Reinehr,Jon D. Swartz,2007-11-12 The term Old

Time Radio refers to the relatively brief period from 1926 when the National Broadcasting Company first began network broadcasting until approximately 1960 when television became the dominant communication medium in the United States During this time radio was as popular and ubiquitous as television is today It was amazingly varied in the types of programming it offered many characters and programs were so popular that virtually everyone was familiar with them Even today recorded versions of these programs are still extremely popular and widely available both from commercial outlets and from hobbyists Behind the production of these programs was a complex technological and financial infrastructure that had to be developed virtually from scratch in a world unaccustomed to the rapid communication and technological marvels that we take for granted today The Historical Dictionary of Old Time Radio provides essential facts and information on the Golden Age of Radio This is accomplished through the use of a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on the radio networks programs directors producers writers actors radio series and radio stations Entries on your favorite shows The Lone Ranger The Shadow Dragnet and Suspense and actors Bob Hope George Burns Gracie Allen and Edgar Bergen will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures from the Golden Age of Radio *The A to Z of Old Time Radio* Robert C. Reinehr,Jon D.

Swartz,2010 The A to Z of Old Time Radio provides essential facts and information on the golden age of radio through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on the radio networks programs directors producers writers actors radio series and radio stations Entries on popular shows The Lone Ranger The Shadow Dragnet and Suspense and actors Bob Hope George Burns Gracie Allen and Edgar Bergen will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures *Radio in the Movies* Laurence Etling, Frank Barnas, Marie Barnas,2023-10-27 This richly detailed examination of two forms of American entertainment

focuses on the various ways that radio stations and air personalities have been depicted in motion pictures from 1926's *The Radio Detective* to more recent films like 2022's *Halloween Ends*. Newly updated and revised chapters cover the cinematic portrayals of various aspects of radio including disc jockeys, sports broadcasts, religious programs, and abnormal personalities on the air. Such films as *The Big Broadcast* 1932, *Reveille with Beverly* 1943, *Mister Rock and Roll* 1957, *WUSA* 1970, *Radio Days* 1987, *Private Parts* 1997, *We Are Marshall* 2006, and *Straight Outta Compton* 2015 provide fascinating insights into not only their own times but also the historical eras that some of these films have attempted to recreate.

Off the Main Sequence Tom Easton, 2006-10-01 Tom Easton has served as the monthly book review columnist for *Analog Science Fiction* for almost three decades, having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer. His reviews have been celebrated for their wit, humor, readability, knowledge, and incisiveness. His love of literature, particularly fantastic literature, is everywhere evident in his essays. Easton has ever been willing to cover small presses, obscure authors, and unusual publications, being the only major critic in the field to do so on a regular basis. He seems to delight in finding the rare gem among the backwaters of the publishing field. A reviewer's job, he says, is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it. And this he does admirably, whether he's discussing the works of the great writers in the field or touching upon the least amongst them. This companion volume to *Periodic Stars*, *Borgo Wildside*, collects another 250 of Easton's best reviews from the last fifteen years of *The Reference Library*. No one does it better, and no other guide provides such lengthy or discerning commentary on the best SF works of recent times. Complete with Introduction and detailed Index.

From Radio to Television Vincent Terrace, 2022-10-20 The early years of television relied in part on successful narratives of another medium as studios adapted radio programs like *Boston Blackie* and *Defense Attorney* to the small screen. Many shows were adapted more than once, like the radio program *Blondie*, which inspired six television adaptations and 28 theatrical films. These are but a few of the 1,164 programs covered in this volume. Each program entry contains a detailed story line, years of broadcast, performer, and character casts, and principal production credits, where possible. Two appendices, *Almost a Transition* and *Television to Radio*, and a performer's index conclude the book. This first of its kind encyclopedia covers many little-known programs that have rarely been discussed in print, e.g., *Real George* based on *Me and Janie*, *Volume One* based on *Quiet Please*, and *Galaxy* based on *X Minus One*. Covered programs include *The Great Gildersleeve*, *Howdy Doody*, *My Friend Irma*, *My Little Margie*, *Space Patrol*, and *Vic and Sade*.

The Biographical Encyclopedia of American Radio Christopher H. Sterling, Cary O'Dell, 2013-05-13 The *Biographical Encyclopedia of American Radio* presents the very best biographies of the internationally acclaimed three-volume *Encyclopedia of Radio* in a single volume. It includes more than 200 biographical entries on the most important and influential American radio personalities: writers, producers, directors, newscasters, and network executives. With 23 new biographies and updated entries

throughout this volume covers key figures from radio's past and present including Glenn Beck, Jessie Blayton, Fred Friendly, Arthur Godfrey, Bob Hope, Don Imus, Rush Limbaugh, Ryan Seacrest, Laura Schlesinger, Red Skelton, Nina Totenberg, Walter Winchell, and many more. Scholarly but accessible, this encyclopedia provides an unrivaled guide to the voices behind radio for students and general readers alike.

From Radio to the Big Screen Hal Erickson, 2014-06-11 There was a time when American popular entertainment referred only to radio and motion pictures. With the coming of talking pictures, Hollywood cashed in on the success of big time network radio by bringing several of the public's favorite broadcast personalities and programs to the screen. The results, though occasionally successful, often proved conclusively that some things are better heard than seen. Concentrating primarily on radio's Golden Age, 1926-1962, this lively history discusses the cinematic efforts of airwave stars Rudy Vallee, Amos 'n' Andy, Fred Allen, Joe Penner, Fibber McGee & Molly, Edgar Bergen, Lum Abner, and many more. Also analyzed are the movie versions of such radio series as *The Shadow*, *Dr. Christian*, and *The Life of Riley*. In addition, two recent films starring contemporary radio headliners Howard Stern and Garrison Keillor are given their due.

Radio and TV Premiums Jim Harmon, 1997 An unforgettable novel about finding a lost piece of yourself in someone else. Khaled Hosseini, the #1 New York Times bestselling author of *The Kite Runner* and *A Thousand Splendid Suns*, has written a new novel about how we love, how we take care of one another, and how the choices we make resonate through generations. In this tale revolving around not just parents and children but brothers and sisters, cousins, and caretakers, Hosseini explores the many ways in which families nurture, wound, betray, honor, and sacrifice for one another, and how often we are surprised by the actions of those closest to us at the times that matter most. Following its characters and the ramifications of their lives and choices and loves around the globe, from Kabul to Paris to San Francisco to the Greek island of Tinos, the story expands gradually outward, becoming more emotionally complex and powerful with each turning page.

The Very Best of Fantasy & Science Fiction, Volume 2 Stephen King, Charles De Lint, Jane Yolen, Paolo Bacigalupi, 2014-06-23 A mutant baby goes on a rampage through Central Park. An immigrant reveals secrets in the folds of a perfect gift. Lucky Cats extend their virtual paws to salute a generous revolution. The Internet invades a third world village. Shatterday Harlan Ellison, 2014-04-01 One of the great American short story writers exposes the darkness of the human heart in these speculative tales of terror and tragedy. George R. R.
