's *The Life of Jesus* to create an imaginative brand of biblical criticism that struck a balance between the demands of reason and the doctrines of religion And this measured approach allowed Robert Ingersoll Elizabeth Cady Stanton Eugene Debs and other secular minded thinkers who sought to purge Christianity of its supernatural dimensions to still find something wonderful in the religious imagination and make common cause with an ancient peasant from Galilee This provocative blend of reason and religion produced a vibrant countercultural movement that spanned communities classes and creeds and makes *The Life and Death of the Radical Historical Jesus* a book that deserves a wide readership in an era when public intellectuals and politicians on both the left and right draw rigid lines between the secular and the sacred

Daniel Bell and the Decline of Intellectual Radicalism Howard Brick, 1986 What causes a generation of intellectuals to switch its political allegiances in particular to move from the opposition to the mainstream In U S history it is the experience of the Old Left intellectuals who swung from avowal of socialism or Communism in the 1930s to apology for American liberalism in the 1950s that raises this question pointedly In this highly original and broadsweeping study Howard Brick focuses on the career of Daniel Bell as an illustrative case of political transformation combining intellectual history biography and the history of sociology to explain Bell's emerging thought in terms of the tensions between socialists and sociological theory The resulting work will be of compelling interest to Marxists and American intellectual historians to sociologists and to all students of twentieth century American thought and culture Daniel Bell's route to political reconciliation was a tortuous one While it is common wisdom to cite World War II as the force that welded national unity and brought Depression era radicals to an appreciation of democratic institutions the war actually turned the young Bell to the left Opposing the centralized power of American business and military elites at war's end Bell shared the new radicalism that infused Dwight MacDonald's *Politics Magazine* and motivated C Wright Mills' early work Nonetheless by the early 1950s Bell had declared the demise of American socialism and endorsed the welfare reforms of the Fair Deal Brick's study finds however that the new radicalism of the mid 1940s helped to shape Bell's mature perspective giving it a richness and critical edge often unrecognized Brick finds that the heritage of modernism as manifested in social theory knit together the process of political transformation combining disdain for the false promises of liberal progress estrangement from society at large and reconciliation with a reality perceived to be full of unconquerable tensions Brick locates the foundations of Bell's mature social theory in the historical context of his early work particularly in the political concessions made by the social democratic movement in the face of the Cold War to the reconstruction of capitalist order in the West The crucial turning point in World politics as in Bell's thinking can be located in the years 1947-49 After that point the different strands of Bell's thinking came together to represent the contradictions in the perspective of a social democrat trapped by the iron cage of capitalism who

saw in his political accommodation both the road to progress and the rupture of his hopes This peculiar paradigm shaped by the experiences of deradicalization lies at the heart of Daniel Bell's social theory Brick finds At the present critical point in American history as a new generation of leftist intellectuals undergoes a process similar to that of Bell's generation Brick's work will be especially important in understanding the historical phenomenon of deradicalization

Radicalism in the States Richard M. Valelly, 1989-07-10 Concentrated in states outside the Northeast and the South state level third party radical politics has been more widespread than many realize In the 1920s and 1930s American political organizations strong enough to mount state wide campaigns and often capable of electing governors and members of Congress emerged not only in Minnesota but in Wisconsin and Washington in Oklahoma and Idaho and in several other states Richard M Valelly treats in detail the political economy of the Minnesota Farmer Labor Party 1918-1944 the most successful radical state level party in American history With the aid of numerous interviews of surviving organizers and participants in the party's existence Valelly recreates the party's rise to power and subsequent decline seeking answers to some broad developmental questions Why did this type of politics arise and why did it collapse when it did What does the party's history tell us about national political change The answers lie Valelly argues in America's transition from the political economy of the 1920s to the New Deal Combining case study and comparative state politics he reexamines America's political economy prior to the New Deal and the scope and ironies of the New Deal's reorganization of American politics The results compellingly support his argument that the federal government's increasing intervention in the economy profoundly transformed state politics The interplay between national economy policy making and federalism eventually reshaped the dynamics of interest group politics and closed off the future of state level radicalism The strength of this argument is highlighted by Valelly's cross national comparison with Canadian politics In vivid contrast to the fate of American movements province level radicalism thrived in the Canadian political environment In the course of analyzing one of the suppressed alternatives of American politics Valelly illuminates the influence of the national political economy on American political development *Radicalism in the States* will interest students of economic protest of national policy making of interest group politics and party politics

The Dawn of Radicalism John Bowles Daly, 1892 *English Radicalism 1832-1852* S. Maccoby, 2001 This is volume 3 of the set *English Radicalism* 1935-1961 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By Combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century

Radicals in the Barrio Justin Akers Chacón, 2018-06-26 *Radicals in the Barrio* uncovers a long and rich history of political radicalism within the Mexican and Chicano working class in the United States Chacón clearly and sympathetically documents the ways that migratory workers carried with them radical political ideologies new organizational models and

shared class experience as they crossed the border into southwestern barrios during the first three decades of the twentieth century Justin Akers Chac n previous work includes *No One is Illegal Fighting Racism and State Violence on the U S Mexico Border* with Mike Davis *Radical Right Parties in Central and Eastern Europe* Bartek Pytlas,2015-10-16 In Central and Eastern Europe radical right actors significantly impact public debates and mainstream policy agenda But despite this high discursive influence the electoral fortune of radical right parties in the region is much less stable It has been suggested that this may be due to the fact that mainstream competitors increasingly co opt issues which are fundamental for the radical right However the extent to which such tactics play a role in radical right electoral success and failure is still a subject for debate This book is the first to provide a systematic theoretical framework and in depth empirical research on the interaction between discursive influence party competition and the electoral fortune of radical right parties in Central and Eastern Europe It argues that in order to fully explain the impact of mainstream party strategies in this regard it is vital to widen the analysis beyond competition over issues themselves and towards their various legitimizing narratives and frame ownership Up to date debates over policies of collective identity minority morality and nationalizing politics in Hungary Poland and Slovakia serve as best cases to observe these under researched phenomena The analytical model is evaluated comparatively using original primary data combined with election studies and expert surveys Advancing an innovative fine grained approach on the mechanisms and effects of party competition between radical right and mainstream parties this book will be of interest to students and scholars researching the far right and European party politics as well as political contestation and framing **Radical Spaces** Christina Parolin,2010-12-01 RADICAL SPACES explores the rise of popular radicalism in London between 1790 and 1845 through key sites of radical assembly the prison the tavern and the radical theatre Access to spaces in which to meet agitate and debate provided those excluded from the formal arenas of the political nation the great majority of the population a crucial voice in the public sphere RADICAL SPACES utilises both textual and visual public records private correspondence and the secret service reports from the files of the Home Office to shed new light on the rise of plebeian radicalism in the metropolis It brings the gendered nature of such sites to the fore finding women where none were thought to gather and reveals that despite the diversity in these spaces there existed a dynamic and symbiotic relationship between radical culture and the sites in which it operated These venues were both shaped by and helped to shape the political identity of a generation of radical men and women who envisioned a new social and political order for Britain **Radical History Review: Volume 71, Liberalism and the Left** Rhr Collective,Radical History Review Collective,1999-02-13 This issue embodies the journal s recent move toward a more overtly political discussion of historical topics **Jihadi Terrorism and the Radicalisation Challenge** Prof Dr Rik Coolsaet,2013-04-28 Osama bin Laden s demise in May 2011 marked only the symbolic end of an era By the time of his killing he no longer represented the Robin Hood icon that once stirred global fascination Ten years after the 11 September 2001 attacks jihadi terrorism has largely lost

its juggernaut luster It now mostly resembles a patchwork of self radicalising local groups with international contacts but without any central organisational design akin to the radical left terrorism of the 1970s and the anarchist fin de siècle terrorism This volume addresses two issues that remain largely unexplored in contemporary terrorism studies It rehabilitates the historical and comparative analysis as a way to grasp the essence of terrorism including its jihadi strand Crucial similarities with earlier forms of radicalisation and terrorism abound and differences appear generally not fundamental Likewise the very concept of radicalisation is seldom questioned anymore Nevertheless it often lacks conceptual clarity and empirical validation Once considered a quintessential European phenomenon the United States too experiences how some of its own citizens radicalise into terrorist violence This collective work compares radicalisation in both continents and the strategies aimed at de radicalisation But it also assesses if the concept merits its reputation as the holy grail of terrorism studies The volume is aimed at an audience of decision makers law enforcement officials academia and think tanks by its combination of novel thinking practical experience and a theoretical approach

Radical Right Populism in Germany

Ralf Havertz, 2021-03-31 This book provides a comprehensive analysis of radical right populism in Germany It gives an overview of historical developments of the phenomenon and its current appearance It examines three of the main far right organizations in Germany the radical right populist party AfD Alternative for Germany Pegida Patriotic Europeans against the Islamification of the Occident and the Identitarian Movement The book investigates the positions of these groups as expressed in programmes publications and statements of party leaders and movement activists It explores their history ideologies strategies and their main activists and representatives as well as the overlap between the groups The ideological positions examined include populism nativism authoritarianism volkish nationalism ethnopluralism xenophobia Islamophobia antisemitism antifeminism and Euroscepticism The analysis shows that these ideological features are sometimes strategically interlinked for effect and used to justify specific political demands such as the stronger regulation of immigration and the exclusion of Muslims This much needed volume will be of particular interest to students and researchers of German politics populism social movements party politics and right wing extremism

Problems of Communism, 1989

The Radical

Army Pasquale De Marco, 2025-07-23 Delve into the complex world of radicalism in this in depth examination of its history ideologies and impact on society From the French Revolution to modern day terrorist organizations The Radical Army explores the diverse forms and motivations behind radical movements Drawing from multiple disciplines this book analyzes the historical roots ideological foundations and societal consequences of radicalism It examines the role of charismatic leaders the use of violence and propaganda and the strategies employed by governments to suppress or co opt radical groups Through case studies and historical analysis the book sheds light on the complex relationship between radicalism and social change It explores how radical ideas and movements have challenged the status quo influenced political systems and shaped cultural norms This comprehensive study provides a deeper understanding of the nature causes and consequences of

radicalism By examining its diverse manifestations and impact on various aspects of society The Radical Army offers valuable insights into this ever evolving phenomenon For anyone interested in politics history sociology or current events The Radical Army is an essential read It provides a nuanced and thought provoking analysis of radicalism offering a deeper

understanding of its complexities and challenges If you like this book write a review **Religion in Radical Transition**

Jeffrey K. Hadden,1973-01-01 The Extinction Curve John van der Velden,Rob White,2021-01-22 Attempts to create a greener capitalism have failed and the world stands on the edge of a climate and ecological catastrophe This book maps out a fresh direction based on a democratic social economic and sustainable ecological transformation in the interests of the global majority and demonstrates precisely how this can be achieved *The Palgrave Handbook of Radical Theology* Christopher D. Rodkey,Jordan E. Miller,2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions

Radicalism And Its Demise Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **Radicalism And Its Demise**, a literary masterpiece that delves deep to the significance of words and their affect our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall impact on readers.

Radicalism And Its Demise Introduction

In the digital age, access to information has become easier than ever before. The ability to download Radicalism And Its Demise has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Radicalism And Its Demise has opened up a world of possibilities. Downloading Radicalism And Its Demise provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Radicalism And Its Demise has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Radicalism And Its Demise. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Radicalism And Its Demise. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Radicalism And Its Demise, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Radicalism And Its Demise has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Radicalism And Its Demise Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Radicalism And Its Demise is one of the best book in our library for free trial. We provide copy of Radicalism And Its Demise in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Radicalism And Its Demise. Where to download Radicalism And Its Demise online for free? Are you looking for Radicalism And Its Demise PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online.
